Acting Superintendent

Subject: PA Department of Health Universal Mask Order for K-12 schools

Date: September 2, 2021

The Pennsylvania Department of Health has issued an Order that requires “each teacher, child/student, staff, or visitor working, attending, or visiting a School Entity” to “wear a face covering indoors, regardless of vaccination status” effective Tuesday, September 7, 2021. Pleasant Valley School District will comply with the PA Department of Health’s (DOH) universal mask order for schools.

Therefore, beginning on Tuesday, September 7, all staff, students, and visitors in our Pleasant Valley schools and other buildings will be required to wear an appropriate, well fitted, and properly worn face mask when inside our school buildings. This includes before school and/or evening events, such as school board meetings, parent open house, etc. The requirement for masks on buses per federal order will continue as well.

I want to thank our community ahead of time for cooperating with us in meeting our obligations under this new order and as we work hard to ensure safe 5 days per week in-person instruction for all students.

For more information regarding Pleasant Valley’s compliance with the DOH order, please go to the COVID 19 tab on the district website at www.pvbears.org
