LEE J. LESISKO
Superintendent of Schools

December 3, 2020

Dear Parents and Guardians,

With students attending school as part of the in-person Hybrid model and remote learning, the issue of school day delays, early dismissals, snow closure days and what happens on those days may seem a bit confusing due to the pandemic.

School delays and snow closure announcements will be made following the same process we normally use. Announcements will be posted to the Pleasant Valley School District website, www.pvbears.org. We also post the notice to local television channels and radio stations to broadcast during their announcements. MCTI students should have already been notified. Early dismissals will be announced to parents through our Connect Ed telephone system and posted on our website, as well as local television and radio media.

For snow closure days, we have some flexibility this year due to COVID-19. The day will be designated as an instructional day, students would receive remote learning just as we do now. So unless otherwise stated, all snow days will be classified as remote learning days for our students.

I hope this clarifies what parents and students can expect if we have to delay the start of a school day, dismiss students early from school or cancel a school day this winter. Please stay safe, stay healthy, and be well.

Sincerely,

Dr. Lee J. Lesisko
Superintendent of Schools
