

## **Donations for Paul's House 2018-19**

Over the course of the last year, the PVI Library was able to collect over 300 food items from students, parents, and staff members. Some of these items went to fill **over 85 holiday baskets for veteran families** at both Thanksgiving and Christmas. Paul's House, located in Jonas at the site of the old Jonas Hotel, is a temporary sanctuary for homeless veterans operated by the Valor Clinic Foundation.

If you wish to donate, you may **drop items off to the library** at any time. While **pop-top cans of beef stew** and other meals are the most in need, here are some other items in low supply at Paul's House: **tuna pouches, individual juice cans, and peanut butter**.

The Valor Clinic Foundation will be making holiday baskets again for veteran families. Fourth grade may donate canned corn, fifth grade may donate canned green beans, and sixth grade may donate canned cranberry sauce. If you would like to donate, please drop off items to the library by November 16th. Thank you for supporting our veterans in need.

Both **Paul's House** and **Valor Clinic** can be found on Facebook for further information. Their website can be found at [www.valorclinic.org](http://www.valorclinic.org).

Thank you all for your generosity! **ALL** donations are very much appreciated!
