Dear Parent/Guardians, Staff, and Students:

We know this is an uncertain time for all of us and anxiety is running very high regarding school, our instructional year and work for staff. We are continuing to receive new updates from the Pennsylvania Department of Education regarding what school districts will be required to do in further response to our current school closure and a potential extension of it.

Please know we are working hard behind the scenes to make plans for alternative education options for students, if necessary, in response to a lengthier shut-down. Current days per the Department of Education are non-instructional, and we are handling our current closure as most other school districts are. We will be finalizing our plans shortly for any extended closure and will be communicating with everyone early next week. In addition, we want to be extremely careful to ensure that, when we do communicate with you, all of the information is as accurate as we know it at the time.

We ask for your patience during this complicated, ever evolving, and difficult time.

Sincerely,

Charlene M. Brennan, D.Ed.
Acting Superintendent
