

**Pleasant Valley School District
Weekly COVID Update for April 29, 2021**

Over the past week, we have received confirmation that one student at the PVH, two students at PVM, five students at PVI, six students at PVE tested positive for COVID. Contact tracing and monitoring of test results will continue. All known close contacts have been notified.

Contact tracing indicates that the virus is not spreading in our buildings and students and staff are social distancing and wearing masks. Our custodial staff continues to clean and disinfect all buildings on a regular basis.
