March 16, 2020

Dear Parents/Guardians:

The Pleasant Valley School District will begin offering grab-and-go meal service beginning Tuesday, March 17, 2020, between the hours of 9 AM and Noon at the Pleasant Valley High School for district students in need during the school emergency closure now in place.

Free meal service will consist of a drive-up, grab-and-go type service. Families are asked to follow the direction of police officers and security personnel to drive up to the high school cafeteria (rear of building) area where meals will be brought out to their vehicle. One bagged lunch and one breakfast item will be provided for each child each day for as long as supplies last. Access to schools will not be permitted.

Meals will be provided for all district children. Parents picking up meals will need to provide the school-issued, student ID numbers for their children or a driver's license to pick up meals. Having student ID numbers will speed the process.

We ask that parents be patient as there may be lines of cars waiting for meal service.

Additionally, we have posted to our website a list of other agencies where meals may be obtained and the hours in which families may do so. Please go to [www.pvbears.org](http://www.pvbears.org) to find the list.

Again, thank you for your patience as we work through this critical and extraordinary time.

Sincerely,

A handwritten signature in blue ink that reads 'Charlene M. Brennan'.

Charlene M. Brennan, D.Ed.  
Acting Superintendent
