151	We didn't think google classroom was a good platform, switch to something better. My son required me to help him 1:1 throughout most of the day due to lacking direct support services- he needs a teacher to help him 1:1 more often. Work load was excessive at times.	7/6/2020 11:17 PM
152	We didn't feel google classroom was a good platform. Something actually set up for cyber school would be better. Work load needs to be reduced. My child is a straight A student and it often took her 8 hours to get through all the assignments.	7/6/2020 11:01 PM
153	Actual learning of material, not just having them figure it out on their own	7/6/2020 10:25 PM

209	I think having more teacher student time would help greatly. I loved that they were able to remain with their teachers during online learning but I felt I needed to teach myself the material as well and how the teacher/school is teaching it. I feel that the split school and online learning would be beneficial. This way the teachers are able to teach the material to their students and have some one on one time with them at school and then assignments can be completely at home via seesaw. I feel like it was hard for the teachers to truly assess if a child was struggling with understanding a topic online. I honestly do not feel like full day or regular school would be the right way to move forward at this point. Having to wear a mask for a full day and not being able to leave the class for any additional activities or specials will be very hard for elementary students. If this is the way the school feels would work best then I think the school days should be shorter. I am not a teacher myself but I can see in the way schools are structured and just how my children's attentions spans are that being in the same room all day without recess, lunch, gym or specials will severely affect their learning abilities. Their days are so broken up and environments and teachers are changed from elementary age kids all the way to high school. I think this is done for good reason and taking that away will make teaching and learning much harder.	7/6/2020 12:42 PM

256	I had no issues but if I had to choose, I guess it would be more communication from the teachers. My child was a junior so I wasn't aware of assignments or when they were due unless I asked him. However, this may be considered a positive because it teaches independence and responsibility.	7/5/2020 8:37 PM

270	Communication between teacher and student. Consistency in where assignments are posted. Some teachers posted assignments in one spot where as some others posted it another place and some assignments were hidden altogether. Teachers were only available while we were working. There was no help to the parents to learn how to teach the students how to do the assignments.	7/5/2020 6:49 PM
271	Better communication with the teachers. Not scheduling everything during the hours that parents work during the day. Consistency among the teachers. 352	more direct communication with the teacher about my child's progress	7/3/2020 12:52 AM
353	Having a way to know if she did all her assignments for that day or not...with so many classrooms and assignments that carry over days at times, it's a bit confusing.	7/3/2020 12:33 AM
354	Access to more reading apps that had my daughter's reading level (Q) in the area of fiction	7/3/2020 12:05 AM
355	The fact that she has a teacher face to face to ask if she is doing things correctly. It is easier to communicate and give her confidence when she asks her question and other kids also don't understand.	7/2/2020 11:47 PM
356	Nothing. My child needs to be in school learning and socializing.	7/2/2020 10:20 PM
357	Send all info thru emails.	7/2/2020 10:18 PM
358	Live interaction with teacher.	7/2/2020 10:16 PM
359	I am a parent of twins. Their workload was not consistent in the amount each day this past spring. More consistency there would be appreciated.	7/2/2020 10:01 PM
360	Seesaw is great for the elementary students. Work uploaded earlier than 10:00 am daily.	7/2/2020 9:53 PM
361	Having a more integrated digital experience would be helpful. The links didn't always work correctly the first time, and having everything in one interface would be helpful.	7/2/2020 9:50 PM
362	I was not impressed with SeeSaw at all. My other kids who are in middle school and highschool did Google classroom we did not have anywhere near the problems we had with SeeSaw. I have experience with computers and found it to be very frustrating. I was also annoyed that my child's report card said he did limited learning when he completed everything that was asked. Huge lack of communication if the teacher wanted more why was it not assigned???	7/2/2020 9:34 PM
363	More teachers making recorded videos of their day's lesson was so much better than just posting an assignment.	7/2/2020 9:14 PM

369	Not hours worth of work, because my daughter will only be in kindergarten and won't sit for that long. Instructions on her to work the online site. More time to complete work assignments, just because us parent's will have work as well to complete.	7/2/2020 8:47 PM
370	my child is self motivated and wants to do well in school so she has no issues with the distance learning.	7/2/2020 8:47 PM
371	Having a break sometimes	7/2/2020 8:22 PM
372	Better internet provider. Most of our issues with online learning were because of slow internet.	7/2/2020 8:21 PM
373	My child having Face to face time with his teacher and peers via an online classroom. Where assignments are discussed. And paraprofessional support is provided as needed on assignments that he needs to do independently. We also need a designated laptop for his schoolwork. His brother was in rolled in cyber academy and we were not able to obtain another laptop via PVSD.	7/2/2020 7:45 PM
374	A teacher teaching the class. My child really needs a school environment and structure.	7/2/2020 7:37 PM
375	Our son will be starting kindergarten in the fall and we have not had any experiences with distance learning to date.	7/2/2020 7:30 PM
376	Having live classes at scheduled times to provide meaningful instruction at a regular pacing. I wasn't sure how to answer question 7. My child completed 100% of the work daily, but the amount of work was minimal with little learning taking place. The only plus was that there were no distractions and/or waiting for behavioral issues to be dealt with or for the teacher to reteach or take the time to call ch everyone up to where they should be before continuing on.	7/2/2020 7:28 PM
377	Optional live video lessons for each class so I'm not trying to figure it out to explain.	7/2/2020 7:18 PM

386	Knowing the material and how to teach it, or support the teaching materials. Less "busy" work, accurate Google Classroom updates, teacher responsiveness, syllabi, and rubrics.	7/2/2020 6:24 PM
387	Have devices that are compatible with the work given.	7/2/2020 5:27 PM
388	Having updated devices that allows all videos to be compatible.	7/2/2020 5:19 PM
389	If we didn't do it at all.	7/2/2020 5:09 PM
390	The teacher actively teaching class perhaps via Zoom.	7/2/2020 3:59 PM
391	There should be a meeting on how to access these programs like google classroom, zoom, see saw and any other online tools that are being used. They aren't all user friendlier or safe.	7/2/2020 3:57 PM
392	Improved email system	7/2/2020 3:49 PM
393	If the teachers put more effort into maintaining as much of a normal environment as possible. Many of them assigned busy work or put minimal effort into assignments.	7/2/2020 3:45 PM

417	Daily Regular Live video education with teacher and greater special needs support	7/2/2020 10:57 AM
418	Better communications with school and teachers to keep parent abreast. Still have not heard from a teacher in regards to childs courses for this upcoming year from last year. My child never finished his selections for upcoming year and inquiry with counselors office as well as teacher have been unsuccessful at this time. How will electives such as band be completed. How will a routine schedule be handled.	7/2/2020 10:46 AM

441	Assigning the workload for the week instead of posting everyday. Sometimes teachers would post multiple assignments in one day others wouldn't post any... I was always worried my son wasn't finding all his assignments, turning them in or posting them on time? There were a lot of classrooms he had to find work in everyday and all teachers assigned different technology platforms. His science teacher was assigning work meant more for high school students. It would take us 2hours to complete his 3-4 page fill ins- with 40-50 blanks and pages of notes.	7/2/2020 8:43 AM

536	As a working parent more access to know when my child is falling behind or not completing work assignments.	7/1/2020 12:56 PM
537	Work with my schedule. I work all day and do not have the time to be teacher to 3 small kids at night.	7/1/2020 12:46 PM
538	More face to face interactions with teachers and students	7/1/2020 12:45 PM
539	More face to face interactions with teachers and students	7/1/2020 12:42 PM
540	Work with my schedule, understand that we're at work all day and don't have 6+ hours to be a teacher at night	7/1/2020 12:41 PM
541	more guidance/teaching from teachers	7/1/2020 12:33 PM
542	If we continue distance learning, I will need to resign from my present teaching position. My children are my first priority, and I cannot teach a kindergartener with an IEP, a first-grader scoring in the 96th percentile for reading, and the 100 students I am responsible for effectively and at the same time. I fear for the safety of young children receiving minimal supervision as parents are struggling to balance such.	7/1/2020 12:32 PM
543	more guidance/teaching from teachers	7/1/2020 12:29 PM
544	More specific expectations working towards some form of a goal set up so that student can work more independently - repetition	7/1/2020 12:27 PM
545	Tax Break	7/1/2020 12:23 PM
546	Im not sure its just difficult having an iep and not having them there	7/1/2020 12:22 PM
547	Textbooks to read at home	7/1/2020 12:22 PM
548	In person classroom experiences where the teacher is present to teach the material and interact with the students. My child is learning nothing by watching cartoons/videos and not being able to interact.	7/1/2020 12:21 PM
549	Better communication with staff in order for my son to complete his assignments in a timely fashion	7/1/2020 12:19 PM
550	Nothing	7/1/2020 12:13 PM
551	It allows my child to be able to get done with all of his needs and it's more helpful because students who need help can still seek it for all learning types and this is beneficial to me because it gives him independence	7/1/2020 12:06 PM
552	Guideline for parents	7/1/2020 12:05 PM
553	An overview of the lesson plans and recommendations on how to support the teaching of the subject material.	7/1/2020 12:02 PM
554	Effective communication from teachers, meaningful assignments (not busy work).	7/1/2020 12:00 PM
555	To not have it and allow children to return to school.	7/1/2020 11:58 AM
556	Not doing distance learning	7/1/2020 11:58 AM
557	Fair work (having two kids shows me a great difference in what was assigned); appropriate communication from teachers.	7/1/2020 11:57 AM
558	Have teachers send parents a detailed description of work.	7/1/2020 11:55 AM
559	I would love to have access to workbooks and teacher content so that I feel equipped to teach the content and answer questions. I would love a list activities/games to do as well to enrich the learning.	7/1/2020 11:49 AM
560	Clearer expectations and grading systems, parent zoom sessions with the teacher	7/1/2020 11:49 AM
561	Not sure	7/1/2020 11:45 AM
562	Better face to face communication with my child and her teachers.	7/1/2020 11:44 AM
563	More parent teacher communication	7/1/2020 11:42 AM

574	Sending my daughter to school.	7/1/2020 11:01 AM
575	If he could see classmates and teachers on video.	7/1/2020 10:59 AM
576	If my child wanted to do it.	7/1/2020 10:56 AM
577	There is nothing you can do. It is a cop out for the school and the teachers.	7/1/2020 10:50 AM
578	I'd feel better knowing my child is safe at home.	7/1/2020 10:48 AM
579	Accurate communication from all teachers about completed and/or open assignments specific to my child	7/1/2020 10:48 AM
580	Open the school back up	7/1/2020 10:46 AM
581	Knowing that my child will be able to complete the work and classes assigned at a time that is convenient for our family. My husband and I both work day shift, and are afraid to put the burden of computer access on our parents.	7/1/2020 10:45 AM
582	At our home we do not have the ability for wifi or internet connection at all.	7/1/2020 10:44 AM
583	Better / regular communication with Teacher. More long term (a few days to week) 'project' work, less daily worksheets.	7/1/2020 10:43 AM
584	Teachers could record a lecture for the students to watch, have a "meeting" to discuss issues or questions within a reasonable time of viewing the material.	7/1/2020 10:37 AM
585	Not do it at all and bring the kids back to school.	7/1/2020 10:31 AM
586	Less work load and having the teacher teach them	7/1/2020 10:27 AM
587	If they could teach him online instead of just giving him work to complete	7/1/2020 10:25 AM
588	If it was like a zoom meaning like they did for speech	7/1/2020 10:22 AM
589	More, a lot more, learning new material!	7/1/2020 10:10 AM
590	For me as the mom I like to keep my kid to be safe and healthy.	7/1/2020 10:05 AM
591	Provide transportation to and from school. I have no means of transportation.	7/1/2020 10:01 AM
592	Sending kids back to the building	7/1/2020 9:55 AM
593	The student should be in the classroom, I do not agree with distant learning, if PV decides that is what is going to be done I will pull her from the district. PV is capable of opening the schools.	7/1/2020 9:50 AM

597	Weekly assignments and weekly grade updates	7/1/2020 9:45 AM
598	Face-to-face instruction, mandatory zoom sessions	7/1/2020 9:45 AM
599	I don't feel the material assigned was as challenging as in person learning. I don't believe my son advanced his education during the spring even though he completed all assignments and testing.	7/1/2020 9:44 AM
600	Weekly assignments email and grade updated weekly	7/1/2020 9:43 AM
601	More direct instruction and face to face time with students by the teachers	7/1/2020 9:40 AM
602	Weekly email that all work was completed.	7/1/2020 9:40 AM
603	Email sent with work due dor the week so we can keep up with it and updated grades daily or weekly so we can watch progress	7/1/2020 9:39 AM
604	More direct instruction and contact with students from teachers rather than just work sent out	7/1/2020 9:37 AM
605	Real classes. If teachers are not teaching their own lessons I will pull my daughter and enroll her in cyber school.	7/1/2020 9:36 AM
606	Answers to science and math especially- I don't remember this stuff and don't have time to sit through an entire lesson to help with school work/home work	7/1/2020 9:29 AM
607	Two computers so both my kids can do their work together.	7/1/2020 9:24 AM
608	More structured syllabus	7/1/2020 9:24 AM
609	Extended due date	7/1/2020 9:22 AM
610	Two computers so both my kids can do their work together.	7/1/2020 9:22 AM
611	Distant learning should not be an option, they need to be in a classroom setting in the school. If PV goes to distant learning I will probably pull the child from the district.	7/1/2020 9:20 AM
612	Email access to all teachers	7/1/2020 9:20 AM
613	Manageable work load - extended due date	7/1/2020 9:18 AM
614	More learning aids...textbooks or more information	7/1/2020 9:18 AM
615	Not interested in distance learning hopefully it won't come to that.	7/1/2020 9:15 AM
616	Just having more free time to better assist them.	7/1/2020 9:15 AM
617	NOTHING, MY CHILD CAN NOT LEARN DISTANTLY. HE HAS ADHD AND NEEDS FACE TO FACE LEARNING	7/1/2020 9:13 AM
618	We are not able to work with distance learning as we the parents work 9-12 hours a day outside the home.	7/1/2020 9:04 AM
619	I'm not sure.	7/1/2020 9:02 AM
620	More content. My child was done quickly. He learns much better in school	7/1/2020 9:02 AM
621	Someone come in to teach him.	7/1/2020 8:56 AM
622	A more organized and consistent presentation of instruction and assessment is needed. A single dashboard that presents the day's requirements would take the guesswork out of discerning what it is a student must accomplish for the day.	7/1/2020 8:55 AM
623	Use an organized LMS like Blackboard or Moodle that has all tools, including communication and interaction, within one system. Lessons desperately need to be better organized so that the day's instruction and assignment appear at the top of the page and are managable through an embedded calendar. It is more effective to have a dashboard of all classes and work visible in one space.	7/1/2020 8:44 AM
624	Its not about what makes it easier. If both me and their father are at work we are not able to teach them remotely at home	7/1/2020 8:36 AM
625	not requiring specific times to log in to view live lessons. pre recorded lessons are helpful so children who share technology can still work at the time that works with the family.	7/1/2020 8:27 AM

Pleasant Valley School District 2020-2021 School Year Planning Survey

626	Scheduled class times with mandatory attendance just as if they attended school. Ridiculous that they go one for an hour or two a day and somehow 'pass' the class/grade. Also ridiculous that they can complete "0" work but get credit for '64%' completion. Zero = Zero in my world, but then again I wasn't raised using common core math.	7/1/2020 8:27 AM
627	not requiring specific times to log in to view live lessons. pre recorded lessons are helpful so children who share technology can still work at the time that works with the family.	7/1/2020 8:25 AM
628	I would like more information on my child's assignments and if they are needing more help.	7/1/2020 8:25 AM
629	The workload to be reasonable	7/1/2020 8:23 AM
630	not requiring specific times to log in to view live lessons. pre recorded lessons are helpful so children who share technology can still work at the time that works with the family.	7/1/2020 8:21 AM
631	Teachers were great my girls had no issues..	7/1/2020 8:16 AM
632	By daughter actually attempting and completing it	7/1/2020 8:15 AM
633	Explain that your partner is an arm length apart	7/1/2020 8:14 AM
634	More personal teaching. My child would like to interact with his teacher more. Zoom might have helped so he could see his class and teacher. He didn't like just going to random sites with boring videos. Or he was asked to watch videos with random teachers on the internet. There was no classroom interaction. The only teacher that posted her own assignments was his reading teacher Mrs. Smith. She did a great job and he was happy to have that interaction. She worked hard on that and it gave the lesson meaning to him.	7/1/2020 8:12 AM
635	More time talking to the teacher but at a time it works for working parents	7/1/2020 7:53 AM
636	More times from the teachers explanation of the topic to be learnt for the child !!	7/1/2020 7:53 AM
637	We had no issues teachers where in constant contact,if my girls had a question they were always there..	7/1/2020 7:49 AM
638	They went to school or teachers worked more than 2 hours a day. Lowering property taxes.	7/1/2020 7:46 AM
639	One way to find classes, not several different platforms with different teachers.	7/1/2020 7:42 AM
640	One way to find classes, not several different platforms with different teachers.	7/1/2020 7:40 AM
641	My child hated it and she will refuse to do the work till she enters that building	7/1/2020 7:40 AM
642	I don't think the kids should have to stay in one room	7/1/2020 7:33 AM
643	Live classes online	7/1/2020 7:32 AM
644	No have it at all. Again, I am an essential working and can't be there to help with the school work. Also all teachers should stick with using 1 software program not multiple.	7/1/2020 7:24 AM
645	More engaging and relevant lessons. Many lessons seemed like busywork.	7/1/2020 7:02 AM
646	It needs to be more organized. I wasn't aware all the classes wouldn't automatically pop up on her google classroom screen. There seemed like a lot of steps to complete each assignment.	7/1/2020 6:56 AM
647	My child is more open	7/1/2020 6:50 AM
648	Getting my children to want to do their work and not lie or fight me on it. I have a soon to be 18 year old that was a straight A student in school. He needs interaction. He refused to do the work lied to me and his teachers and the material comes somewhat easy to him so I don't know why he wouldn't do the work. It's stressing these kids out. I spent majority of my time tryin to get my kids to do their work all day every day which lead me to neglect everything else I had to get done and with a newborn in the fall it's going to make it worse.	7/1/2020 6:48 AM
649	Not applicable at this time. My daughter is doing an exceptional job keeping up with her studies.	7/1/2020 6:48 AM
650	Teachers available through out the day like they are when kids are face to face in the classroom	7/1/2020 6:21 AM
651	I liked that they could do the work when they want.	7/1/2020 6:20 AM
652	more teaching from the teacher and not a quick talk with a go have fun message	7/1/2020 6:11 AM
653	Copy of assignments children need to complete, updated computers, more interaction with	7/1/2020 6:04 AM

654	N/A	7/1/2020 5:48 AM
655	I need someone to help them, there are three of them, one of me and I am an essential worker. I couldn't be home to help them	7/1/2020 5:33 AM
656	To see the teacher teach the lesson or a zoom to teach the lesson	7/1/2020 5:28 AM
657	There needs to be a true online classroom where they interact with a teacher. Office hours don't work, kids don't go.	7/1/2020 5:25 AM
658	Assignments that can be done offline (like a collage of magi one pictures or library research project) and then submitted electronically. Drawing pictures and drawing letterS on the screen was hard for her little fingers to maneuver the laptop controls. Doing it on paper and taking a picture of it worked much better most days.	7/1/2020 5:23 AM
659	An additional device, as we have multiple students and only 1 laptop available to compete schoolwork. A bundle or discount deal with an internet provider so that we can easily and more affordably get a higher internet package. Less videos because they bog down the internet and with me working from home we can't all be loading videos at the same time.	7/1/2020 4:37 AM
660	More instruction on topics or longer "office hours"	7/1/2020 4:18 AM
661	For teachers to realize that their class is not the only class. Assign MUCH less Hw. Have some prerecorded class lectures and or live lessons.	7/1/2020 3:52 AM
662	Structured start and finish times to establish routine	7/1/2020 3:29 AM
663	My daughter has an IEP and her teachers were great and checked in with her daily to make sure she was staying on track could not of asked for a better group of teachers for her.	7/1/2020 3:01 AM
664	More structure / more involvement And guidance from teachers/ administration	7/1/2020 2:56 AM
665	If it has to be done I prefer see saw... a real teacher they answer to and communicate with that they would have had if school was open.	7/1/2020 2:32 AM
666	Help understanding assignments better or answer sheets because the learning system and information changes all the time as well as the way some math problems are being taught. As well as help and consideration to the parents that have younger children and work to accomplish while you are preparing all this work to get done for our children!	7/1/2020 1:31 AM
667	The kids in school and learning it from the teachers	7/1/2020 12:51 AM
668	Training on instruction and technology applications that will be used. Did not like SeeSaw application at all. Online tech support and online chat feature if teacher is not available for basic questions or basic help with something. Later deadline for work to be completed for the day especially for parents who may need to work from home or out of the home and don't get in until later on the evening.	7/1/2020 12:48 AM
669	A weekly syllabus vs a daily one. So if I did have to work one day myself, we could plan accordingly without falling a day behind	7/1/2020 12:38 AM
670	Student will be entering kindergarten we have no experience with distance learning	7/1/2020 12:38 AM

672	Face to face Set time	7/1/2020 12:26 AM
673	Face to face with teacher Visual learning. Set time	7/1/2020 12:24 AM
674	Going back	7/1/2020 12:12 AM
675	Better communication and access to the teachers. Instead of just providing cartoons, an actual lesson with the teacher there answering questions would have been better.	6/30/2020 11:59 PM
676	The lesson plan ahead of time to be able to assist	6/30/2020 11:54 PM
677	Clearer communication regarding assignment expectations (e.g., provide outlines or detailed descriptions)	6/30/2020 11:54 PM

679	Grading work. Pass or fail didn't allow to bring up his grade.	6/30/2020 11:51 PM
680	A computer for every child, going to school at least partially	6/30/2020 11:45 PM
681	Computer for every child, children with IEPs getting the accommodations needed	6/30/2020 11:39 PM
682	Ability to be able to work remotely.	6/30/2020 11:39 PM
683	implementing IEP MORE and lowering the online workloads for kids with learning disabilities! I work a full time job and cannot physically help him!	6/30/2020 11:35 PM
684	My child not receiving 6 assignments daily while I was also trying to work remotely.	6/30/2020 11:34 PM
685	Don't do it! Many children need face to face instruction	6/30/2020 11:33 PM
686	If the students went back to school consistently	6/30/2020 11:31 PM
687	Distance learning does not work for working parents especially those who are essential workers that also work during school hours	6/30/2020 11:29 PM
688	communication to our personal about missing assignments, upcoming test, ect. Not just to the student email.	6/30/2020 11:25 PM
689	More time for them to complete.	6/30/2020 11:23 PM
690	One online tool or app vs multiple ones that weren't needed.	6/30/2020 11:21 PM
691	The children should be each provided with a computer. I family with 3+ children cannot share one computer. The school district needs also needs to accommodate working parents more. Pickups during the school day is very difficult as well as inadequate notification so that maybe parents can accommodate their schedule.	6/30/2020 11:19 PM
692	We as a family actually enjoyed the distance learning because our daughter has a very low immune system and had missed a lot of school. With doing it at home, she stayed healthy and was very motivated to keep working hard.	6/30/2020 11:09 PM
693	My kids would be safe	6/30/2020 11:08 PM
694	At home projects with her, about the activities/subjects they are learning/(a video from a teacher on how to execute an at home experiment)	6/30/2020 11:07 PM
695	More interaction than daily messages from peers and teachers.	6/30/2020 11:06 PM
696	Don't do it! We do not have the resources, materials or time to work to provide for our children and teach all of them individually and meet all their needs especially learning needs. If we don't work the children wouldn't have a roof over their heads, electricity, water, food which some struggle with already- do not expect the school district to take our taxes and then have us teach them with no assistance.	6/30/2020 11:02 PM
697	Consistent zoom classes with teachers, having classes occur at a specific time by following the students schedule	6/30/2020 11:00 PM
698	Keep school closed and do homeschooling	6/30/2020 10:57 PM
699	I work full time from home. My husband is now back to work outside of the home. I also have other children including a 4 year old. I cannot work full time, take care of all of my children and teach them. Additionally need to know how to use the technology that my children are using and I really don't know	6/30/2020 10:57 PM
700	The teacher being face to face	6/30/2020 10:56 PM
701	Easier to check daily assignments and times of virtual classes	6/30/2020 10:55 PM
702	As a teacher myself and still taking classes and my husband working 7 days a week till November and I have a new born 2 months, light load of work- please	6/30/2020 10:53 PM
703	Assignments posted BEFORE 10 AM!	6/30/2020 10:52 PM
704	Don't do it! If My children wanted distance learning we would've signed up for cyber.	6/30/2020 10:51 PM
705	please grade assignments! Without a grade there is not much motivation to do their best	6/30/2020 10:48 PM

transition to full online learning for my children.

707	As a parent I would choose to opt out of distance learning all together. As a working parent it is unfair for my child as well as myself trying to juggle a full time job and teaching the days I have off. These kids will be isolated and loose social interaction skills, a critical piece to mental development.	6/30/2020 10:39 PM
708	Don't have it- my child's IEP was not followed and can not be without in person instruction	6/30/2020 10:38 PM
709	having an email sent separately to us with the assignments laid out and an answer key so we know we are helping them appropriately	6/30/2020 10:36 PM
710	Having the teacher live through a web performance for one on one learning. This stage is so important for them to learn reading a key component on development they need to figure out a better way to teach this.	6/30/2020 10:36 PM
711	having an email sent separately to us with the assignments laid out and an answer key so we know we are helping them appropriately	6/30/2020 10:34 PM
712	If a parent has a child that has focusing issues, if the teachers would be able to help more with applying and getting the child to complete the task.	6/30/2020 10:28 PM
713	In depth explanation of assignments and not such a large work load with short time frames.	6/30/2020 10:26 PM
714	Easier to reach the teachers	6/30/2020 10:25 PM
715	More organized due dates and folders. More user friendly	6/30/2020 10:25 PM
716	Easier to contact teachers.	6/30/2020 10:24 PM
717	Having some in-person instruction during the week would make the experience better. My child really struggled with the all online format, and I struggled to fill the gaps, which I didn't feel well prepared to do, while working from home myself.	6/30/2020 10:23 PM
718	More interaction from teachers	6/30/2020 10:22 PM
719	Mandate an allotted amount of time to spend learning each core subject.	6/30/2020 10:21 PM
720	The ability to actually be home with my child to teach her	6/30/2020 10:20 PM
721	Clear communication.	6/30/2020 10:19 PM
722	Even though the workload for my 9 the grader was a big high in my opinion she knew what to do and how to do it and she got it done. I think it has even great.	6/30/2020 10:18 PM

735	Not having it	6/30/2020 10:02 PM
736	I don't like it I thing there should be back in school with there friends;	6/30/2020 10:01 PM
737	More of the teacher teaching and not solely the child answering questions. I think visually seeing and hearing a teacher is helpful for children with attention faults.	6/30/2020 10:00 PM
738	More communication from the teachers	6/30/2020 9:59 PM
739	More of the teacher teaching and not solely the child answering questions. I think visually seeing and hearing a teacher is helpful for children with attention faults.	6/30/2020 9:59 PM
740	More time to prepare the on line schooling this last time it happened so fast noboby was prepared	6/30/2020 9:58 PM
741	Not sure	6/30/2020 9:57 PM
742	not having to come home from a 10 hour work day to have to spend hours helping your child figure out their schoolwork. The teachers were very unresponsive. They threw curriculum together at the beginning of the week then barely responded the rest of the week.	6/30/2020 9:57 PM
743	I felt comfortable helping my child at home, but toward the end of the school year, motivating her became increasingly difficult.	6/30/2020 9:54 PM
744	Resources to activities on campus like the library, gym, art area and overally experience of school.	6/30/2020 9:54 PM
745	If the students could get enough time to finish assignments. If you have a child who does not focus well and it is hard for the teacher to get the student to focus it is twice as hard for the parent to get the child to focus with distance learning.	6/30/2020 9:52 PM
746	A lesson plan weekly sent to parents to help them stay on top of assignments.	6/30/2020 9:47 PM
747	Some live classes and opportunities to socialize with friends on line. Incorporating a service project for kids--card drive for soldier as an example. Skip Standardized testing again. We need a BOOK and outlines of work provided--not just morning of since some students may need extra time to complete.	6/30/2020 9:46 PM
748	More organization.easier access to assignment more then one device per household	6/30/2020 9:46 PM
749	I'm not sure. It's like I'm in school too	6/30/2020 9:45 PM

753	Being in school full time	6/30/2020 9:40 PM
754	FIRST--Some live classes. SECOND--A book at home -- not just assignments on line. THIRD--an assignment list for the week or month instead of only that morning so students can work on things ahead of time if lengthy. Fourth--A parent meetup group for the class to be able to talk to other parents as well as students about what is happening in class. Fifth--making some sort of service component to the credits to teach the students to give to others while in a crisis--perhaps a card drive for soldiers.	6/30/2020 9:40 PM

758	Lessons. Voice Recordings of teachers giving instructions and feedback.	6/30/2020 9:33 PM
759	I thought the learning experience was good, we had a schedule to get the classes done everyday. What took the longest was all of the typing.	6/30/2020 9:31 PM
760	Have the teacher zoom to the students. Other districts were able to zoom classes to the elementary kids, we did not. I feel my kids fell short with learning due to this matter.	6/30/2020 9:29 PM
761	Not to have distance learning. We pay taxes for kids to be in school. If you dont want schools	6/30/2020 9:28 PM

open shut them down, get rid of taxes and we can homeschool our kids then.

762	The child understanding better what they need to do. Being able to ask questions as they are doing it.	6/30/2020 9:27 PM
763	More communication	6/30/2020 9:23 PM
764	Recorded instruction or directions from the teacher.	6/30/2020 9:21 PM
765	Over view of material learning	6/30/2020 9:21 PM
766	The teachers need to actually teach. They can present lessons on zoom , Microsoft teams, or other platforms. They can't just post assignments and expect the kids to learn.	6/30/2020 9:20 PM
767	I thought it went well this past spring	6/30/2020 9:20 PM
768	MORE CLEAR INSTRUCTION FROM SECONDARY/ELECTIVE TEACHERS. MY SON HAD ISSUES WITH HIS GRAPHIC DESIGN TEACHER NOT POSTING ASSIGNMENTS AND THEREFORE NO WAY TO DISPUTE GRADES OR FAILURES ON BEHALF OF THE TEACHERS OR TECHNOLOGY IF THEY SHOULD ARISE	6/30/2020 9:15 PM
769	Small social groups. Maybe study groups or project groups outside of the home. But we DO want to learn through cyber Due to child with health issues	6/30/2020 9:14 PM
770	AT HOME ADULT HELP FOR MY CHILD AS WE ARE A WORKING HOUSEHOLD	6/30/2020 9:12 PM
771	More interactive work for example our teacher did a scavenger hunt around the house for geometric shapes	6/30/2020 9:08 PM
772	Making sure you use instructional software that is differentiated and geared to my child's IEP	6/30/2020 9:08 PM
773	Putting buildings outside	6/30/2020 9:08 PM
774	More communication between teachers and parents.	6/30/2020 9:05 PM
775	Allowing students back to school	6/30/2020 9:00 PM
776	N/A	6/30/2020 8:59 PM
777	More explanation on assignment for my child to understand better.	6/30/2020 8:59 PM
778	Nothing unfortunately, the only thing that would make it better for me would be me not working so I could be home with my son to help him use the computer, where my elderly grandparents whom he is with during the day do not know how to use a computer.	6/30/2020 8:59 PM
779	Physical resources such as textbooks or workbooks to accompany lessons or add to learning	6/30/2020 8:58 PM
780	If it can be instructional learning.	6/30/2020 8:56 PM
781	Understanding where they were (academically) when this began, understanding what things mean (we had a screaming match over what rainbow writing was, turned out my kid was right), but as a parent how am I supposed to know what some of this stuff means!? Knowing what and how much we should expect from our child.	6/30/2020 8:54 PM
782	More actual education. The distance learning felt very much like teachers were simply pulling articles and youtube videos from the internet and passing them off to the students. A recorded teaching session, put into terms and verbiage that are at a level that is age appropriate, and correlates with the curriculum that PV follows.	6/30/2020 8:52 PM
783	Nothing could make it better, my children are with my grandparents that do not know how to use a computer while I'm working. With my work schedule the distance learning is nearly impossible which is why I would never enroll my child in cyber school of any kind. I cannot physically get the school work done after my full time job. Next year I will have a Kindergartner and a 1st grader, both which would be unable to use a computer to get their school work done on their own without assistance.	6/30/2020 8:51 PM
784	Maybe live daily classrooms, online tutors would be nice aswell	6/30/2020 8:50 PM
785	More instructions from the teachers.	6/30/2020 8:50 PM
786	If they had a schedule for use to follow like school. If they told us how much time they should spend on each subject so they don't rush through it. And if they finish fast, maybe give them	6/30/2020 8:43 PM

some extra work to work on for that subject like they would do in school.

787	Have more teacher lead interactive activities. Have interactions with all of the kids.	6/30/2020 8:40 PM
788	Distance learning in the spring worked because one parent was able to be home to assist in school work, but normally we both work full-time jobs during the day. Distance learning in the fall would not be feasible for our family as both parents are back to work, and we would not have child care and a means of transporting our children to and from school.	6/30/2020 8:36 PM

Distance learning in the fall would not be feasible for our family as both parents are back to work, and we would not have child care and a means of transporting our children to and from school.	6/30/2020 8:36 PM
790	Less videos to load. It bogged down the internet and slowed the learning process as well as me getting my work done. Also, we have two kids in school and only one home laptop. Access to an additional tablet or laptop would be helpful. Some kind of help or group discount on higher internet speeds so that families with multiple kids and parents working from home can all be on at the same time and get stuff done.	6/30/2020 8:32 PM
791	Flexible due date for assignments to ease stress of working parents.	6/30/2020 8:31 PM
792	That someone actually gets back to me when my child doesn't understand something	6/30/2020 8:30 PM
793	More direct teacher to student learning.	6/30/2020 8:27 PM
794	I think google classrooms are complicated and frustrating. It wasn't necessarily the work, but all of the links that didn't work correctly, difficulty uploading assignments, etc. that was difficult. She loves to learn but got frustrated when things didn't work correctly.	6/30/2020 8:23 PM
795	If covid 19 was gone	6/30/2020 8:20 PM
796	Better communication and not just YouTube videos	6/30/2020 8:20 PM
797	My son was homeschooled the entire year of 2019-2020 so we didn't have the option.	6/30/2020 8:18 PM
798	The workload to be reasonable	6/30/2020 8:16 PM
799	Nothing he needs to go back to school interact with people you can still have social distancing to some degree you can still live your life going to school everybody can just take precautions enough is enough my son spends most of the time on his phone in his bedroom he hardly did any work it was a joke	6/30/2020 8:15 PM
800	If you have a job / life, the online learning is horrible. Trying to complete your own hectic day, then need to sit down with your child and do homework is not fun	6/30/2020 8:12 PM
801	Motivation for him to want to do the work. Fun books for reading etc	6/30/2020 8:12 PM
802	It was extremely unorganized, but obviously that was expected due to the circumstances. I had one child in PVI, one in the high school and one in PVE. My PVE student's work was BY FAR the easiest not because of the simplicity of the work, but because it was navigated all through ONE app (Seesaw). I found google classroom for my PVI student incredibly annoying and challenging from a parent's point of view. Yes, my student understood how to use it; but teacher's never communicated with parents on expectations, how to navigate it themselves in the event their kid's were not being transparent, etc. If you had a question, the answer was always "the information was posted to google classroom under my classroom". As parents, this was frustrating and stressful because we didn't understand it (and I know that I was not the only one who felt this way). Finding assignments that were not "turned in" but were already done in Brain Pop or Flocabulary; then you're student was adamant that it was done and all the teacher would say is that it wasn't. It was just completely unorganized and a mess, in my honest opinion. I had an organizer that I made my son fill out each day, printed out his papers, etc. and it STILL did not help. He did have one teacher that was amazing with him, but the rest.. you could tell we're struggling with it. HOWEVER, I was patient and never lost my cool with the teachers as I understood they were also thrown into this position. People flipping out on Facebook about the teachers or administrators were complete morons; so please know, I was not one of them. I'm just giving my honest feedback. I'm not sure that I'll keep my kids in PV this year, as I'm not sure that you'll have a concrete plan by the time that Fall comes. I know that many parents' have enrolled their children in CCA and that's the route that I'm leaning toward as well, ONLY because they're established in online learning already. I've heard great,	6/30/2020 8:10 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

great things about their program. I feel that I have to do what's best for my children and make sure that they have the resources that they need. I'm not liking the idea of sending them to school in masks either. ;/ While it's our new "reality", it really stinks for them. Thanks for reading, wishing you guys the best. I know that you will make the best decision for all. Stay safe!

803	If we could do it at our own pace and not everyday.	6/30/2020 8:08 PM
804	Sticking to one consistent subject for a week to get it down instead of jumping from thing to thing without enough practice	6/30/2020 8:05 PM
805	More interactions with the parents and teachers!	6/30/2020 8:03 PM
806	I would like videos of the teachers teaching the lessons rather than YouTube videos. Maybe lesson plans for the week so I know what to expect and I can prepare extra activities as needed for remediation or enrichment.	6/30/2020 8:02 PM

823	None	6/30/2020 7:33 PM
824	Not doing it. We were having to do at 7pm every night due to parents working full time.	6/30/2020 7:33 PM
825	Providing a LIVE class with the teacher. This way the child can see them and understand the teacher better. Also allowing a way to ask questions right away and participate. He would then be more apt to behave and listen instead of having a meltdown and be distracted watching a video.	6/30/2020 7:31 PM
826	The often communication between parents and teacher to keep informed any missing assignments.	6/30/2020 7:29 PM
827	There were no zoom face to face meeting occurring. All communication was via email. Teachers need to be accessible via phone and either zoom.	6/30/2020 7:29 PM

882	This time we would need a computer. We were told ipads would work and it was way too hard to use and complete assignments. There needs to be a lot more teacher interaction at this grade level. Only 1 out of 3 teachers did zoom often. It needs to be regular not as needed. The google platform was confusing and you could never tell if the assignments were in correctly. 907	more social interaction for my child	6/30/2020 6:17 PM
908	Implement live classrooms sessions for the students so they can interact with their teachers. As a parent, this would be the most effective method for distance learning instead of relying on constant google classrooms assignments. The lack of feedback after homework completion is also a concern.	6/30/2020 6:15 PM
909	Live or pre-recorded lessons. Perhaps a weekly syllabus with what is being taught along with how to teach it.	6/30/2020 6:15 PM
910	More office hours for the teacher and live classes so material can be explained so I don't have to do it. Also make assignments due when they are due and not at the end of a marking period	6/30/2020 6:14 PM
911	Luckily, my child does her assignments. Can grasp the information given to her. Ask for assistance when needed.	6/30/2020 6:12 PM

While I feel the district did okay with learning in the spring given the circumstances- I want assurance that we will not be winging it come fall like in spring time. As a mom of 5 kids I can't be there to help them all at once I feel a cyber school where they can see and interact with a teacher everyday will be much more conducive for our family, and I have a definite plan of action come fall. This survey is proof that the district really has no idea what their plan is for fall.	6/30/2020 6:11 PM

918	Maybe if the teachers have the students log into a live class or meeting where they can explain a lesson like if they were in class it may help the child understand the lesson a little better and help the parent learn the new way it is done. (For Math at least)	6/30/2020 6:07 PM

940	Being in front of a teacher	6/30/2020 5:51 PM
941	Not doing it, send the kids back as normal	6/30/2020 5:51 PM
942	Have longer times to complete assignments especially if the parent works	6/30/2020 5:50 PM
943	Faster updates to HAC, it was difficult to know if child was turning assignments in when HAC was only updated every week or longer than that. The ability to correct mistakes on assignments turned if the teacher explained what was completed incorrectly.	6/30/2020 5:50 PM
944	Teachers available through out the day like they are when kids are face to face in the classroom	6/30/2020 5:49 PM
945	More unified organization. Each subject had multiple sites to log into to access work. Reducing the number of platforms used overall would be helpful.	6/30/2020 5:49 PM
946	Not having it at all! My son wants to be in a classroom he prefers face to face contact with teachers and other students	6/30/2020 5:46 PM
947	Going back to school, this is ridiculous and unnecessary. I do not want my child wearing a mask at school either. I have worked in the medical field for 20 years and this is NOT good for children!!	6/30/2020 5:45 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

949	Nothing	6/30/2020 5:45 PM
950	Better response time and understanding from the teachers. Also posting grades more often, it was difficult to know what was completed because HAC was not updated daily.	6/30/2020 5:44 PM
951	Having zoom classes. None of my son's teachers did any zoom time with their classes.	6/30/2020 5:43 PM
952	Assignments given for the week and done at own pace - not due daily	6/30/2020 5:42 PM
953	Having a lesson plan to follow if she needs help. Extra curricular activities such as chorus and sports	6/30/2020 5:42 PM
954	It went well in my opinion	6/30/2020 5:40 PM
955	Better material	6/30/2020 5:40 PM
956	If assignments could be turned in at the end of the week instead of daily.	6/30/2020 5:38 PM
957	Nothing. My child needs to be in school where there aren't the distractions that are at home such as younger siblings, tv, toys, snacks etc. I found it extremely difficult to get my child to remain focused. I highly doubt she absorbed much.	6/30/2020 5:36 PM
958	Having an actual teacher teaching them live if possible.	6/30/2020 5:35 PM
959	More time with assignments like sending them in at the end of the week instead of daily.	6/30/2020 5:35 PM
960	Clear instructions, access to teachers. They were not available and did not respond.	6/30/2020 5:35 PM
961	Online parent training of desired program (s); more teacher interaction	6/30/2020 5:35 PM
962	Better understanding of the online platform. Uniformity with when/how frequently teachers update grades/missing assignments. All work issued weekly so we can budget time better. Real consequences for missed work	6/30/2020 5:35 PM
963	The work being sent out to the children should be looked over more thoroughly. There were a lot of unnecessary mistakes in questions being asked (online questions/quizzes). My child and I wasted a lot of time trying to figure it out, to then find out it was wrong and the teacher would change it. This happened a lot with one teacher (two subjects) the last marking period.	6/30/2020 5:34 PM
964	Teachers need to have better system as to how assignments need to be completed	6/30/2020 5:34 PM
965	Assistance with his reading and accommodations due to his visual impairment	6/30/2020 5:33 PM
966	Having more teacher/ student visual connection	6/30/2020 5:31 PM
967	There should be at least one or more face to face interactions with teachers to help the children and help the parents understand	6/30/2020 5:31 PM
968	Mix the learning with actual school classrooms.	6/30/2020 5:31 PM
969	More time to complete the work.	6/30/2020 5:31 PM
970	More practice issue each kid there own computer	6/30/2020 5:30 PM
971	Keeping all assignments and work in one application instead of on multiple apps and websites.	6/30/2020 5:30 PM
972	I liked how distance learning was handled online in spring	6/30/2020 5:30 PM

983	Having a way to fully have my child understand that online school is still real school.	6/30/2020 5:25 PM
984	More schoolwork, less videos. Lessons that are appropriate to his reading level. Actual grades instead of pass fail. Keeping parents in the loop more. Not just emailing the student. Organized weekly schedules with the workload in advance so we can budget time and resources. Issuing full weeks worth of work instead of day to day. That way we can work ahead on a good day and slack off on bad days	6/30/2020 5:24 PM
985	Having a positive relationship already established with his teachers.	6/30/2020 5:24 PM

993	Communication with district teachers.	6/30/2020 5:17 PM
994	supplies	6/30/2020 5:17 PM
995	Assignment platforms not requesting drawing just typing. Drawing tool was very hard for her unless the chromebooks are touch screen. We didnt get a chromebook.	6/30/2020 5:17 PM
996	Communication and someone to really explain to work clearly	6/30/2020 5:16 PM
997	Teacher/parents verbal or virtual communication	6/30/2020 5:16 PM
998	No need for scavenger hunts or "busy" work. Stick to the lesson. Allow for more than one day for a task to be completed. My husband and I both work outside of the home and our older daughter is responsible for watching her younger sister. It's very hard when they both have assignments to completed and I'm not getting home until later at night. Also specials could be taken out of the plans. I do not have time to go out and buy different materials for these projects to be completed.	6/30/2020 5:16 PM
999	Not doing the specials except for library. The rest was just not necessary	6/30/2020 5:15 PM
1000	More time with teacher teaching assignments example like using regular math instead of the crazy math they are teaching	6/30/2020 5:15 PM
1001	We need education on how to use the platform chosen. It was just assumed that we knew how to use google classroom or that our children would teach us.	6/30/2020 5:14 PM
1002	More structure and live interactions with the teachers	6/30/2020 5:14 PM
1003	Having a computer for each child. Have one computer for multiple children has left us on computer for 10 hours some days	6/30/2020 5:13 PM
1004	Condensing the amount of Google Classrooms that have to be checked each day. Not having to submit the lesson plan document and the work document...too many things to submit. Having a week's worth of lessons on 1 plan so we are not submitting so much. In subjects having mandatory Zoom meetings so that the teacher can assess the kid's learning verbally as well as through the work. Having the specials work be meaningful...not just busy work. Watching a ton of Brian-pops is without interaction from a teacher is. Ot teaching. Having the same PE lesson for 8 weeks was not cool. Have the PE teacher give the kids some ideas of things to do. Technology and Art (the first few weeks) was great. Music was way too hard. Teaching is not just assigning videos, teachers should be recording themselves each day.	6/30/2020 5:13 PM

1010	To be able to have a computer for each child, we had to cap the amount of time each child had to be on so that they could get their work all completed by expected time	6/30/2020 5:09 PM
1011	I thought everything was fine when the kids did it in the spring. We were happy	6/30/2020 5:09 PM
1012	I felt as if we were spending a lot of time watching YouTube videos in the spring. Seemed like a waste of time and she wasn't learning much. She was doing better when I was teaching her with worksheets during the non instructional time. Online work is fine. But better quality teachings and assignments will be necessary over YouTube videos.	6/30/2020 5:07 PM
1013	I'm able to help him with all the subject material. The hardest part would be sharing the internet with working from home.	6/30/2020 5:07 PM

1021	Virtual classes every day. Specific times the child needs to be "in class".	6/30/2020 5:02 PM
1022	more user friendly apps. Did not like Google Classroom. Also, some assignments we struggled to complete because it was not able to be completed on an iPad for example. When I was able to connect with the teacher, he knew the activity couldn't be completed on an iPad. This would have been useful information prior to starting the assignment. If an assignment cannot be completed on a device this needs to be acknowledged from the beginning of the assignments	6/30/2020 5:01 PM
1023	More structured, live lectures/classes, etc.	6/30/2020 5:01 PM

1038	N/A	6/30/2020 4:55 PM
1039	I did not prefer the each teacher having their own google classroom at PVI. It was a lot to manage because as a parent I would need to log into 10 different google classrooms to view my child's work. It was excessive. I would have preferred if the teachers had put the work into 1 google classroom, such as, the homeroom teacher's class. That way everything would have been in one spot to view.	6/30/2020 4:53 PM
1040	More structure, maybe actual classes instead of just work given out. Access to another chrome book.	6/30/2020 4:52 PM

1069	nothing	6/30/2020 4:36 PM
1070	Clear understanding of expectations, emails about expectations from teachers, direct feedback if the child isnt doing something correctly	6/30/2020 4:36 PM
1071	I get to see my child so everyday so I know they are safe.	6/30/2020 4:35 PM
1072	He doesn't learn good from me he needs the interaction from school learning.	6/30/2020 4:34 PM
1073	It was great	6/30/2020 4:34 PM
1074	Having work that I can effectively assist my child with while being able to keep him motivated. There are also a lot of people in the house, so his ability to concentrate would be impeded on.	6/30/2020 4:34 PM
1075	being back in the building!	6/30/2020 4:33 PM
1076	have mental health services available. these children are so young and not used to this world that they need a place to open up to besides me as a parent	6/30/2020 4:33 PM
1077	It would have to be live online tutoring, not assignments that parents have to teach and oversee	6/30/2020 4:32 PM
1078	not so many passwords for website it was alot .	6/30/2020 4:31 PM
1079	The teachers should only give assignments that would normally be covered during an actual class time. Some teachers were giving 7 assignments for one class. I find it hard to believe that an actual class time would cover 7 extensive assignments each day in school.	6/30/2020 4:30 PM
1080	Easier access to assignments	6/30/2020 4:30 PM
1081	Webinar instruction and/or interaction with both teacher, aides, and peers. If we need to maintain distance learning, there still needs to be some sort of social component. I worry very little about my daughter's academic ability - but very much about the interactions she's missing in learning how to be part of a classroom, team, make friends, etc.	6/30/2020 4:29 PM
1082	better communication	6/30/2020 4:25 PM
1083	Nothing. As a home with 2 full time working parents it was very hard at times to maintain the work load. If I get home at 6 then my child and I would be up until 9 or later doing school work	6/30/2020 4:24 PM
1084	Need a computer and would like to see teacher interaction like small lessons online not just words since he cant read	6/30/2020 4:23 PM
1085	My daughter hates sitting in front of a computer, and as a 5 year old, it's not appropriate. I understand the challenges you all face, but less screentime, or options for hands-on learning if parents can accommodate.	6/30/2020 4:17 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1086	Easier platform for lab top. Not easy to write.	6/30/2020 4:17 PM
1087	Supply student with materials/computer. Don't have as many sights to jump between for assignments	6/30/2020 4:16 PM
1088	More solid assignments with clear instruction. Some of the common core items were very confusing.	6/30/2020 4:15 PM
1089	Better organization of assignments and due dates	6/30/2020 4:14 PM
1090	More meaningful assignments, which I understand is difficult with the disparities between home life.	6/30/2020 4:14 PM
1091	To have teachers put forth the extra effort. To get a sense of caring from teachers. Better communication from teachers.	6/30/2020 4:12 PM
1092	My student is old enough to navigate and complete assignments without my help.	6/30/2020 4:12 PM
1093	More solid instruction. While the lessons were good, it is definitely not the same as in classroom instruction.	6/30/2020 4:11 PM
1094	Knowing my child is safe	6/30/2020 4:11 PM
1095	-	6/30/2020 4:10 PM
1096	More face to face interaction with teacher and students.	6/30/2020 4:09 PM
1097	I would like for my son to be on the computer with his class and teacher. So if he has questions he can ask right then and then. Have some classmates to interact with also during the session.	6/30/2020 4:08 PM
1098	It would not. I believe the children do better in an appropriate environment with proper authority to oversee them.	6/30/2020 4:07 PM
1099	More examples of what needs to be done or how. Parent accessible when at work to help child.	6/30/2020 4:07 PM
1100	Zoom teaching	6/30/2020 4:06 PM
1101	More interaction with teachers Motivation for my child to do assigned work Online training for parents	6/30/2020 4:05 PM
1102	To feel confident that I'm "teaching" my child appropriately. If mailings could be mailed to guide me in the right direction as to what is the best way to help teach my child. Especially if they included the ways that the teachers at PVSD teach that would also help to make my child feel more comfortable and confident to my ways of teaching since it would be a way he can relate to.	6/30/2020 4:05 PM
1103	Live classes	6/30/2020 4:04 PM
1104	Ryan did cyber and she loved it. It was 100% more time manageable.	6/30/2020 4:04 PM
1105	Nothing for me.	6/30/2020 4:04 PM
1106	Having my child IN SCHOOL CLASSROOM	6/30/2020 4:03 PM
1107	Live lessons, paper copies of assignments, books, and other school related supplies that enhances learning.	6/30/2020 4:03 PM
1108	More structure.	6/30/2020 4:02 PM
1109	I'd like the learning from home to require my son to have face to face with the teachers during his lessons. Where he could ask questions right there and then. Not having to email teachers.	6/30/2020 4:01 PM
1110	Live lessons, paper copies of assignments, books, and other school related supplies that enhances learning.	6/30/2020 4:01 PM
1111	If you did it more like Reach Cyber Charter school. Each student gets a computer. They give a stipend for the internet to offset the cost of having to increase the data plan. They are more understanding of the work at home environment.	6/30/2020 4:01 PM

1114	I appreciate the educational videos the teachers would attach to the home/classwork. That helped me incorporate fun in learning and creates better routine.	6/30/2020 3:59 PM
1115	Better communication with teachers	6/30/2020 3:57 PM
1116	video interaction, additional work that is not optional but supplemental that can be done upon completion of required work in order to keep my child accountable for a certain duration of time working.	6/30/2020 3:57 PM
1117	Once my child is able to navigate on their own instead of me having to enter all data due to age/skill, it would be smoother all around.	6/30/2020 3:57 PM
1118	Live classes	6/30/2020 3:57 PM
1119	Scheduled class time with teacher live, face to face with students	6/30/2020 3:57 PM
1120	There is nothing that would make it better. distance learning is not for every student.	6/30/2020 3:56 PM
1121	Maybe more zoom to actually teach the lessons so they can have more face to face.	6/30/2020 3:56 PM
1122	I think it was a fine experience. Students, teachers and administrators all did the best they could under the circumstances.	6/30/2020 3:55 PM
1123	Most parents don't understand common core and can't not help with math	6/30/2020 3:55 PM
1124	More competence from teachers.	6/30/2020 3:55 PM
1125	more challenging work	6/30/2020 3:54 PM
1126	Not having to log in to multiple websites and apps and time restrictions. 25 minutes for videos is excessive.	6/30/2020 3:54 PM

1136	Zoom classes with the teacher/class being live each day.	6/30/2020 3:51 PM
1137	Having teachers face to face with my child	6/30/2020 3:50 PM
1138	more organized way of showing assignments.	6/30/2020 3:50 PM
1139	I would like to see more challenging work. The experience was good. Maybe more materials provided to parents so they know what the children are learning. An overview of the curriculum might help.	6/30/2020 3:49 PM
1140	To have the kiddos GO TO SCHOOL without a mask- normal school days	6/30/2020 3:49 PM
1141	To have the children back in school	6/30/2020 3:49 PM
1142	I didn't have any issues with the distance learning with my son as he was in 4th grade and held his own and really didn't need my help with really any of it.	6/30/2020 3:49 PM
1143	Everything being on one website and not having to sign in on different ones	6/30/2020 3:49 PM
1144	More communication with the teacher	6/30/2020 3:48 PM
1145	Live classes would make it a lot easier for the kids.	6/30/2020 3:48 PM

1146	to get back to the actual classroom.	6/30/2020 3:48 PM
1147	Better explaining from teachers for assignments , not so much work to be completed at once	6/30/2020 3:48 PM
1148	I don't want the distance learning. However it was good when she was in it from a parents perspective. She however had no interest in it.	6/30/2020 3:48 PM
1149	Assignments at the beginning of the week that are due at the end of the week instead of each day due in a week from the date assigned. Hard to scroll through non- mandatory work and no way to get rid of the posts so only the mandatory work shows.	6/30/2020 3:47 PM
1150	Understanding the lesson plans	6/30/2020 3:46 PM
1151	Everything being on one website and not having to sign in on different ones	6/30/2020 3:46 PM
1152	Not sure	6/30/2020 3:46 PM
1153	More feed back from the teachers to the parents. I know we can use HAC however if it is not updated daily this will not help us.	6/30/2020 3:45 PM
1154	not having distance learning. open schools as normal	6/30/2020 3:45 PM
1155	Strategies on how to keep the child on track for completing assignment	6/30/2020 3:45 PM
1156	I was fine with the distant learning experience.	6/30/2020 3:45 PM
1157	Having extra materials at home to help enhance and support the assignments she is learning remotely.	6/30/2020 3:44 PM
1158	Considering the situation that we are in currently and having to adapt to the online learning I don't believe there would be anything to make it better. Once we got used to it, we didn't have any issues. I just feel like my child isn't getting the full affect of learning as he would with in person learning..	6/30/2020 3:44 PM
1159	nothing the teachers did a great job on how they put the work on the computer.	6/30/2020 3:44 PM
1160	It's hard to say, as now I have gone back to work and no longer working remotely	6/30/2020 3:44 PM
1161	Paying less school taxes!	6/30/2020 3:44 PM
1162	Keep distance learning to the scope of homework. Get the kids back in school.	6/30/2020 3:44 PM
1163	Not having to do it! I really hope we can get back to school	6/30/2020 3:43 PM
1164	If it wasn't done at all.	6/30/2020 3:43 PM
1165	Knowing that my child felt more comfortable with assignments and my child being able to get real time help from teachers not having to wait for emails or teachers hours.	6/30/2020 3:43 PM
1166	The teacher should reach out quicker if an assignment is missed, (my daughter had 2 weeks of work to make up since she didn't get the assignments) and when there's a fail grade so the child and discuss while its fresh in their minds.	6/30/2020 3:43 PM
1167	Make assignments that don't require a response just complete with a button, not require a picture or written response.	6/30/2020 3:39 PM
1168	Less filler activities	6/30/2020 3:39 PM
1169	more in depth lessons - what i was taught is not the same what you are teaching the kids now so i have to relearn it myself .	6/30/2020 3:39 PM
1170	I cannot be home during the day, and as it was I had to re-teach much of what he had. I need them to go to school.	6/30/2020 3:39 PM
1171	People become better educated on sickness n racism so everyone can just knock off their shit!!!	6/30/2020 3:38 PM
1172	Grades should be counted so students are held accountable.	6/30/2020 3:37 PM
1173	Live lessons, pre-recorded lessons, Q&A sessions. Especially when there are new lessons. Having endless videos for the children to watch and a bunch of stuff for them to read to learn the content themselves, puts a ton on the child and parents. It's like the parents have two full time jobs happening simultaneously. It drags on forever. There's also the lack of "face to face"	6/30/2020 3:37 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

interaction with the teacher that would be nice for the kids too. For #8, sometimes more like 5 hours, depending on the day.

1174	not having distance learning. open schools as normal	6/30/2020 3:37 PM
1175	i mini lesson of 5 minutes and then work assignment that takes over an hour is out of this world. we had to youtube, google and ask other kids to figure out some of the questions.	6/30/2020 3:37 PM
1176	More communication from teacher(s) and parents on child's progress. I don't always know what they are struggling with.	6/30/2020 3:36 PM
1177	more live conversations with the teacher (even if it's one-on-one) for feedback; I feel as though the feedback comes from the parents because teachers cannot just jump in and remediate effectively. The assignments should be more "home friendly" and consistent. For example, draw a picture of the clouds every day and write a sentence about them. Read and write every day...It is difficult when assignments are random (Tell time on the clock; watch a video on temperature; read about squirrels; and write spelling words). It becomes meaningless. It should also be very clear that parents have the week to complete the assignments. Saturdays and Sundays should be an option for completing work. Again, teachers should have live check-ins with students for feedback.	6/30/2020 3:35 PM
1178	I think the teachers did a good job given the quickness they needed to set up. But I think moving forward, if classes are done virtually - students need to be TAUGHT virtually, not just handed a bunch of links to click and watch. The teachers should still be teaching, not just assigning tasks.	6/30/2020 3:34 PM
1179	More interaction with the teacher	6/30/2020 3:34 PM
1180	It's essential that the teachers THEMSELVES create videos with the lessons as if they were in class together. Pre-recorded lessons and live lessons, along with Q&A sessions are a must. Sending links to a bunch of videos with various people/educators explaining lessons is not as effective/effective at all. Sending pages upon pages upon pages of content for kids to read and properly digest with no explanation of the content does not work. Having their teachers explaining the, for example, Science, lesson is key. Although BrainPop was annoying at times, it was effective. Kahoot was as well. There was also A LOT of work for the children. As time went on, the staff must've realized that because it lightened up a bit. Also, for #8, there were some days where it was 6-8 hours, but I couldn't select two.	6/30/2020 3:34 PM
1181	For my soon to be senior even if it is an elective they still need to give a numeric grade. This is hurting their gpa and rank. When other kids got grades because their elective was 2 marking periods. Such as my son got a "P" for gym. If you looked at his grade for gym 9th and 10th they were 100. So this did effect his average/gpa. Where someone in the beginning of the year took it and did get the grade. This could effect college transcripts.	6/30/2020 3:33 PM
1182	The teachers should explain the assignments so that the parents too can understand it and explain it to the child.	6/30/2020 3:32 PM
1183	What helped last year was when my child's teacher let us know what work was outstanding still, or gave an update as to progress. It would be nice for that to continue so as a parent, I know I am on target for where my child needs to be/go.	6/30/2020 3:30 PM
1184	Tutoring days or some interaction with the teachers. I work overnight either not awake or not home when shes needing help	6/30/2020 3:30 PM
1185	Going back to school normal	6/30/2020 3:30 PM
1186	NOTHING... cannot stay home w our child	6/30/2020 3:29 PM
1187	No mandatory sign in for attendance at specific times. Allow us to sign in at any time of day. Allow more time for assignments to be completed. I work out of the home during school hours.	6/30/2020 3:29 PM
1188	I believe it ran smoothly	6/30/2020 3:28 PM
1189	One learning platform instead of several	6/30/2020 3:28 PM
1190	I liked how many teachers posted work ahead of time to give more flexibility with our schedule on when to complete the work.	6/30/2020 3:28 PM
1191	Having one on one with teacher(s) and child on call or video chat to help them understand where they are struggling before they fall below on their final grade; prefer hands on teaching.	6/30/2020 3:27 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1192	A more organized platform. A teacher was not putting due dates on the assignments, so they were not showing up on work needing to be completed. Some teachers need better IT training. Also, all the passwords and all the different sites were confusing to find constantly. One general place for all outside resources is needed. (I am an informatics nurse and my husband is a software engineer, we are trained in how to set these up so the workflow is smooth).	6/30/2020 3:27 PM
1193	We work full time outside the home and this is not a sustainable option. Nor can I come home and reteach my child every night.	6/30/2020 3:27 PM
1194	not have it.	6/30/2020 3:27 PM
1195	Nothing, we pay a large amount of taxes for him to go to school.	6/30/2020 3:27 PM
1196	Providing more than 1 laptop per household.	6/30/2020 3:27 PM
1197	Grades counting I believe is important to hold students accountable.	6/30/2020 3:26 PM
1198	More structure with assignments, more interaction with teachers	6/30/2020 3:26 PM
1199	Easier platform...or just one platform.	6/30/2020 3:25 PM
1200	To actually have the teacher teaching the lesson instead of having student read assignment	6/30/2020 3:25 PM
1201	Not having it. I am a teacher and found it very hard to do my lessons and then help my child with his work. The work he was assigned did not take long and he learned nothing.	6/30/2020 3:23 PM
1202	Better plan of assignments. Teacher interactions like other districts. Zoom classes.	6/30/2020 3:23 PM
1203	I would like to make sure that assignments are more targeted for learning. I would also appreciate some ability to assess how the students are comprehending the work assignments to ensure they are meeting standards and not falling behind.	6/30/2020 3:22 PM
1204	Better preparation of virtual learning and communication with parents.	6/30/2020 3:21 PM
1205	I felt very out of the loop. We have done cyber before (out of the district) that did a monthly update for the kids and parents. I liked that.	6/30/2020 3:21 PM
1206	A tad simpler lesson plans because the amount of work had my daughter frustrated at times!	6/30/2020 3:21 PM
1207	We will not do any distance learning.	6/30/2020 3:21 PM
1208	My daughter strives for straight A's. She is very motivated to do well. I would just like to see the interaction more with friends and teachers and still being able to see them	6/30/2020 3:20 PM
1209	Zoom meetings with other friends or teachers. NJ was able to do it I'm not sure why PA cannot.	6/30/2020 3:20 PM
1210	For them to go back to normal school	6/30/2020 3:20 PM
1211	If it STOPPED! I am NOT a teacher and my son needs to be TAUGHT	6/30/2020 3:19 PM
1212	Better communication with my daughters teachers.	6/30/2020 3:18 PM
1213	no concerns	6/30/2020 3:18 PM
1214	Longer due dates	6/30/2020 3:18 PM
1215	We haven't done it with my youngest, they will be starting kindergarten but we enjoyed it with my oldest.	6/30/2020 3:18 PM
1216	Maybe a weekly email from teachers of what our child should be doing that week. Also make the kids feel comfortable emailing the teachers any questions they may have since they can't ask in person.	6/30/2020 3:18 PM
1217	To go back to school and learn face to face with teachers.	6/30/2020 3:17 PM
1218	Better communication and expectations.	6/30/2020 3:17 PM
1219	My Child needs in person instruction. He flew through the online class material and I don't think any of it "sunk in". Most was review stuff anyway.	6/30/2020 3:17 PM
1220	Actually everything was pretty great!	6/30/2020 3:17 PM
1221	Visual or in- person contact with teachers. Accountability.	6/30/2020 3:16 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1222	A motivated child. My son needs to be in a structured environment with other people. He has completing holed up in his room since the remote learning started. He was shy and an introvert before; this has made any inroads we have made disappear. This was not a good situation for him or for me. I am single mother working full time.	6/30/2020 3:16 PM
1223	Since my laptop is getting old, I found out along the way that certain programs didn't run correctly on it, especially the microphone function on SeeSaw. I would need access to a newer laptop or chromebook.	6/30/2020 3:16 PM
1224	it would be no problem at all if I was a stay at home parent	6/30/2020 3:16 PM
1225	Actually have class meetings where the children can see the teacher	6/30/2020 3:16 PM
1226	Open communication with the teachers and staff. Zoom meetings.	6/30/2020 3:16 PM
1227	Someone to be with them because we work outside of the home and only 2 are old enough to be left alone. And a tutor because I had to re-teach them everyday after work. I cannot work full time and also teach them. That's why I'm not a teacher!	6/30/2020 3:15 PM
1228	Zoom classroom time if possible. It leads to less frustration at home.	6/30/2020 3:15 PM
1229	More available hours in which you can get in touch with your childs teacher	6/30/2020 3:15 PM
1230	Not having it. I am an essential worker and a single mom. I cannot be home to watch my children during the day.	6/30/2020 3:15 PM
1231	More structure, communication, and more challenging assignments.	6/30/2020 3:14 PM
1232	live classes	6/30/2020 3:14 PM
1233	if my child was in school	6/30/2020 3:14 PM
1234	Going back to school	6/30/2020 3:13 PM
1235	Anything but going to school in a hybrid situation. Managing who goes to school on what day will be very hard for our family as I am a school teacher in another district and our schedules need to coordinate.	6/30/2020 3:13 PM
1236	N/A	6/30/2020 3:13 PM
1237	We enjoyed the distance learning, didn't have any problems.	6/30/2020 3:12 PM
1238	Zoom interactions where the teacher is walking through the process with the student allowing the student to ask questions. It's extremely difficult trying to work from home and having to attempt to teach my child the material. If teachers were more interactive via zoom instead of just sending material and briefly explaining would make a better experience for both the student and parent. I don't feel my child has retained any information provided since COVID-19.	6/30/2020 3:12 PM
1239	To make the curriculum more instructional from the teachers so that students can navigate and complete assignments without an adult having to be present to assist the entire "school day".	6/30/2020 3:12 PM
1240	More student teacher interaction..ex..zoom classes	6/30/2020 3:12 PM
1241	Having a basic math class.	6/30/2020 3:11 PM
1242	Nothing , I am not a school teacher and feel distance learning is not effective.	6/30/2020 3:10 PM
1243	Maybe some information on what we can teach them or help them learn material they are working on at the time. Also I understand art music gym is important but maybe a little less if this would be better.	6/30/2020 3:10 PM
1244	A little bit of fun work along with the academics so my son can cooperate.	6/30/2020 3:10 PM
1245	Designated times for schoolwork	6/30/2020 3:09 PM
1246	Better knowledge of assignments and feedback on progress, not weeks after the fact. Also, teachers shouldn't CC all parents, email privacy concerns.	6/30/2020 3:09 PM
1247	In or out. The modified hybrid rotating schedule will be terrible for our family.	6/30/2020 3:08 PM
1248	Not having to do distance learning. This was not a good fit for my child as he is a tactile learner, and as a single working parent this was impossible to accomplish.	6/30/2020 3:08 PM

1251	not at all go to the school to do school work i am not a teacher	6/30/2020 3:08 PM
1252	The problem is I am unable to work from home and only have child care for the afternoon hours.	6/30/2020 3:08 PM
1253	A different platform other than seesaw and	6/30/2020 3:07 PM
1254	Weekly communication with teachers letting me know assignments were completed and what they need to work on	6/30/2020 3:07 PM
1255	Email teachers. The ability to communicate with the teachers and to have zoom chat meetings.	6/30/2020 3:07 PM
1256	If we are switching to distance learning the curriculum needs to mimic that of a cyber school. The curriculum was very poor and needs to focus more on spelling, reading and writing.	6/30/2020 3:07 PM
1257	Real time interaction with teacher	6/30/2020 3:06 PM
1258	The teacher being able to face to face talk with the kids.	6/30/2020 3:06 PM
1259	Someone being able to come to my house and get my child on the comp and doing her work at a reasonable time.	6/30/2020 3:06 PM
1260	Make it feasible for working parents	6/30/2020 3:06 PM
1261	A paper packet of worksheets for the child to complete - it's difficult for them to write on a screen. So activity packets mailed/picked up from school	6/30/2020 3:05 PM
1262	Having more discipline when not completing assignments rather than it just being pass or fail.	6/30/2020 3:05 PM
1263	I am very concerned since my son was in cyber school and we left that environment because he was struggling. He needs teacher interaction and peer interaction.	6/30/2020 3:05 PM
1264	Weekly communication from teachers letting me know if assignments are being completed and what they need to work on	6/30/2020 3:05 PM
1265	The ability to access our children's email communication, being copied on their emails and communication, and having continuous and parallel communication.	6/30/2020 3:04 PM
1266	Faster internet speed	6/30/2020 3:04 PM
1267	The teachers teaching like there where in the classroom.	6/30/2020 3:04 PM
1268	More contact with parents	6/30/2020 3:04 PM
1269	More "classroom" time in zoom with the teacher	6/30/2020 3:04 PM
1270	not having it as an option	6/30/2020 3:04 PM
1271	Better teacher response and communication	6/30/2020 3:04 PM
1272	I really don't know. It was a fight every day to do her school work.	6/30/2020 3:04 PM
1273	Easier to get on and maybe videos that popped up when you hit them.	6/30/2020 3:04 PM
1274	Get informed of assignments during the week, not the week after	6/30/2020 3:04 PM
1275	Nothing	6/30/2020 3:03 PM
1276	I have 4 kids in the district....3rd, 4th, 9th and 11th. Have zoom lessons for all of them. Many other school districts allowed zoom for the elementary level, we did not. I think it would be good if the child could see the teacher teach the lesson. Then as a parent, we won't need to be on hand as much. Many times, I was confused with a lesson and we had to message the teacher. Seeing the teacher do the instruction is a big plus.	6/30/2020 3:02 PM
1277	The ability to access our children's email communication, being copied on their emails and communication, and having continuous and parallel communication.	6/30/2020 3:02 PM
1278	Having a balance workload so i do not feel bad about the stress and the fact that my child was doing work hours on end with no break.	6/30/2020 3:02 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1279	Nothing	6/30/2020 3:02 PM
1280	My child needs to be in school to learn. He didn't learn from home. I work full time and it was a struggle	6/30/2020 3:01 PM
1281	It really doesn't make it better. It's just something we have to deal with! Can we lower the school taxes if everyone is going to go cyber???	6/30/2020 3:00 PM
1282	Teachers need better tools to help navigate distance learning.	6/30/2020 3:00 PM
1283	All work should be completed on lap top. No project that need us to buy things to complete.	6/30/2020 3:00 PM
1284	Nothing- I work out of the house 8-5 and can not help	6/30/2020 2:59 PM
1285	Real time classes	6/30/2020 2:59 PM
1286	Removing the extra classes such as art,music, gym, technology. These added required areas made it more difficult to keep my child engaged when they had 8 subjects to manage online.	6/30/2020 2:59 PM
1287	Outline of week requirements, materials and better understanding why their was so much work.	6/30/2020 2:59 PM
1288	Zoom classes so he could see his friends and teachers.	6/30/2020 2:58 PM
1289	More teacher involvement. My kids do better with in class learning.	6/30/2020 2:58 PM
1290	All work should be completed on lap top. No project that need us to buy things to complete.	6/30/2020 2:58 PM
1291	To be able to see her work get better	6/30/2020 2:58 PM
1292	some interaction with teacher throughout the day instead of video	6/30/2020 2:57 PM
1293	Being able to see all of the details of every class / assignment and real time progress. It was somewhat difficult to monitor as some of the work was not scored quickly enough to jump in and follow up. Ms. Miller's help was incredible!	6/30/2020 2:57 PM
1294	Online tutorials by teachers	6/30/2020 2:57 PM
1295	more interaction between teachers and students. 1 on 1 time if child needs more help	6/30/2020 2:56 PM
1296	n/a	6/30/2020 2:56 PM
1297	Inclass Live classroom lessons & more interaction with teacher & peers. Social engagement & extra curriculans need to occur.	6/30/2020 2:56 PM
1298	More learning. Challenging them more	6/30/2020 2:56 PM
1299	More information of what's going on	6/30/2020 2:56 PM
1300	Distance Learning for my child was not beneficial at all.	6/30/2020 2:55 PM
1301	I honestly don't think anything can make online learning better for my child who struggles and reading	6/30/2020 2:55 PM
1302	Make it easier to use passwords	6/30/2020 2:55 PM
1303	Much more live classroom instruction/teaching via Zoom	6/30/2020 2:54 PM
1304	Less work	6/30/2020 2:54 PM
1305	Not having it.	6/30/2020 2:54 PM
1306	Online tutorials by teachers. However, I am not a proponent of online option at all.	6/30/2020 2:53 PM
1307	Live classrooms & more interaction with teacher & peers. Social engagement	6/30/2020 2:53 PM
1308	Not sure	6/30/2020 2:53 PM
1309	I would appreciate knowing what is being assigned so I can check in with my child about certain assignments	6/30/2020 2:52 PM
1310	an up to date record of assignments and grades. Many assignments and assignment grades were not reflected until the end of the marking period thus creating an issue when monitoring my son progress or lack thereof.	6/30/2020 2:52 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1311	having assignments due by the end of the week	6/30/2020 2:52 PM
1312	We are not interested in distance learning	6/30/2020 2:51 PM
1313	Not having it, face to face instruction is crucial.	6/30/2020 2:51 PM
1314	Live classrooms & more interaction with teacher & peers. Social engagement	6/30/2020 2:51 PM
1315	Better communication from the instructors with the parents when assignments aren't being worked	6/30/2020 2:48 PM
1316	I think there should be more work involved. My son had minimal work and completed it too quickly . I would also like to see more feedback and real grades not just pass or fail . Also more meetings of class online via zoom or another platform where they can interact with teachers and classmates. Also at least a weekly zoom call with teacher one on one.	6/30/2020 2:48 PM
1317	Send the kids to school. I'm not an educator. They will learn nothing from me.	6/30/2020 2:48 PM
1318	More videos from the teachers.... my child was just given a bunch of assignments at the beginning of the week.... sometimes with links that didn't work.... and no real lesson.	6/30/2020 2:48 PM
1319	Nothing. Send them back to school normally!!!!	6/30/2020 2:48 PM
1320	The substance of assignments was lacking for special Ed students.	6/30/2020 2:48 PM
1321	Having live videos, like zoom, with the teacher and the class together so they can distantly interact and the teacher would be able to see if or what a child needs help with.	6/30/2020 2:48 PM
1322	A better program than seesaw. It was too difficult to submit answers.	6/30/2020 2:48 PM
1323	I don't agree with distant learning. I own my own salon and I cannot have kids there while I'm working since my husband has a full-time job	6/30/2020 2:48 PM
1324	I was pleased with your adaptation to distance learning. I would love to see more REAL work (rather than busy work for the sake of using technology gadgets). Looking forward to seeing your implementation for the new year.	6/30/2020 2:48 PM
1325	Giving them a better education not just assigning busy with. Making all accountable not passing students who don't complete a single assignment	6/30/2020 2:47 PM
1326	Teacher guidance on new material (via zoom or similar platform)	6/30/2020 2:47 PM
1327	More instructional learning, more in depth assignments.	6/30/2020 2:47 PM
1328	Not having to help them as I have to work as well.	6/30/2020 2:47 PM
1329	I think that live remote teaching should be in place. The teachers should be in the classrooms and interacting with the student via internet as if they were there in school... this would give the children a structured day!	6/30/2020 2:47 PM
1330	A device for each child. I have 3 children that attend PV	6/30/2020 2:47 PM
1331	There needs to be NEW instruction. Only my child's reading teacher provided new info. Her gifted assignments were the reason she spent longer on assignments. The class one were minimal and review material.	6/30/2020 2:47 PM
1332	I wish to be better informed BEFORE my child is learning the curriculum. Trying to relearn (even the simple things) WHILE teaching my child is difficult.	6/30/2020 2:47 PM
1333	Standard communication method, such as a daily agenda, and to check in regularly	6/30/2020 2:47 PM
1334	Stop giving so much work	6/30/2020 2:47 PM
1335	Have a time that they must check- in the classes by or else they're considered absent. There's also too many chances to cheat on schoolwork	6/30/2020 2:46 PM
1336	Less work or split the work up between certain days	6/30/2020 2:46 PM
1337	Motivation for student to complete work. Some sort of socialization with peers.	6/30/2020 2:46 PM
1338	Make it easier to work with WORKING parents. We don't all have the ability to be at home educating our multiple children.	6/30/2020 2:46 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1339	Communication from teachers to make sure my child is doing well in the classes	6/30/2020 2:46 PM
1340	NOT HAVING DISTANCE LEARNING AS MY CHILD ATTENDS MCTI FOR COMPUTER PROGRAMING - CODING AND I HAVE NOBODY AT HOME THAT CAN HELP HIM WITH THIS PARTICULAR WORK AND I WILL NOT PUT HIM FULLTIME IN THE PVSD EVER	6/30/2020 2:46 PM
1341	Communication from the district	6/30/2020 2:46 PM
1342	Quality of learning is not the same as if I'm classroom with teacher .	6/30/2020 2:46 PM
1343	Not having to do it	6/30/2020 2:46 PM
1344	In class learning	6/30/2020 2:46 PM
1345	If need be and it ends up online, I would hope they could at least see teacher and their peers.	6/30/2020 2:46 PM
1346	I would prefer online class as a zoom meeting with children and teacher.	6/30/2020 2:45 PM
1347	No	6/30/2020 2:45 PM
1348	Clearly organized platforms and assignments	6/30/2020 2:45 PM
1349	Better And quicker communication with teachers	6/30/2020 2:45 PM
1350	My child needs to go to school her can't handle learning on line. I don't have the time to teach her. I work all the time.	6/30/2020 2:45 PM
1351	I don't agree with distance learning	6/30/2020 2:45 PM
1352	I just don't see how starting Kindergarten will work from home.	6/30/2020 2:45 PM
1353	Interactive classes with video conferences instead of pre recorded audio or video messages.	6/30/2020 2:45 PM
1354	Less "extra" websites/ activities that require additional log ins, etc.	6/30/2020 2:45 PM
1355	There is nothing possible. A teacher would need to come out to the home of the child late at night after work. I take care of 2 kids and work full time and trying to complete my own schooling. Its impossible to get a kid to do school work at 8pm	6/30/2020 2:45 PM
1356	If there was no distant learning	6/30/2020 2:44 PM
1357	More information guides for the work being assigned.	6/30/2020 2:44 PM
1358	Better planned assignments and syllabus.	6/30/2020 2:44 PM
1359	Zoom classes and a way for the teachers to actually teach the children online	6/30/2020 2:44 PM
1360	I don't know if distant learning if for my child. He requires being in a learning environment to learn. I do understand if distance learning is needed though.	6/30/2020 2:44 PM
1361	Face to face learning, rather then just instruction on how to complete assignment, my daughter needs interaction	6/30/2020 2:44 PM
1362	More online Instruction	6/30/2020 2:44 PM
1363	NA	6/30/2020 2:44 PM
1364	A personal teacher	6/30/2020 2:44 PM
1365	All teachers need to be on the same page with minimizing assignments. Teachers should attempt to do zoom meetings with entire class so there is interaction.	6/30/2020 2:43 PM
1366	Easier to navigate online system. Class assignments were sometimes hard to find and all teachers did it different. Would be easier if it was done in a uniform matter. That would require less from me during his o line school days	6/30/2020 2:43 PM
1367	I don't have any complaints personally	6/30/2020 2:43 PM
1368	Feeling safe	6/30/2020 2:43 PM
1369	If my daughters' father would complete the school work on his weeks.	6/30/2020 2:43 PM
1370	Faculty know how to use technology.	6/30/2020 2:43 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1371	If all classes used the same platform.	6/30/2020 2:43 PM
1372	More communication to parents about school supplies needed before projects come up.	6/30/2020 2:43 PM
1373	If my daughters' father would complete the school work on his weeks.	6/30/2020 2:43 PM
1374	It's not possible. I work for the DA and have an exceedingly high case load	6/30/2020 2:43 PM
1375	it would be better if my children return to school	6/30/2020 2:42 PM
1376	Clearly organized platforms and assignments	6/30/2020 2:42 PM
1377	my employer allowing me to work from home	6/30/2020 2:42 PM
1378	If daycare would assist once I went back to work in the office.	6/30/2020 2:42 PM
1379	Faculty that know how to use technology.	6/30/2020 2:42 PM
1380	If it could be organized and ready to begin immediately. We lost a lot of time last year waiting.	6/30/2020 2:42 PM
1381	Easier work load for my child so that I am able to teach from home.	6/30/2020 2:42 PM
1382	finding a way to "force" kids to participate. Maybe zoom classes where the teachers take attendance	6/30/2020 2:42 PM
1383	Given that my son is going into 12th grade his education is primarily his responsibility so I don't have any requirements	6/30/2020 2:41 PM
1384	I am pleased with the office hours offered as well as the ability to email the teachers with questions.	6/30/2020 2:41 PM
1385	Nothing	6/30/2020 2:41 PM
1386	Better platform. Direct teacher instruction with less homework which in turn is more work for me	6/30/2020 2:41 PM
1387	It went well for me, I have no complaints	6/30/2020 2:41 PM
1388	it would be better to just have them return to school like normal.	6/30/2020 2:41 PM
1389	Longer school hours	6/30/2020 2:39 PM

Q10 What would make the distance learning experience better for your child?

Pleasant Valley School District 2020-2021 School Year Planning Survey

#	RESPONSES	DATE
1	more resources to educational links to make learning fun for my daughter who is easily uninterested.	7/9/2020 12:11 AM
2	He was fine with the distance learning.	7/8/2020 11:31 PM
3	Live instruction, higher expectations, accountability for student work, actual grades instead of pass/fail	7/8/2020 11:30 PM
4	Live instruction, higher expectations, accountability for student work, actual grades instead of pass/fail	7/8/2020 11:29 PM
5	Live instruction, higher expectations, accountability, more appropriate work for special areas instead of completing all special areas everyday.	7/8/2020 11:27 PM
6	It would help if parents were offered a "how to" so that we could help kids navigate through initially. Seesaw was utilized for our younger son and it was very easy to navigate. Once an assignment was completed, it would be great if it would "fall off" of the assignments. It is sometimes confusing to know which assignment was done and graded.	7/8/2020 11:19 PM
7	Face to face learning with online platforms would be more sufficient.	7/8/2020 11:08 PM
8	More live sessions like the breakout rooms, virtual field trips, etc... she only had them in gifted class. Not all live sessions though maybe once a week with flexibility to complete her work throughout the day.	7/8/2020 10:45 PM
9	If the teachers were able to film the lesson plans i think he would be able to follow better, and i would be able to help better.	7/8/2020 10:22 PM
10	nothing	7/8/2020 10:18 PM
11	Same, i feel like the video lesson plans would be so much easier. He would be able to watch and rewind as needed.	7/8/2020 10:15 PM
12	Concrete grading policy	7/8/2020 9:07 PM
13	Teacher interaction	7/8/2020 8:41 PM
14	Have more one on one time with his teachers to ask questions.	7/8/2020 8:38 PM
15	Peer interaction	7/8/2020 8:37 PM
16	More communication with teachers, student peers if possible via chats or zoom rooms. More interactive activities. Questions and answers availability during the specific hours. Webinars designed for basic or detailed topics.	7/8/2020 8:34 PM
17	Peer support	7/8/2020 8:32 PM
18	A laptop or tablet pre-loaded with required software (and I don't mean the 5 year old tablet we got that was void of software and ran off internet platforms which is great for schools with business connection speeds but for those of us who aren't paying for our internet with tax money; we are not that fast...	7/8/2020 8:28 PM
19	It doesn't work	7/8/2020 7:37 PM
20	My son states: "More non mandatory zooms just to asks questions"	7/8/2020 7:30 PM
21	more one to one time	7/8/2020 7:18 PM
22	Her own laptop or chromebook.	7/8/2020 7:14 PM
23	Having classroom interaction where the teacher is actually teaching a lesson and interacting with the students.	7/8/2020 6:55 PM
24	For the teachers to teach and not worry about the little stuff .	7/8/2020 6:46 PM
25	No feedback	7/8/2020 5:54 PM
26	If distant learning included hygiene, hand washing, and kids learning not to touch each other.	7/8/2020 5:19 PM
27	Interactions with classmates.	7/8/2020 4:50 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

28	Be able to interact with classmates.	7/8/2020 4:47 PM
29	Better communication and maybe actual zoom classes.	7/8/2020 4:20 PM
30	Having our children return back to school where they should be!! We dont home school or cyber school for the main reason of, WE FEEL its in our childs best interest to return to school where they are FACE to FACE with their teacher AND their friends!	7/8/2020 3:01 PM
31	One on one tutoring when questions arise regarding calculus, physics and statistics classes.	7/8/2020 2:25 PM
32	More interaction with the teacher and interaction with students.	7/8/2020 2:01 PM
33	If there was a way for my child to speak or facetime a teacher when he doesnt understand.	7/8/2020 1:51 PM
34	Better communication with the teacher and more teacher interaction.	7/8/2020 1:44 PM
35	work sent home in a packet	7/8/2020 1:26 PM
36	Live instruction	7/8/2020 1:16 PM
37	LIVE instruction	7/8/2020 1:12 PM
38	Actual lessons being taught by teachers	7/8/2020 12:28 PM
39	Have more one on one time with his teachers to ask questions.	7/8/2020 12:28 PM
40	Actual teacher interaction	7/8/2020 12:15 PM
41	I'm really not sure	7/8/2020 11:42 AM
42	If they could interact with the teacher more and get to interact with their friends.	7/8/2020 11:24 AM
43	I'm not really sure. I do know 100% at home was not beneficial for her. She even failed a class and has never gotten below a C. I did contact the teacher and she said there were missing assignments. On our end it showed the assignments as turned in.	7/8/2020 10:55 AM
44	more structured learning/actual classes	7/8/2020 10:39 AM
45	more interaction and structure	7/8/2020 10:26 AM
46	Nothing	7/8/2020 10:06 AM
47	Our daughters really enjoyed the distance learning in the Spring. They would have liked to have had some more live video interactions to be able to see their teachers and friends though.	7/8/2020 9:37 AM

307	I don't have the answers, just don't think it is realistic that remote learning for 1st graders will be effective especially with both my husband and I working full-time. As long as there is Y extended out, I will send him there again a few days a week so I can work. A couple of those individuals were also really good about helping him with his online work. Maybe include them in your planning as well??	7/4/2020 6:03 PM
308	a more manageable work load and clarifying of assignments, especially those in which some prerequisites were necessary, due to the lack of face to face teaching	7/4/2020 5:16 PM
309	Assignments should not be due directly at noon or midnight. It is too hard to tell which is which. Use the times, 11:59am or 12:01am, or 11:59pm, for instance. Everyone can figure that out. We think the one teacher mostly had things due at noon, and sometimes midnight too. Perhaps establish a set of classroom rules and expectations, and stick to them. For instance, perhaps setting an expectation that class 'a's assignments are always due at 5am, would help. The children thrive on consistency.	7/4/2020 4:44 PM

316	I think that my child would do better if the teacher set out specific time each week to do private one on one help with each student. My son does so much better when hes in small groups or one on one	7/4/2020 12:22 PM
317	1:1 and group sessions with teachers, possibly group assignments for students to interact with one another, introduction of new materials with support, actual testing with grades to assist in progress monitoring	7/4/2020 11:50 AM
318	A teacher teaching the material. Most of the material given was a you tube video, Ed puzzle, or written directions. When my child did not understand the material there was no one to break it down or teach it in a manner in which she would understand. Teachers were only online a few hours if that a day "office hours" when in school they're available the entire School day.	7/4/2020 11:49 AM
319	a mini lesson/recording for each subject, reading to support on their level the lesson, reinforcing activity for the lesson and a time to "jump" in for a live session for questions, or just to say hi to the classroom teacher	7/4/2020 11:38 AM
320	I don't believe there is much that can be done to improve the experience of distance learning.	7/4/2020 11:35 AM
321	More teacher interaction	7/4/2020 11:16 AM
322	The work must be designed so that it can be completed independently by the student.	7/4/2020 10:31 AM

370	Google chat working. It does not work. More interaction with the teachers.	7/2/2020 8:58 PM
371	classes should rotate assignments so that not all classes have assignments due the same day. or provide the assigned work at the beginning of the week with the assignment due at he end of the week so they can worked on at their own pace.	7/2/2020 8:52 PM
372	Smaller assignments being that my daughter will only be in kindergarten and won't be able to sit for a couple hours. Also, I think videos of teachers would make it more personal, and more exciting for her. Also, maybe doing a zoom call with all of her classmates that would have been in her class to get more of the "social" aspect of school, and so she can make friends through there.	7/2/2020 8:47 PM
373	I think having actual classes to attend like in google classroom or something like zoom would be great. Classes that were mandatory. My daughter was the only one to attend some of the class meetings online and she felt uneasy with that.	7/2/2020 8:47 PM
374	More hands on things	7/2/2020 8:22 PM

436	Not sure	7/2/2020 8:58 AM
437	There are students that need the hands on for many reasons. Not having a hard copy text book was rough for my student as too much screen reading causes migraines. If we need to do distance learning, students MUST be provided with the materials to do the work. Classes also need to have real lessons, on line, that students watch in real time and ask questions. At the high school level they should include other students so that peer learning can also take place. Distance learning and independent learning are very different things.	7/2/2020 8:55 AM

458	My honor roll student struggled. Online learning was hard for her.	7/1/2020 10:57 PM
459	My third grader struggled and hated it. I can't teach concepts i don't understand myself.	7/1/2020 10:53 PM
460	What makes my child thrive is interaction. So lessons and classes taught by the actual teacher via prerecorded videos etc benefits her most. She thrives when she sees and hears her teacher and experiences their personality. Her 3rd grade teachers did a wonderful job maintaining the relationship they had created the first half of the school year. And we absolutely loved the seesaw program. It was much more personal than google classroom.	7/1/2020 10:30 PM

463	If the lessons were actually taught by the teachers via a prerecorded video. Many only provided slides or short, already made YouTube videos by strangers. They need to see and hear and learn from the PVSD teachers. Having it structured just like a regular school day. They have to log in to a particular class at their specified time as if they were there. Go through the periods of the school day as if they were there. And more hands on for the students. Projects make the subject matter real.	7/1/2020 10:21 PM

509	He would not benefit from distance learning at all. I understand that if it isn't a choice we have then that is a different situation. Right now if school is allowed to be open then I rather he goes in because I do not want him falling back especially as smart as he is. He needs routine and with him being home these last couple of months isn't good at all. He has become lazy and more defiant. He needs the structure of being within the school environment.	7/1/2020 5:21 PM

544	being able to have virtual sessions with teacher	7/1/2020 12:33 PM
545	Synchronous teaching and unit-based delivery of concepts, not review, will bolster the efficacy of distance learning. During our previous distance learning approach, the parent was responsible for facilitating the learning. Though SeeSaw is a fabulous tool, it is not navigable by kindergarteners or students with diverse needs without at-home support. Additionally, for progress to be made toward the mastery of standards and skills, students must be scaffold, taught, provided the opportunity to practice, and then assessed on a standard/skill. The results of such data should drive instruction. If the skills have not been mastered, the concept needs to be revisited. Mini-lessons and moving on without assessment don't foster this necessary growth.	7/1/2020 12:32 PM

610	Required zoom meetings	7/1/2020 9:39 AM
611	Live classes with her real teachers. Prerecorded lessons pulled from websites are not adequate. Not every child will understand one set of instructions. Sometimes it needs to be explained just a little bit differently and lesson plans not created by the teacher does not offer this. Also teacher availability for entire school day. When teacher has "office hours" for 1 1/2 - 2 hrs a day it is not fair. If my child doesn't get to a subject within those hours and has an issue there's nothing she can do. This was extremely aggravating to me	7/1/2020 9:36 AM

661	More engagement and activities	7/1/2020 6:03 AM
662	Class Zoom meetings once a week.	7/1/2020 5:48 AM
663	He needs a lot less work that is more useful, not all this busy work. There are just too many assignments	7/1/2020 5:33 AM
664	Lesson getting taught like in class Everything showing up on the calendar like specials	7/1/2020 5:28 AM
665	See above	7/1/2020 5:25 AM
666	Most of the videos (such as Jack Hartman and the authors reading their books) were well-done and catchy. But I'm not sure she would have grasped new material presented to her if I hadn't been there to reiterate and reinforce it. So there definitely has to be some kind of student/teacher one-on-one dialogue occurring so teacher knows student is totally grasping concepts.	7/1/2020 5:23 AM
667	Live interaction.	7/1/2020 4:37 AM
668	More face to face, zoom or other face to face	7/1/2020 4:18 AM
669	See above	7/1/2020 3:52 AM
670	Structural start and finish timelines	7/1/2020 3:29 AM
671	It was great. She's just missing Being in the classroom and seeing her friends.	7/1/2020 3:01 AM
672	Not having to do it at all and just going back to a normal school year.	7/1/2020 2:56 AM
673	If it stayed the way see saw was and not regular cyber	7/1/2020 2:32 AM
674	Help with one on one experience and practice sheets. As well as printers to print out material	7/1/2020 1:31 AM
675	Being with his classmates	7/1/2020 12:51 AM
676	Same as stated above.	7/1/2020 12:48 AM
677	Zoom/facetime interaction with the teacher and especially other students	7/1/2020 12:38 AM
678	To have the option of student learning work sheets and hands on learning instead of it all being on the computer.	7/1/2020 12:38 AM
679	Set schedule	7/1/2020 12:28 AM
680	Face to face	7/1/2020 12:26 AM
681	Face to face	7/1/2020 12:24 AM
682	Going back	7/1/2020 12:12 AM
683	Access to teachers and friends.	6/30/2020 11:59 PM
684	More zoom classwork	6/30/2020 11:54 PM
685	Occasional Interactive "class" participation Clearer communication regarding assignment expectations (e.g., provide outlines or detailed descriptions)	6/30/2020 11:54 PM
686	More live interaction with teacher and classmates, NOT pre recorded instructional videos.	6/30/2020 11:52 PM
687	Grade work instead of pass or fail	6/30/2020 11:51 PM
688	Computer for every child, individualized learning and accommodating extracurricular activities/sports	6/30/2020 11:45 PM
689	Distance learning is not working at all my child. She needs to be back in school. I am nervous about her wanting to keep a mask on but she needs the social interaction. We are struggling at home with this.	6/30/2020 11:39 PM
690	A child with learning disabilities and ADHD needs a structured school environment	6/30/2020 11:39 PM
691	Less than the almost 5 hours of work that I would need to assist with while also working.	6/30/2020 11:39 PM
692	same as above!!	6/30/2020 11:35 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

693	Being back in the classroom.	6/30/2020 11:34 PM
694	Face to face instruction, computer for every child, zoom meetings as needed with teachers	6/30/2020 11:33 PM
695	Being back in school with face to face interaction with teachers and friends; having extracurricular clubs/sports	6/30/2020 11:31 PM
696	One to one zoom meeting with teachers. My child was given assignments with no teaching. He got scolded for not completing things that he was unaware he even had to do. Also not having his own computer and sharing with 8 siblings made it difficult to complete tasks.	6/30/2020 11:29 PM
697	More zoom check ins/lessons to feel like you are still apart of a class. Zoom/video chat one on one if needed for clarification of lessons or assignments.	6/30/2020 11:25 PM
698	Less work assisgments for the week. Sometimes it's too much or at least better directions	6/30/2020 11:23 PM
699	Live or recorded videos with teacher	6/30/2020 11:22 PM
700	online interaction with classmates. I.e. buddy system learning or group learning like they had in class. Switch it up weekly.	6/30/2020 11:21 PM
701	I think a zoom meeting with the teach & each student weekly to really see that they are understanding the material and are not struggling should be available to all and at the very least those with IEPs	6/30/2020 11:19 PM
702	Live or recorded videos with the teacher for each subject	6/30/2020 11:18 PM
703	They would be home	6/30/2020 11:08 PM
704	Zoom meetings/ face to face with teacher, not just pre loaded videos. Kits for lessons Work books (assignments) More challenging work if it's too easy (with guidance from teacher to execute proper teaching methods)	6/30/2020 11:07 PM
705	More interactive lessons with peers and teachers.	6/30/2020 11:06 PM
706	Do not do it!!!!!!!!!!!! My child thrives on socialization getting extra individualized attention through her IEP due to her learning disability and medical conditions. She needs to go to school!!	6/30/2020 11:02 PM
707	Consistent zoom classes with teachers, having classes occur at a specific time	6/30/2020 11:00 PM
708	Nothing	6/30/2020 10:57 PM
709	Structured online classes. Better communication.	6/30/2020 10:57 PM
710	the teacher being face to face	6/30/2020 10:56 PM
711	More instructions and interaction	6/30/2020 10:55 PM
712	He needs to interact, I need to find a spot in the house for him to "set up school" wearing a mask has been very difficult	6/30/2020 10:53 PM
713	Syllabi from all instructors at the beginning of each marking period would be helpful. Opportunity for instructors to be more organized. Using a different interface than Google classroom because it didn't work.	6/30/2020 10:53 PM
714	Assignments posted BEFORE 10AM! Graded assignments.	6/30/2020 10:52 PM
715	Don't do it! My child has many issues that require face to face instruction as well as socialization to help her learn and grow	6/30/2020 10:51 PM
716	more oppotunities for interaction with the teacher and classmates... ie zoom or google hangouts.	6/30/2020 10:48 PM
717	More engagement and motivation. I worry my children did not retain much information from the spring.	6/30/2020 10:44 PM
718	Not doing it at all	6/30/2020 10:39 PM
719	The school should provide a computer for every student and be able to provide face to face instruction for those that need it	6/30/2020 10:38 PM
720	videos of the teachers teaching the material, zoom time with classmates even if its only an hour or so, having everything posted at once not having to check back to see if new assignments are	6/30/2020 10:36 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

	posted throughout the day	
721	Actually classes live with the teacher that the parents can sign up. They need the interaction of teachers and students.	6/30/2020 10:36 PM
722	videos of the teachers teaching the material, zoom time with classmates even if its only an hour or so, having everything posted at once not having to check back to see if new assignments are posted throughout the day	6/30/2020 10:34 PM
723	Video classrooms	6/30/2020 10:31 PM
724	If there is a way to have the students do live interactions with the teachers. That would make it feel more welcoming and positive feeling for all.	6/30/2020 10:28 PM
725	Shorter work assignment for each class.	6/30/2020 10:26 PM
726	Easier to reach the teachers	6/30/2020 10:25 PM
727	My child says "Id rather paper work"	6/30/2020 10:25 PM
728	Online learning courses with teacher. Live!	6/30/2020 10:24 PM
729	If learning remains all online, it would be really helpful to find a way to allow occasional interactive instruction or check-ins between student and teacher. I understand the security concerns of Zoom, but the lack of real-time interaction is really difficult for the youngest students.	6/30/2020 10:23 PM
730	More interaction from teachers Better instruction Actual learning of new material	6/30/2020 10:22 PM
731	Having the teacher post a video of he/she teaching the lesson as he/she would in the classroom	6/30/2020 10:21 PM
732	The ability for me to actually be home to teach her	6/30/2020 10:20 PM
733	Clear communication from teachers as my child prefers lectures over online learning so communication is key	6/30/2020 10:19 PM
734	Maybe lower work load	6/30/2020 10:18 PM
735	Them back in school	6/30/2020 10:18 PM
736	Them going back to school	6/30/2020 10:16 PM
737	Them being back in school.	6/30/2020 10:13 PM
738	I don't think anything they need to be in a classroom	6/30/2020 10:11 PM
739	Having FaceTime or zoom interaction	6/30/2020 10:09 PM
740	That the teachers not overload the work assignments. Some teachers gave multiple assignments. The teachers should try to be a little more understanding that this is new for the students and they are overwhelmed with the amount of work given.	6/30/2020 10:08 PM
741	FaceTime or zoom interaction rather than just assignments. Teachers actually explaining the information. The YouTube video were ok but the teachers could have done a better job explaining the material in my opinion.	6/30/2020 10:07 PM
742	The teacher providing a video of he/she modeling the lesson as if the student was in school.	6/30/2020 10:06 PM
743	Following the school schedule with zoom classes versus logging on at will and relying on emails and posts.	6/30/2020 10:04 PM
744	Better organization of work on Google classroom. It could be confusing as to what needed to be turned in and what didn't.	6/30/2020 10:04 PM
745	Nothing will make distance learning ok for a kindergartener, they need to learn appropriate social and communication skills that are only provided with one on one interaction.	6/30/2020 10:03 PM
746	Not having it	6/30/2020 10:02 PM
747	someone teach my child not just give them work and not showing them how to do it our teach them what it is about	6/30/2020 10:01 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

748	It was NOT a good experience for either of my children	6/30/2020 10:00 PM
749	Face to face teaching, ample opportunity for questions and feed back, conversations.	6/30/2020 9:59 PM
750	It was NOT a good experience for either of my children	6/30/2020 9:59 PM
751	more communication	6/30/2020 9:58 PM
752	Had more face to face time with the teacher	6/30/2020 9:57 PM
753	maybe if they had Skype learning.	6/30/2020 9:55 PM
754	If there was an opportunity for synchronous face-to-face interaction with the teacher and with classmates, I think this would help with motivation - she said numerous times how much she missed seeing her teacher and friends.	6/30/2020 9:54 PM
755	Availability to in person experience where the teacher can be present. There should be an additional option to offer AM/PM classes rather than twice a week.	6/30/2020 9:54 PM
756	If the class could be done on zoom, maybe with the classes being broken up in two sessions to be able to interact with the children. That would help the students feel a connection with distance learning.	6/30/2020 9:52 PM
757	If you could video chats with fellow students, maybe game day with fellow students.	6/30/2020 9:47 PM
758	Some live classes and to see friends that way. A way for students to meet up socially distancing at some place like at the beginning of the year at Rita's for ice cream.	6/30/2020 9:46 PM
759	More teachers interactions not just recordings show and tell where you can talk to classmates and share with each other	6/30/2020 9:46 PM
760	Live stream with a teacher.	6/30/2020 9:45 PM
761	More structured like classroom schedule	6/30/2020 9:44 PM
762	Zoom classes	6/30/2020 9:43 PM
763	Not sure	6/30/2020 9:42 PM
764	Being in school full time	6/30/2020 9:40 PM
765	FIRST--Some live classes. SECOND--A book at home -- not just assignments on line. THIRD-- an assignment list for the week or month instead of only that morning so students can work on things ahead of time if lengthy. FOURTH--a way to interact with friends in class. FIFTH--less daily reading as far as number of pages--some kids are slower readers than others. Asking to read 30 pages a night can take some over an hour at 2 minutes a page that plus the assignment for 1 class starts adding up time-wise.	6/30/2020 9:40 PM
766	If you could video chats with fellow students, maybe game day with fellow students.	6/30/2020 9:40 PM
767	Live zoom classes so they get better instruction	6/30/2020 9:38 PM
768	Less weekly assignments and more daily assignments	6/30/2020 9:33 PM
769	I think there should be more interaction between the teachers and the other children in the class. Maybe the teachers can meet with the child one on one to see how they are doing instead of all pre-recorded videos. They could also do a group of children so they can see each other and see how their friends are doing.	6/30/2020 9:31 PM
770	Zoom classes so they can see the teacher do the lesson	6/30/2020 9:29 PM
771	Distance learning should not be an option while you are collecting taxes. No school No taxes period	6/30/2020 9:28 PM
772	Actually having a classroom setting where they can ask questions.	6/30/2020 9:27 PM
773	Not being so distant	6/30/2020 9:23 PM
774	more challenging activities	6/30/2020 9:22 PM
775	Lessons. For example, her math teacher sent a video of his chalkboard with him teaching the lesson in the same format as when they were at school. Assignments given eAch day but all due Friday if possible	6/30/2020 9:21 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

776	One in one time with instructors.	6/30/2020 9:21 PM
777	Teachers need to teach with online technology	6/30/2020 9:20 PM
778	More interactive activities Per my 12 yr old "teachers need to be more specific with due dates and mark things as turned in"	6/30/2020 9:20 PM
779	N/A	6/30/2020 9:15 PM
780	One app... downloading multiple apps wasn't in our favor since we were working with gen1/3 iPads...	6/30/2020 9:14 PM
781	MORE INSTANT MESSAGING CAPABILITIES FOR LIVE HELP OR QUESTIONS TO TEACHERS LIKE CHAT BOXES OR LIVE VIDEO CHAT POP UPS. PERHAPS MORE GROUP ZOOM ACTIVITIES TO HELP INCORPORATE THE SOCIAL FACTOR.	6/30/2020 9:12 PM
782	To be able to see his class mates maybe zoom classes once a week	6/30/2020 9:08 PM
783	A program like Mobymax or Read180	6/30/2020 9:08 PM
784	Some one that she could see and talk to if she had any questions	6/30/2020 9:08 PM
785	Using one platform not multiple. More teacher availability.	6/30/2020 9:05 PM
786	Social interaction	6/30/2020 9:00 PM
787	Going back to school so they can learn normally	6/30/2020 8:59 PM
788	Not using multiple sites. It becomes confusing for him. More explanation on assignment.	6/30/2020 8:59 PM
789	Nothing.	6/30/2020 8:59 PM
790	Hands on learning such as incorporating science experiments or stem; include virtual such as zoom etc	6/30/2020 8:58 PM
791	Being taught the lesson	6/30/2020 8:56 PM
792	Face to face interaction with a teacher and his classmates even if it is digital!	6/30/2020 8:54 PM
793	A clearer path for what they need to do. The workflow for students was confusing and unintuitive for adults, much less children. While we were able to sit down and figure it out with her, she shouldn't be struggling through multiple menus, opening various applications and web pages, knowing what application opens what types of media, and how to browse safely for certain types of sites and videos. Additionally, the overall process was more akin to an interface adults would expect, students should be given clear, simple instructions and a submit option, not various menus with different submission choices, check-back options, and different sub sections for feedback and follow up work. My child also learns better when an actual lesson is delivered, having information in bullet-points on a Youtube video with hardly any explanation is nothing but memorization, which isn't learning at all.	6/30/2020 8:52 PM
794	More clear instructions and double checking when an activity is created to make sure it can actually be done before being posted for the students. There were some activities where the instructions did not match the actual work template. For example, there was one activity where my child was supposed to draw animals, but the activity template only had the record option, no drawing tools.	6/30/2020 8:51 PM
795	More interaction with teachers and fellow students, maybe the students can pair up	6/30/2020 8:50 PM
796	Scheduled time to be online for school work. All work completed during school hours. Scheduled time for kids to sign on to zoom for a daily lessons. Allowing them to participate in lessons and ask questions.	6/30/2020 8:50 PM
797	If they did zoom classes that were scheduled for student to attend so they can ask questions and participate in lessons.	6/30/2020 8:43 PM
798	Playing with friends in addition to the assignments.	6/30/2020 8:40 PM
799	We have concerns about distance learning in the fall as both parents will be back to working full-time. It will be nearly impossible to manage both of our children's distance learning to ensure that they are understanding the work and that they are completing the work correctly	6/30/2020 8:36 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

and to the best of their abilities. We believe the best means of educating our children is for them to go back to school full-time with social distancing guidelines in place.

800	We have concerns about distance learning in the fall as both parents will be back to working full-time. 801	Live interaction	6/30/2020 8:32 PM
802	More interaction with teachers and peers.	6/30/2020 8:31 PM
803	A mandatory check in and communication	6/30/2020 8:30 PM
804	Being able to see the teacher face to face or perhaps on a zoom instead of only pre-recorded assignments. That said, the teachers did an amazing job!	6/30/2020 8:27 PM
805	Ability to talk with teacher.	6/30/2020 8:27 PM
806	More actual work instead of just videos to watch. And work to her grade level	6/30/2020 8:20 PM
807	It seemed that every time he would finish what we though was the ticket out something else needed to be done	6/30/2020 8:16 PM
808	Do not have it!	6/30/2020 8:12 PM
809	Make it fun so he doesn't mind doing it. Find a way to zoom so they can see classmates	6/30/2020 8:12 PM
810	1. Clearer communication between students, parents and educators. 2. Actual "teaching" done by the teachers, not the students just doing it all on their own. Through a zoom session or a recorded session, but just having the students learn it all on their own is rough. 3. If the teachers were more prepared, organized. (Links all worked, maybe all the classes in one app).	6/30/2020 8:10 PM
811	If she could go to school and learn new things from the teacher teaching her.	6/30/2020 8:08 PM
812	He would do better having an agenda weekly w something needed to learn and then practice to show he learned the concept. Maybe if there was a printable packet they could work from to practice activities and concepts...we spend too much time fighting with the technology and what programs will work and which we need to use a different device for	6/30/2020 8:05 PM
813	More examples for the kids to go off of!	6/30/2020 8:03 PM
814	If he were able to interact with the teacher or perhaps share work/projects/accomplishments with other students.	6/30/2020 8:02 PM
815	If they could see their teachers and learn new material and interact with friends.	6/30/2020 8:02 PM
816	More interaction with teachers	6/30/2020 8:00 PM
817	More examples of the work to show how to do it! More teacher interactions!	6/30/2020 7:57 PM
818	Not Applicable	6/30/2020 7:56 PM
819	Live sessions with teachers and the ability to get quicker responses from teachers	6/30/2020 7:53 PM
820	Prefers in person instruction	6/30/2020 7:48 PM
821	He really doesn't want distance learning as he is concerned about what he may miss and thus not have fully to be prepared for college. Also the inconsistency of Blue Ridge cable to provide internet on an even flow.	6/30/2020 7:47 PM
822	putting out a weeks worth of school work for the week, so we are able to get ahead. Getting in better contact with the technical school so we are able to actually get work. Giving the teachers better resources to use(everything was all over the place).	6/30/2020 7:47 PM
823	Teachers giving out the work for the whole week at the beginning of the week instead of posting new work each day.	6/30/2020 7:46 PM
824	He feels that cyber school is not real school.	6/30/2020 7:46 PM
825	See previous.	6/30/2020 7:44 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

826	Simple lesson plan. Just give that specific days work that is due, on that day. The calendar got confusing, and then you had to keep going back to see if anything was missed, or couldn't remember what was due when. Ended up with a bunch of work due all at once, because my daughter did her daily work, then thought she was done, but had the other lessons to finish that were previously given but not due until a later date.	6/30/2020 7:44 PM
827	Distance learning would be better for my child if teachers specified due dates better, assigned less work (understanding that students are essentially teaching themselves and that takes just as much time as complete the significant amount of work they have), and were able to provide more resources for students.	6/30/2020 7:43 PM
828	Nothing	6/30/2020 7:42 PM
829	The ability to interact somehow with friends, classmates, yeachers	6/30/2020 7:40 PM
830	Student to teacher interaction for learning in a simulated classroom environment	6/30/2020 7:39 PM
831	To have him video call.	6/30/2020 7:36 PM
832	The ability to connect w/friends, classmates, teachers in some fashion more regularly and in real time (zoom, Skype,.etc)	6/30/2020 7:35 PM
833	More interaction with her teachers. Live class.	6/30/2020 7:33 PM
834	She had no motivation at all for online learning.	6/30/2020 7:33 PM
835	Same as above	6/30/2020 7:31 PM
836	Check their home work everyday and make sure to fallow up.	6/30/2020 7:29 PM
837	Not sure as there was not much work not any challenging to learning new material. I felt that my child didn't advance much due to the lack of being able to learn in a classroom.	6/30/2020 7:29 PM
838	no homework	6/30/2020 7:29 PM
839	Some zoom classes and longer time for students to be able to communicate with teachers not just certain hrs teachers should be available just like normal school hrs	6/30/2020 7:28 PM
840	Longer time for students to be able to communicate with teachers. Teachers should be available just like normal school hours	6/30/2020 7:28 PM
841	More interaction with all his classmates	6/30/2020 7:28 PM
842	N/A - wants to be in school.	6/30/2020 7:27 PM
843	same as above.	6/30/2020 7:27 PM
844	Having help when needed and something to access for help.	6/30/2020 7:26 PM
845	Engaging with his teacher and classmates in real time via zoom or skype for example	6/30/2020 7:25 PM
846	I think more interactive lessons and videos, with a more hands-on approach would be beneficial.	6/30/2020 7:23 PM
847	Interactive video calls between children and teacher more classroom atmosphere	6/30/2020 7:22 PM
848	Less work load and more face to face interaction with students. You cannot expect kids to learn from videos	6/30/2020 7:22 PM
849	Better communication... more responses to questions from student	6/30/2020 7:21 PM
850	My child would benefit from more teacher interaction, perhaps video lessons or hands-on lessons to do at home.	6/30/2020 7:18 PM
851	Same as above and less work load	6/30/2020 7:18 PM
852	same	6/30/2020 7:18 PM

890	Nothing	6/30/2020 6:41 PM
891	More praise to the kids on the work they are doing. Whether it's good or bad. More interaction with teachers on a weekly basis. More one on one interaction. We want to return to school as normal as possible but no masks for kids. My child is not comfortable wearing it that long. Also technology needs to be provide to more families. We used an ipad and would need a laptop this time.	6/30/2020 6:39 PM
892	Nothing.	6/30/2020 6:37 PM
893	Consistent procedures/set up of technology, especially in google classroom and notification when teachers were commenting in google classroom.	6/30/2020 6:37 PM

903	nothing	6/30/2020 6:30 PM
904	More live classes/recorded classes	6/30/2020 6:29 PM
905	It would be better if she met her teacher more on zoom. Offer it daily like 5th grade did	6/30/2020 6:29 PM
906	My child should be able to attend a live virtual class. Having to make a special, live appointment with the teacher under certain conditions is more an hindrance then an opportunity.	6/30/2020 6:27 PM
907	More face to face with the teacher	6/30/2020 6:27 PM
908	Easier access better direction more teacher involvement	6/30/2020 6:26 PM
909	Everything in one place and easy to access, all required assignments should have due dates so they show up on the classroom tile (this makes it easier for kids to check they've accomplished everything),	6/30/2020 6:25 PM
910	Live zoom meetings with teacher and class	6/30/2020 6:24 PM
911	I feel my son would have benefitted from live or pre-recorded classes. But overall, he transitioned flawlessly. He has always struggled in school. Yet when I was working with him one on one, he said this was the first time in years that he actually absorbed what he was being taught.	6/30/2020 6:23 PM
912	Not having it.	6/30/2020 6:21 PM

921	More interaction	6/30/2020 6:15 PM
922	More accountability and live classes	6/30/2020 6:14 PM
923	Virtual classroom content with teachers and peers.	6/30/2020 6:12 PM
924	She would like to see a teacher teaching via Zoom maybe rather than giving power points with all the information needed to complete assignments.	6/30/2020 6:11 PM
925	To keep it the same way that the Spring of 2020 was done.	6/30/2020 6:11 PM
926	Being able to talk with her teacher and friends	6/30/2020 6:09 PM
927	I think the big thing for my child was missing her classmates, friends as well as teachers. As a only child she went from seeing children everyday to none. Maybe having live classes at a certain time they could see the other children and have some sorta interaction.	6/30/2020 6:07 PM
928	More interaction with students	6/30/2020 6:05 PM
929	She thinks it's perfect as is.	6/30/2020 6:05 PM
930	face to face learning like zoom once in awhile instead of all recorded videos and sounds	6/30/2020 6:02 PM
931	Better grading tracking	6/30/2020 6:00 PM
932	communication with the teachers and have them available to answer questions	6/30/2020 5:59 PM
933	Shorter instructional videos explaining the background of the lesson. He gets bored after having to watch a 5 minute video of what the work is about and just wants to get to the work	6/30/2020 5:59 PM
934	More interaction with their friends	6/30/2020 5:58 PM
935	Being able to see teacher and having the work taught to him	6/30/2020 5:58 PM
936	If we didn't have to do it	6/30/2020 5:58 PM
937	Getting in contact with teachers should be easier for the children. At times they would send emails and the teachers would not get back for a long time.	6/30/2020 5:57 PM
938	communication with the teachers	6/30/2020 5:56 PM
939	More life skills classes implemented.	6/30/2020 5:56 PM
940	Not doing it	6/30/2020 5:56 PM
941	Better interactions with her friends maybe meet in once a week Via zoom	6/30/2020 5:54 PM
942	Being able to interact with teacher	6/30/2020 5:54 PM
943	less busy work	6/30/2020 5:54 PM
944	To go to school normally and not do long distant learning	6/30/2020 5:53 PM
945	If we didn't have to do it	6/30/2020 5:52 PM
946	More teacher-led lesson videos.	6/30/2020 5:52 PM
947	Being in front of teacher	6/30/2020 5:51 PM
948	Student to student interaction, better communication with teachers, different types of assignments to keep everything interesting.	6/30/2020 5:50 PM
949	Teachers available and more live lessons	6/30/2020 5:49 PM
950	More scheduled social meetings (optional not graded) for the kids to interact with each other and the teacher.	6/30/2020 5:49 PM
951	Not having to do it	6/30/2020 5:46 PM
952	Going back to school and I dont want my child wearing a mask all day.	6/30/2020 5:45 PM
953	Nothing	6/30/2020 5:45 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

954	more teacher interaction, and explanation of assignments. Student to student interaction.	6/30/2020 5:44 PM
955	There is not anything that could make distance learning better for him. He is a 100% in class student, that ask questions and is always answering the teachers questions.	6/30/2020 5:43 PM
956	Same	6/30/2020 5:42 PM
957	Interactions, a schedule time frame, extra curricular activities	6/30/2020 5:42 PM
958	My child did well with distance learning	6/30/2020 5:40 PM
959	More face to face interaction with class utilizing zoom or other platforms to make it more fun	6/30/2020 5:40 PM
960	Not so many videos to watch before completing assignments.	6/30/2020 5:38 PM
961	Same as 9. She needs interaction with other kids and teachers.	6/30/2020 5:36 PM
962	Possibly less activities and the teacher there for interaction.	6/30/2020 5:35 PM
963	Having art and music classes available.	6/30/2020 5:35 PM
964	Not having to watch so many videos before completing assignments.	6/30/2020 5:35 PM
965	Face to face online instruction.	6/30/2020 5:35 PM
966	Motivation to complete activities; teacher contact/interaction	6/30/2020 5:35 PM
967	Overall she enjoyed it. There were some issues with being able to access things and there was a delay hearing back from teachers which frustrated her. Being able to im teachers during set hours would be great to conquer any connection issues and ask questions.	6/30/2020 5:35 PM
968	Have the teachers post assignments at the same time.	6/30/2020 5:34 PM
969	Accommodations for his visual impairment	6/30/2020 5:33 PM
970	Being able to set through visual teacher taught leasons	6/30/2020 5:31 PM
971	They should be in a zoom classroom so they can have a face to face and learn each lesson properly with a teacher present	6/30/2020 5:31 PM
972	Mix actual classroom instruction with distance learning.	6/30/2020 5:31 PM
973	Not as much work every day	6/30/2020 5:31 PM
974	One on one time	6/30/2020 5:30 PM
975	More live classroom lessons online	6/30/2020 5:30 PM
976	Teaching the way it was before COVID	6/30/2020 5:30 PM
977	Live zoom classes at set times, as if they were in the classroom	6/30/2020 5:30 PM
978	Nothing	6/30/2020 5:29 PM
979	for the teachers to explain it more so the students can understand it better.	6/30/2020 5:28 PM
980	More live lessons, to see the teacher face to face	6/30/2020 5:28 PM
981	The teachers being able to receive the work when sent the first time	6/30/2020 5:27 PM
982	More focus on the work then friends	6/30/2020 5:26 PM
983	Better understanding curriculum	6/30/2020 5:26 PM
984	Learning in the proper environment and with proper material	6/30/2020 5:26 PM
985	Zoom meetings	6/30/2020 5:26 PM
986	Zoom meetings at possibly certain times so it might make my child feel more like she's with her class.	6/30/2020 5:25 PM
987	I think a combination of remote and in person learning would be best for him. New concepts done in school. Practice at home. That way anything not understood can be addressed with the teacher. Also then my son knows the work is mandatory from the teacher. Mom doesn't have the authority to say you can skip the assignment. Might cut down on fits	6/30/2020 5:24 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

988	Having group lesson on a platform such as zoom or google so that kids can have time to check in with one another and establish relationship with teachers.	6/30/2020 5:24 PM
989	More interaction with the teachers	6/30/2020 5:23 PM
990	More communication and interaction with teachers. My child felt she didn't learn anything.	6/30/2020 5:21 PM
991	Zoom meetings with teacher and peers	6/30/2020 5:21 PM
992	More organized	6/30/2020 5:20 PM
993	Patience from the teacher Communication with the teacher Zoom meetings for interactions with teacher and peers	6/30/2020 5:18 PM
994	Better instructions	6/30/2020 5:18 PM
995	It allows them to learn at times that suit them best, and also opens the door for more relax time, when people are actually able to relax.	6/30/2020 5:17 PM
996	Have a set daily schedule to review and complete assignments with my daughter	6/30/2020 5:17 PM
997	more interaction with friends and teachers	6/30/2020 5:17 PM
998	Chromebook, we never got call or email to get one by time we were told it was too late. Also not too many writing assignments on the seesaw unless chromebooks are touch screen. She had hard time writing with the draw tool. Easier just to type.	6/30/2020 5:17 PM
999	Zoom meetings with teachers and peers time to complete assignment	6/30/2020 5:16 PM
1000	One on one communication with teachers, once a week check in via phone or face time.	6/30/2020 5:16 PM
1001	It depends on what program you'd be asking us to use.	6/30/2020 5:15 PM
1002	He needs more interaction with teachers and his learning support.	6/30/2020 5:15 PM
1003	Kids need actual instruction. Posting assignments/reading material is not the same as being in a classroom. Other school districts were able to figure out how to post live instruction and have interaction with kids. We need to do the same.	6/30/2020 5:14 PM
1004	Seeing other students live during the school day as opposed to watching videos and completing assignments	6/30/2020 5:14 PM
1005	on computer with a teacher and their classmates	6/30/2020 5:13 PM
1006	Meeting with the teacher, for face to face instruction, specials work to either be meaningful, or don't do them. Less confusing with so many Googlw Classrooms.	6/30/2020 5:13 PM
1007	Better organized	6/30/2020 5:13 PM
1008	My child needs actual instruction. Posting assignments/reading materials is not the same as being in a classroom. This did not work for my child.	6/30/2020 5:11 PM
1009	Better communication between teachers and students. Better access for students to get help with assignments.	6/30/2020 5:11 PM
1010	N/A	6/30/2020 5:11 PM
1011	Not applicable	6/30/2020 5:10 PM
1012	Kids need live instruction. Posting assignments or items to read is not the same as being in a classroom. Many other school districts held live (or was live now recorded) lessons for kids.	6/30/2020 5:09 PM
1013	More structure and a laptop for each child.	6/30/2020 5:09 PM
1014	More interaction with friends	6/30/2020 5:09 PM
1015	I thought everything was fine and my son had no problems at all	6/30/2020 5:09 PM
1016	More face to face or zoom classes. The only zoom class my son had was speech and my daughter did not have any zoom classes.	6/30/2020 5:08 PM
1017	Zoom - learning by the teacher directly and better communication and teaching the subjects	6/30/2020 5:07 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1018	She didn't seem to care for the YouTube videos.	6/30/2020 5:07 PM
1019	He is motivated to learn and was frustrated by the slower pace of online learning. For example, we covered 2 topics in math but he would've completed double that or more in school.	6/30/2020 5:07 PM
1020	hard time without teacher help	6/30/2020 5:07 PM
1021	zoom Pre start meet and greet with teacher	6/30/2020 5:06 PM
1022	More actual Zoom teaching of lessons. None of my sons teachers even offered any zooms where they taught or at least explained material.	6/30/2020 5:06 PM
1023	same	6/30/2020 5:05 PM
1024	More activities	6/30/2020 5:05 PM
1025	I dont believe it's a good idea children need human interaction and to be around other children for proper growth experience	6/30/2020 5:03 PM
1026	Having a checklist to check off completed work daily	6/30/2020 5:03 PM
1027	More social activities online. The ability to chat with friends and chat with teachers.	6/30/2020 5:02 PM
1028	Zoom/Teams virtual interaction	6/30/2020 5:01 PM
1029	More structured, live lectures/classes, etc.	6/30/2020 5:01 PM
1030	Seeing his teachers everyday not once a week.	6/30/2020 5:01 PM
1031	Needing to see a teacher daily	6/30/2020 5:01 PM
1032	I think my child would enjoy distance learning better if she could still see and interact with her teachers and other students IE: Zoom meetings, etc	6/30/2020 5:00 PM
1033	No pressure signing on daily.	6/30/2020 5:00 PM
1034	Not sure	6/30/2020 4:59 PM
1035	Better explanation of the assignments. She feels she gets better clarification of what is expected in the class because there are multiple people asking questions.	6/30/2020 4:59 PM
1036	see above	6/30/2020 4:58 PM
1037	Not sure	6/30/2020 4:57 PM
1038	more teacher instructions - a video cannot teach us how to do a science lab - a parent had to be involved in all of the labs while the teacher simply assigned it	6/30/2020 4:56 PM
1039	Zoom meetings for interaction	6/30/2020 4:56 PM
1040	Same answer as above....	6/30/2020 4:56 PM
1041	Teachers who will teach directly- it's difficult to learn new subjects unless they teach live	6/30/2020 4:56 PM
1042	More guidance, I know it was last minute and hard to deal with but moving forward better understanding of the material or more organized	6/30/2020 4:56 PM
1043	To be able to see other students as well as interaction with teacher	6/30/2020 4:55 PM
1044	N/A	6/30/2020 4:55 PM
1045	More precise instructions	6/30/2020 4:55 PM
1046	To have teachers give out assignments in a timely fashion and better accessibility to ask questions to teachers regarding the assigned work.	6/30/2020 4:54 PM
1047	One google classroom where all the teacher's uploaded the student's work. The work became excessive at times, perhaps because there was a lack of communication between subject teachers, each posting within their own google classroom and not seeing the work that was posted among their colleagues. Too many google classrooms to effectively manage.	6/30/2020 4:53 PM
1048	Having more structure and interaction with the teachers and their classmates. Another chrome book, having textbooks.	6/30/2020 4:52 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

1049	Send them back to school as normal	6/30/2020 4:52 PM
1050	Have them interact more with teachers and students.	6/30/2020 4:51 PM
1051	More intense curriculum, longer sessions of school work	6/30/2020 4:51 PM
1052	More live instruction. My daughter really missed the enthusiasm for subject matter that the content area teachers bring to the classroom.	6/30/2020 4:49 PM
1053	Focusing on school work weather the teacher emails us or no	6/30/2020 4:49 PM
1054	Classroom virtual interactions. Classmate day or night something to keep them engaged.	6/30/2020 4:49 PM
1055	Live classroom and more interaction with classmates online	6/30/2020 4:46 PM
1056	More interactive meetings with the class, ie Zoom. Extracurricular activities	6/30/2020 4:45 PM
1057	Having what he needed or being in school he needs face to face	6/30/2020 4:45 PM
1058	Waking up	6/30/2020 4:45 PM
1059	Seeing the students and get a chance to work together.	6/30/2020 4:45 PM
1060	Receiving a chrome book so my child can access distance learning. I am now working from home and use my computer for work.	6/30/2020 4:44 PM
1061	Actually seeing a teacher via zoom at least some of the time	6/30/2020 4:44 PM
1062	Focus and no distractions	6/30/2020 4:44 PM
1063	One on one Face time with her teacher	6/30/2020 4:44 PM

1072	Being able to communicate with friends	6/30/2020 4:39 PM
1073	My son who was in 3rd grade struggled with distance learning. Thought it was boring and hated having to make videos or voice recordings. However my daughter in 6th grade loved distance learning.	6/30/2020 4:38 PM
1074	not doing it	6/30/2020 4:36 PM
1075	More interaction with classmates, more challenging assignments	6/30/2020 4:36 PM
1076	It would be better because she could just stay at home and her family members can help her.	6/30/2020 4:35 PM
1077	It was terrible, I don't know. Took one hour to write one sentence.	6/30/2020 4:34 PM
1078	Keep things the same and maybe less work	6/30/2020 4:34 PM
1079	My child learns better from other adults who aren't family. Maybe video instruction would be more effective, though again I worry about concentration and motivation.	6/30/2020 4:34 PM
1080	nothing	6/30/2020 4:33 PM
1081	see above	6/30/2020 4:33 PM
1082	More teacher made video tutorials explaining the lesson	6/30/2020 4:33 PM
1083	Needs to be in the classroom. We are not certified teachers and struggle getting our kids to do the work. Spring 2020 was a waste.	6/30/2020 4:32 PM

1157	Not so much work due at once.	6/30/2020 3:48 PM
1158	I feel like if it was live teaching she would have listened to what the teacher was saying better.	6/30/2020 3:48 PM
1159	better system. google classroom is not a good system at all	6/30/2020 3:48 PM
1160	zoom sessions or in-person sessions where they can see their friends and teachers	6/30/2020 3:47 PM
1161	Being able to have some kind of interaction with her teacher and peers.	6/30/2020 3:47 PM
1162	More schedule classes	6/30/2020 3:46 PM
1163	everything on one website	6/30/2020 3:46 PM
1164	Making it more interactive, more exciting	6/30/2020 3:46 PM
1165	Not sure	6/30/2020 3:46 PM
1166	Just more communication with parents i think will help us keeping the kids on task. Most of us work and this is going to be our second job for 2021 we just need guidance and how you would like us to proceed. I honestly believe most parents understand its going to hard for 2021 we need to know what is expected of us and how we can help to make this easier for the children. Especially with the HS children sometimes information doesn't get to the parents. Thank you	6/30/2020 3:45 PM
1167	not having distance learning. open schools as normal	6/30/2020 3:45 PM
1168	More interaction instead of just watching videos	6/30/2020 3:45 PM
1169	More science experiments. She really liked doing those assignments.	6/30/2020 3:45 PM
1170	Being able to have some kind of interaction with her teacher and her peers.	6/30/2020 3:44 PM
1171	Considering the situation that we are in currently and having to adapt to the online learning I don't believe there would be anything to make it better. Once we got used to it, we didn't have any issues. I just feel like my child isn't getting the full affect of learning as he would with in person learning...As far as socializing, listening, following directions and structure with school.	6/30/2020 3:44 PM
1172	Nothing my kids enjoyed doing there work on the computer.	6/30/2020 3:44 PM
1173	I don't have the answer, it's not the same as actual school so the focus isn't there.	6/30/2020 3:44 PM
1174	Learning more new material, more structured lessons (less free writing and subjective assignments)	6/30/2020 3:44 PM
1175	Real-time interaction with the teacher and other students.	6/30/2020 3:44 PM
1176	Live classes with teachers at schedules times	6/30/2020 3:43 PM
1177	Daycare provided for 3 younger siblings.	6/30/2020 3:43 PM
1178	More interactions (maybe video calls) so I can understand the material better. Maybe have Zoom Rooms so students can interact with each other during the day...outside of classroom time.	6/30/2020 3:43 PM
1179	n/a	6/30/2020 3:43 PM

1182	more face to face lessons	6/30/2020 3:39 PM
1183	Nothing. He is a senior now. He wants to go to school. Period. He does not do well with online learning at all and absolutely hated every minute of it. Plus he missed lettering in his sports. He needs a more normal type experience	6/30/2020 3:39 PM
1184	The Pandemic due to the Corona virus n protests of Racial hate b OVER!!!	6/30/2020 3:38 PM
1185	Nothing	6/30/2020 3:37 PM
1186	live lessons, Q&A, pre-recorded lessons as if they are in class.	6/30/2020 3:37 PM
1187	not having distance learning. open schools as normal	6/30/2020 3:37 PM
1188	to be in school.	6/30/2020 3:37 PM
1189	More communication with student on their work before they fall below; follow up with student with more examples so teacher knows student has a better understand of the lessons.	6/30/2020 3:36 PM
1190	Theme based learning activities---The learning activities should not be disjointed. For example: Read about Earth; write something every day about how you help the Earth, and then the art activity should be about Earth. The random assignments just lack purpose; therefore, they are meaningless. I feel as though I am "checking boxes" on Seesaw...Let's just get it done! I don't want that.,and my child doesn't want that either. There was a time when the iPad was fun, but not so much anymore.	6/30/2020 3:35 PM
1191	The experience would be much better if zoom lessons were used like classroom sessions. The teacher should teach the lesson and then set up time to answer questions. Homework can be given in the format that the EOY instruction was (click links, watch videos, etc) - but the students need to be taught, not just told to watch things.	6/30/2020 3:34 PM
1192	More interaction with teacher and peers	6/30/2020 3:34 PM
1193	Everything I mentioned in #9 especially PV teachers, teaching and not only emailing directions and sending links to others teaching the subject matter.	6/30/2020 3:34 PM
1194	The teachers should explain the assignment so that the child will know what is required of him/her. In addition, after the child completes an assignment, the teachers should mark it,show what he did wrong and show how to fix it.	6/30/2020 3:32 PM
1195	My child tried Cyber last year. We were up until 2AM every night. We went back to school and she excelled again. She needs to hear other people's thoughts and ideas (as in a classroom setting) to fully understand	6/30/2020 3:30 PM
1196	If I could stay home and teach but we have to work.	6/30/2020 3:29 PM
1197	Live lesson once a week regarding the material for the up coming week for the child to ask questions and understand	6/30/2020 3:29 PM
1198	My daughter loved it	6/30/2020 3:28 PM
1199	One learning platform instead of several	6/30/2020 3:28 PM
1200	We would need a newer computer or chromebook. Our older pc had trouble running certain programs. Our ipad could run the programs but must not be compatible with google because any google form submitted on the ipad never went through to the teacher.	6/30/2020 3:28 PM
1201	I feel it would benefit my child to have better study guides and extra examples if learning is on his own at home for parents to understand too.	6/30/2020 3:27 PM
1202	More organized. One teacher assigned almost ten times more assignments than his other teachers in core classes and some of the assignments were high school and college level. My child worked very hard and very diligently in completing and trying to succeed and still did not muster enough support from this teacher. This teacher should no longer be teaching children. He ruins their educational experience.	6/30/2020 3:27 PM
1203	Going to school. She hated it so much I literally had to force her to do work, and this is a child who loved everything about school.	6/30/2020 3:27 PM
1204	She does not do well teaching herself. She needs teacher interaction.	6/30/2020 3:27 PM

1205	Nothing	6/30/2020 3:27 PM
1206	Providing more than 1 laptop per household	6/30/2020 3:27 PM
1207	Nothing she can think of.	6/30/2020 3:26 PM
1208	more structure with assignments, more interaction with teachers	6/30/2020 3:26 PM
1209	Being in school, lol	6/30/2020 3:25 PM
1210	To actually have the teacher teaching the lesson instead of having student read and try to learn	6/30/2020 3:25 PM
1211	Not having it. He needs to be taught in a classroom with his peers.	6/30/2020 3:23 PM
1212	Zoom classes	6/30/2020 3:23 PM
1213	If you acknowledged tech students in this platform.	6/30/2020 3:23 PM
1214	My daughter actually said that she would appreciate more challenging assignments with distance learning. She also said that she really would like the ability to have some assignments completed with actual paper and/or books instead of them all being interactive via the internet.	6/30/2020 3:22 PM
1215	Communication with teachers	6/30/2020 3:21 PM
1216	Less time on computer. Weekly social interaction with mask and precautions so they can at least feel like a kid.	6/30/2020 3:21 PM
1217	Some fun activities pertaining to the lesson plan rather than constant brain wracking work!	6/30/2020 3:21 PM
1218	The mental and emotional simulation of being with people. Being home all day by herself for a 15 year old is depressing.	6/30/2020 3:20 PM
1219	more hours to be able to get in touch with a teacher if he would need help	6/30/2020 3:20 PM
1220	Zoom classrooms to see friends	6/30/2020 3:20 PM
1221	Again for it to END! He needs to be in school	6/30/2020 3:19 PM
1222	I think better communication with teachers would help her best during her final few classes she has left before graduating.	6/30/2020 3:18 PM
1223	no concerns	6/30/2020 3:18 PM
1224	More teacher led zoom calls and explaining new concepts	6/30/2020 3:18 PM
1225	I think the teachers should do a zoom meeting at least once a week so all the children are able to see each other. I know it was hard on my oldest child not being able to see her friends.	6/30/2020 3:18 PM
1226	More assignments and greater accountability	6/30/2020 3:18 PM
1227	Nothing much, my child prefers online learning from time to time as it is much simpler with work directly handed to us with not much need for long teaching lessons beforehand. He just misses interactions with friends/companions.	6/30/2020 3:17 PM
1228	Video lessons. Interactions with classmates.	6/30/2020 3:17 PM
1229	My child would need an actual live lesson where the material is explained in real time. His teacher did an awesome job given the circumstances but he needs extra help as it is and he just needed more interaction.	6/30/2020 3:17 PM
1230	A little bit more fun activity learning for subject's!	6/30/2020 3:17 PM
1231	School and distance learning.	6/30/2020 3:16 PM
1232	I don't know that anything would make it better for him. He is not motivated, does not like school and hates doing homework when he could be playing video games or sleeping. It was very difficult to get him motivated.	6/30/2020 3:16 PM
1233	There was a lack of online fiction reading material at my child's reading level on epic. He is a struggling reader at a lower level. He was required to read fiction books and complete assignments yet he didn't have enough choices. He ended up having to pick harder books that he needed a lot of assistance with. Perhaps a different source of books besides Epic would help.	6/30/2020 3:16 PM

1234	maybe a live platform where the kids can ask questions and be alongside their classmates.	6/30/2020 3:16 PM
1235	Having meetings the teachers can see the teacher example zoom meetings	6/30/2020 3:16 PM
1236	Allowing my child to work at their own pace.	6/30/2020 3:16 PM
1237	All of children absolutely despised it. If they have to do it there better at least be sports and activities.	6/30/2020 3:15 PM
1238	More face to face time with the teacher. Especially math. Due to the "new math" I am unable to assist when an issue arises.	6/30/2020 3:15 PM
1239	Being able to view classwork for a weeks at a time and doing it at your own pace instead of assignments posted daily	6/30/2020 3:15 PM
1240	Not having it. My child did not do well with self learning . She needs to be engaged in a learning environment.	6/30/2020 3:15 PM
1241	More interaction with the teachers and peers. More challenging assignments.	6/30/2020 3:14 PM
1242	interaction within a classroom or zoom video chat	6/30/2020 3:14 PM
1243	she wants to go back to school.	6/30/2020 3:14 PM
1244	Nothing ,he dislikes it.	6/30/2020 3:13 PM
1245	Lots of zoom learning sessions live with staff would be most effective. That being said, during our break last year, My sons class had kids logging on yelling racial slurs and the teacher did not know how to control the situation and it was out of hand. Teaching your staff how to prevent such disasters is important to all families.	6/30/2020 3:13 PM
1246	N/A	6/30/2020 3:13 PM

1328	Scheduled Zoom times with the class. Scheduled Zoom time maybe once a week to discuss assignments. Use of messenger so the kids can ask questions as they arise. A discussion forum where kids can help each other when there are questions. Major thing - having due dates on ALL assignments. My daughter almost failed a subject as with Google Classroom the assignment doesn't show on the dashboard unless there is a due date. Once we figured that out we had to go into each individual class to see if there was anything. But adding the due dates would assist with this.	6/30/2020 2:48 PM
1329	Same as above	6/30/2020 2:48 PM

1	What happens if one child gets sick in the classroom? Does the whole class and the teacher have to quarantine for 14 days? Hopefully that wouldn't be counted against them. How will they do work while they are quarantined? Will they be sharing materials for projects, experiments, etc...? How will they social distance themselves - won't they have larger classes due to the retirement and furlough of many teachers?	7/8/2020 10:45 PM
2	My concern is what are they doing for lunch? Are they going to all be in the lunchroom eating? Because i would guarantee there won't be social distancing, once they take the mask off to eat, someone will sneeze or cough on my child and then what? Also what if it gets more severe in the area? And the school closes again for distance learning then they will have to readjust. I would like to wait until it gets closer to when school is going to open for me to make an informed decision.	7/8/2020 10:22 PM

5	My child wants to go to school but very scared of being infected, deeply concerned. Some people might not be caring for ideological reasons.	7/8/2020 8:34 PM
6	None	7/8/2020 8:32 PM
7	Even though the conceptual online basis for distance learning through the internet has been solid for a decade or so; my concern is that public schools have been dragging their feet in developing these strategies because they are fearful that it is the beginning of the end of their careers. Therefore, while private institutions might be ready and prepared for this, our public schools are not. That seemed very obvious and clear this spring. That's my concern.	7/8/2020 8:28 PM
8	If school is distant learning teachers can go to school and teach from their classrooms.	7/8/2020 7:37 PM
9	I dont want there to be too many kids together. It is too risky and dangerous.	7/8/2020 7:14 PM
10	Will the school also provide hand sanitizer and instruct the students to use when getting up from their desks and going to and from the classrooms?	7/8/2020 6:55 PM
11	In regards to #11 - we are fully aware and understanding that schools need to follow certain protocols but having children wear masks while in school is something we are NOT in favor of.	7/8/2020 5:54 PM
12	1. we are not as concerned with our children going to school as we are concerned about the mask and safety protocols unnecessarily implemented. 2. Transportation, do you realistically think children can be personally transported daily? 3. Scheduling, do you realistically think one or both parents can alter their schedule enough to safely accommodate our children's schedule? 4. MASKS, do you think a child (5-16 years of age) can safely and appropriately maintain a mask ALL day? You do realize how many times the dirty little hands will be touching their faces right? 5. Time, is this on the horizon of being a "new normal" or a precautionary action taken for a trial period? 6. Socialism, how does that word ring to you? GYM, LUNCH, RECESS, BUS RIDE, LIBRARY, SPORTS, MUSIC, ART. You want to implement restrictions on everything that makes a child flower into an individual adult, please consider mandates with high regards to a quality of life!	7/8/2020 5:19 PM
13	I feel it should be left up to the parents whether they want their kids going back to school or not. If people are nervous, they should then have the option to Cyber school their children. When people like myself who wants their children to return to school, should be aloud that option.	7/8/2020 3:01 PM
14	Could you give students thre option to stay home if they are not comfortable or don't feel safe at school?	7/8/2020 2:25 PM
15	How are the children going to wear mask all day, how are they implementing social distancing and how are they going to have school lunches.	7/8/2020 2:01 PM
16	just that that are cleaning the schools and making the kids wash there hands	7/8/2020 1:26 PM

17	Worried about sending my child to school now that there has been a spike in positive Covid 19 patients in Monroe County and the state.	7/8/2020 12:19 PM
18	My biggest concern is how they're going to wear masks all day and how they're going to social distance them and how they're going to eat lunch.	7/8/2020 11:24 AM
19	I think this is going to provide certain teachers and administrators more "rules" I'm concerned with the anxiety as a whole to turn into drilling these kids and serving more punishments to deal out to them. I know this is scary but these kids are already suffering. I know some kids will test the waters, but as teachers and adults, i hope as a whole PV staff can provide a positive as possible environment. I dont want my kid or anyone else to suffer more. Lastly, I know the handful of times my daughter was out for over an hour with a mask on, she got a headache and felt ill. I DO NOT want her to have to wear a mask all day, I think that's reversing the health benefit.	7/8/2020 10:55 AM
20	Questions listed in our first daughter's survey.	7/8/2020 9:37 AM
21	Questions listed on my first daughter's survey. :-)	7/8/2020 9:35 AM
22	If we do not feel comfortable sending our daughters to school this Fall with masks and the risks of getting sick, will there be alternative options with the school such as distance education or would we be required to switch them to a homeschool program? Also, if partway through the school year, the COVID situation improves, would our children be able to go back to being in the school building if they had been learning from home from the beginning of the school year?	7/8/2020 9:32 AM
23	IMHO,.. I'm not quite sure how just requiring "mask" for students will be effective. Children are children, and would not be as diligent as adults with PPE. Additionally, will the schools provide MORE staff in the nurse/ infirmary areas? What health procedures will be in place to ensure the safety of these students? And will PVSD have the additional "trained" manpower to support it?	7/8/2020 9:14 AM
24	That would be an extremely unsafe idea	7/8/2020 9:12 AM
25	No amount of safety measures would be effective, do not reopen	7/8/2020 9:06 AM
26	- my children have different last names and would be attending school on different days if the hybrid model would be put into place - -	7/8/2020 8:27 AM
27	How do you plan to operate busses, eating in the cafeteria, distancing, kids keeping their masks on all day, and cleaning the school daily. Your going to tease these kids with interaction but they won't be allowed to actually play together.. In our opinion it's just wrong.	7/8/2020 8:04 AM
28	How will the bathroom be sanitized between each use. How long of a time between each child will be allowed between each child?	7/8/2020 7:29 AM
29	- she would become a built in babysitter to my 10 year old son as well as his teacher in addition to student, athlete and she also works part time herself. Distance learning is not ideal for us as my wife and I both work	7/8/2020 7:22 AM

31	I am very concerned about masks. I do not think it is in the best interest of the children. I want to know how breaks will be scheduled throughout the day. I want to know how much time they will have without them on. My children seem to want to go back to the building (at this time) but masks are my biggest hold back.	7/8/2020 12:18 AM
32	I am concerned about masks. I do not think it is in the best interest of the children to wear them all day. 33	I do not like the idea of masks all day. I want to know how that will be handled and how breaks will be scheduled. I do not think it is in the beat interest of the children to have to wear them all day.	7/8/2020 12:11 AM

children died from seasonal influenza just two years ago without schools closing or universal masking requirements - I personally think schools should open as scheduled with as few restrictions as possible. The fear and anxiety this has caused children, not to mention the social isolation, may prove to be more harmful to them than the virus itself.

I'm not sure if that is too late. #2 I am uncertain of my preference right now as I have many questions regarding what the kindergarten day will look like with these measures. I'm very concerned about my child not being able to socialize/play, but I understand that is the recommendation. I do not think my child will do very well sitting in one room all day without much play/interaction with peers. I would need more information about the daily schedule for these students before making a final decision.	7/7/2020 4:33 PM

65	#3 - I believe I can manage transporting my child to/from school, however I probably could not pick my child up until 3:40. I'm not sure if that is too late for parent pick up. #2 - I am uncertain about my preference for the school year at this moment as I have many questions/concerns, which may not have answers right now. My thoughts on this change daily. Concerns for in school option: 1. Distancing/Masks - I feel that asking staff to keep students distanced and wear masks is extremely challenging. Also, there is a lot of evidence that congregating indoors increases the chance to spread the virus. I don't feel very confident that younger students will be able to follow the distancing/mask guidelines and may have trouble sitting in the same room all day without any play/social time. 2. Air quality - Will windows be opened in the classroom? Will air quality be tested? Is air circulating between classrooms? 3. What will the procedure be if a student at PVE contracts COVID-19? Will that classroom quarantine at home for 14 days? Will the school be closed? 4. Teacher/Staff safety - What options are in place for staff who are higher risk? 5. Will students have recess? Distance Learning I would likely choose this as it's the safest, but my concern is child care. I am unsure what my schedule will be in the fall. I am not too worried about my child missing out on socializing because with the safety measures required in school, there likely won't be much socializing. Combination I understand the reasoning behind the 2 days on 2 days off option, however, when you consider where students will be going on the 'off' days, you could be bringing in a whole other set of germs as they may not be home. They may be at a grandparents house, day care, or other friends homes. This could be a good way to test the waters, though. Thank you for asking our input.	7/7/2020 4:25 PM

101	I am concerned about the negative effect of wearing a mask all day will have on the students ability to focus on learning in the classroom. Speaking from my own experience of wearing one for 8hrs it is very fatiguing and extremely difficult to communicate and comprehend others. 111	If the school was to reopen and followed the CDC's guidelines for health and safety, we would feel more comfortable with her returning. But how could the school reopen safely given the actual physical classroom size, student to teacher ratios, students per class, actively disinfecting throughout the day, having young children wearing masks for 8 hours a day and encouraging the children not to touch their masks, to touch their faces, not to go near their friends. How will this be enforced? Will there be temp screenings upon arriving to the school, throughout the day? The activities and areas the children truly enjoyed throughout the day that gave them the chance to socially interact such as lunch time and recess will now be gone. They will be contained to one room all day. Which is what they will have to do, but how is that appropriate for such young children?	7/6/2020 7:55 PM
112	As a parent I am very concerned for my child that he will fall behind at this young age. 119	Please DO NOT reopen schools. It is not worth the risk. It takes only one exposure to infect others, and the consequences in this setting would be deadly and catastrophic. To those concerned about childcare, do your research, your child and others are irreplaceable. To those who take this lightly, you don't know any overtaken hospital worker or haven't lost a loved one. Properly educate yourself.. If you are blessed to have a healthy immune system and no underlying conditions, you could unknowingly be a carrier and innocently create a deadly situation for those less fortunate. This is airborne..masks, hand washing and any other measure is not 100%. Just being out is being exposed, and there are no measures that could be	7/6/2020 5:10 PM

149	Will all students be required to wear a mask all day? Will there be a symptoms/fever check upon arrival?	7/6/2020 7:25 AM
150	Wearing a mask all day will be difficult, not only for the kids but also the teachers. And there are students with breathing problems such as asthma which make it even more difficult to wear a mask for any length of time. There is a reason that you don't let kids put a things over their heads that may impede their ability to breathe. No matter what kind of mask it is, breathing through it is more laborous. You will have a bunch a breathless kids passing out. They would need frequent breaks from the masks.	7/6/2020 6:01 AM
151	Have to provide technology. Have to provide busses bc you now raised taxes along with an assessment and with an extra \$600 due we can not afford to drive both our kids to and from school. With that all supplies needed should be provided too! Also no mask or at the very least only while walking. Masks should be removed while in class if they are social distancing. 152	Not comfortable with masks on children for that many hours. If they have to wear them moving around that's fine but take them off at their desks while they are working. Also busses need to be provided. Now that you raised taxes and ours went up \$600 bc of the tax increase and reassessment we no longer have extra money for gas to drive back and forth for 2 children. Also if you do 2 days on and off try to do it so siblings go the same day or we have that option to have them on the same day. 167	What will be the safety protocols?	7/5/2020 7:41 PM
168	I do NOT agree with my child having to wear a mask all day long at school. If this will be required, my child will be staying home and doing cyber school until this is lifted.	7/5/2020 7:18 PM
169	I felt Colton's teachers in his second grade class did a fantastic job.	7/5/2020 6:56 PM
170	I am against my child(ren) having masks on during school hours/all day.	7/5/2020 6:15 PM
171	When will we find out the plan? Please communicate.	7/5/2020 6:00 PM
172	When will we be told what the plan is? Please communicate.	7/5/2020 5:50 PM
173	I do not think there is a perfect solution for everyone. Our fear is that our children are not going to be learning enough if things continued the way they were yet we do not feel safe sending our children to school.	7/5/2020 5:38 PM
174	Without the paraprofessionals in the classroom, there will be a different dynamic. In my experiences I have seen and heard about a lot of misbehavior. So, now with social distance rules and less help in the classroom, does anyone really believe that is a doable situation? I do not.	7/5/2020 5:34 PM

177	I am afraid of too many kids in the buildings and the buses.	7/5/2020 4:11 PM
178	Putting the children on a bus together and goinf to school where they are together is what needs to happen for both their mental health as well as for the parents. Parents who are uncomfortable with the virus should chose cyber school.	7/5/2020 2:37 PM
179	The kids need eachother. Socialization and interactive learning.	7/5/2020 2:26 PM

in to an elite college and the associated availability of scholarships to assist with this pursuit is his/her top objective. The Pass/Fail system and lack of student/teacher interaction does not properly recognize high achievers in my opinion and this is extremely concerning to me. What are your plans to address this issue?

183	None at the present	7/5/2020 11:03 AM
184	As of right now it is not safe for schools to reopen. Children can be carriers of covid-19 and bring home to family members. Many more concerns over this matter.	7/5/2020 9:17 AM
185	as a working parent I need to have strict structure for my child in order to make sure they do the work and understand it. Pass fail grades shouldn't be used as this gives no accurate record of performance.	7/5/2020 2:22 AM
186	Class sizes. I'm very concerned if my child's class is going to be very large once school resumes in the building. If he's not going to be in a smaller class with a teacher and aid I might have to think about other options for him. I heard wonderful things about PV, but was recently told huge cut backs were made. Not thrilled about that especially all the school taxes we pay. I'd like someone to contact me in regards to this. Thank you!	7/5/2020 12:22 AM
187	I believe going between school and online is going to make teaching inconsistent and learning much harder.	7/4/2020 11:26 PM
188	The children should be going back to school with proper safety measures in place such as maybe arriving 10 minutes prior for temperature checks and hand washing. Most kids build an immune system from being exposed to the common cold and such when they go to school. If the school does not open because they are fearful of Covid then my question would be who is paying for his child care since I am an essential employee and have worked through all of this! Also if the school doesn't open we shouldn't have to pay school taxes for that year or prorate them when it opens!	7/4/2020 11:25 PM
189	Will there be an answer regarding all of this, soon enough so that I can enroll my child in cyber with no problems, if need be.	7/4/2020 10:16 PM
190	Hand hygiene. I chose two answered for the question #11 because we do not know what the future of the pandemic is. I am comfortable with this few cases in our county as they are this week, but if we get back to the high number of acute cases where we were in April, I would NOT be ok with that.	7/4/2020 4:44 PM
191	Both of my kids have been stressed and depressed during distance learning. At this point I am more worried about their mental health than COVID-19. They need to be in school.	7/4/2020 2:30 PM
192	No comment	7/4/2020 1:56 PM
193	I feel physically being at school is more conducive to a good education and that the students need social interaction as part of balanced well-being. I feel the virus has been dramatized and that we can't all live in a bubble but need to get back to 'normal' life as much as possible and let the chips fall where they may.	7/4/2020 1:55 PM

196	We see what is happening in our country as things are reopening. If we EVER want this to get better, we need to keep the kids home for their safety, BUT ALSO for the safety of their families and loved ones. This virus is ruthless and it's not time to experiment with infecting more people right in line with an upcoming flu season.	7/4/2020 12:14 PM
197	Sending my child to school while the risk of spreading the virus is a possibility without prevention (vaccines) or treatments to recover from this virus is a high priority and concern for our family at this time. There are family members in our household who have medical issues that contracting the virus could be severely detrimental to our family dynamic.	7/4/2020 11:50 AM
198	I have three children. Question #1 needs to have an option for parents with multiple children in the district. One of my kids is going to 8th grade and my other two are going to 5th grade. One of my children has asthma and is having issues breathing while wearing a mask. Also, no one is at home to help with any of my kids with distant learning so this is not an option. The you tube and rd puzzle videos are not teaching them the material. Question #2 is vague. Please provide information as to how you plan to enforce the safety restrictions.	7/4/2020 11:49 AM

199	I am highly concerned about reopening the schools until there is some type of treatment or prevention of this virus. There is health issues within our family household that makes contracting this virus detrimental to our lives.	7/4/2020 11:38 AM
200	I work in healthcare with a varied 40 hour week. I can Provide transportation on some days for my child to and from school but not each day.	7/4/2020 11:35 AM
201	School board members be better prepared, and think outside the box.	7/4/2020 11:16 AM
202	The logistics of social distancing in the classroom and at lunch. The number of courses students are taking should be minimized. While the weather is mild a suggestion would be to consider the feasibility of setting up tents so that some students are able to eat outdoors or allow them to leave the property to have lunch else where if they choose.	7/4/2020 10:31 AM
203	Reduced class size. Disinfecting materials readily available and easily accessible. Teachers who teach within the district coordinating schedules with their own children attending school within the same district.	7/4/2020 10:09 AM
204	I am not comfortable sending him back with requirements of wearing a mask all day. It is unhealthy to breath in your own CO2 for that long	7/4/2020 8:20 AM
205	this virus has not disappeared and I believe it will still be here when school starts. My concern is yjung people don't take it seriously. Will tgey keep mask on? Will teachers be forthcoming g of their health issues. This is very serious my chimd education is important but not more than her health and bring home to family the covid which is possibke	7/4/2020 3:00 AM
206	My daughter has asthma if the school re opens will I be able to keep her medicine in the nurses office for them to give to her when needed. Will the kids be able to use hand sanitizer.	7/4/2020 1:38 AM

210	The past janitorial services were clearly severely lacking. I hope more effective janitorial services can be provided.	7/3/2020 8:29 PM
211	The past janitorial services were clearly severely lacking. I hope a more effective janitorial service can be provided.	7/3/2020 8:20 PM
212	My daughter has anxiety and struggles wearing the mask for long periods of time. I'm concerned but also feel she needs the socialization. She also needs one to one for math so I'm not sure how it will work.	7/3/2020 10:06 AM
213	Would distance learning be following a particular schedule? Would there be scheduled video classes or would students be able to complete assignments when it works for the families. With our child just starting Kindergarten we are not familiar with how distance learning worked, at the end of last school year. How would classrooms be organized if in-person learning was to happen? Would half the kids go 2 days and the other half the opposite 2 days? How would transportation work? If in-person was to continue for just 2 days, we might be able to provide transportation to school.	7/3/2020 9:44 AM
214	Masks and social distancing works well with adults - and not even all of those. To expect children to rigorously social distance seems impossible. And even more difficult, if not impossible, with children that are not good at following instruction normally.	7/3/2020 9:34 AM
215	Is taking temperature:/Covid screening going to be implemented prior to the students entering the school? Will hand sanitizers be available in each classrooms? Will the students be allowed to carry their own hand sanitizers?	7/3/2020 8:50 AM
216	I'm concerned about a second wave. I also don't know if my child will be able to wear a mask all day. But not sure if I'm comfortable with them not wearing one	7/3/2020 8:39 AM

This virus is ruthless and it's not time to experiment with infecting more people right in line with an upcoming flu season.	7/3/2020 12:43 AM
225	My child has Generalized Anxiety Disorder and although she is on medication, the mask causes great anxiety and she thinks she can't breathe. With the current guidelines, kids would really not be "interacting" at all, but merely be in the same room. It would be very hard for kids to eat lunch in the class and not have recess. PLEASE DO NOT CONSIDER a hybrid schedule. It would be a childcare nightmare. We'd be paying to pack the daycares to keep the numbers low at school, at a time when we can NOT AFFORD IT. If all online I could work all online and kids would keep their families the safest. This WILL NEVER END if we send kids back now. Just look at the recent surge in cases from our country reopening. Now is not the time. :(7/3/2020 12:33 AM
226	Concerns: Sitting at a desk, facing forward, virtually no real "interaction" With peers. I'm sure no small group instruction. Lunch at the same desk, no recess. This isn't what school is meant to be, and it would be VERY hard on the children, if not impossible for them to do. DAYCARE COSTS with a hybrid schedule would be crazy. If all online I could work 100% from home. I also feel this is the SAFEST CHOICE, given the surging numbers around the country as we reopen. I am not as concerned for the kids contracting COVID-19, but them being carriers to infect older family members.	7/3/2020 12:05 AM
227	will they be wearing masks all day or just in the hallway if they do have change of classes. and how is gym going to be handled with masks over their nose.	7/2/2020 11:47 PM
228	We look forward to his return to normalcy.	7/2/2020 10:20 PM
229	If students will be split for coming to school will it be by the alphabet? If split by the alphabet please keep in mind every class make-up is not the same so the alphabet split may not get each class/bus an even split in the amount of students. Staff members should be permitted to bring their children to/from school to alleviate the stress of childcare on the days their children attend school. Especially if they attend the same building as the staff member. School supplies where will they be kept? How will cleaning protocol change? Where will students be eating lunch and will there be hot lunches available? How will students belongings be separated throughout the day?	7/2/2020 10:01 PM

231	If we will be providing transportation, which would be preferred under the current circumstances, it will be most helpful if our children will be in-school on the same days to minimize extra trips. Having at least some in-person instruction is a priority for the coming year as online learning can be difficult for younger students.	7/2/2020 9:50 PM
232	is your air conditioning re-circulated air ? are there filters and how often are they changed. My concerns are: is the cafeteria workers and custodial staff performing their duties 100 % for 100 % of the time. not likely if a positive case would occur; what is your isolation plan as well as your plan to disinfect areas that have been exposed while students are still in the school.	7/2/2020 9:05 PM

235	My concerns are since my daughter is so young (5 years old) she will not be able to wear a mask for a whole day of school which is concerning because they need it on. Also, being they are so young they truly don't understand on what it really is to be "safe" and "clean" and so I don't think you can really take precautions with such young kids because they don't really understand.	7/2/2020 8:47 PM
236	If we must drive our children everyday, how will we be reimbursed for fuel and other vehicle expenses? One month of driving my child everyday will be approximately 320 miles per month put on my vehicle.	7/2/2020 8:21 PM
237	As parents, our concern currently is that our son has the most safe and normal kindergarten experience as possible. Our son understands coronavirus is bad but I have concerns with him understanding wearing a mask all day at school and ensuring he is washing his hands properly while limiting touching his face and other community surfaces.	7/2/2020 7:30 PM
238	Not sure how the District would manage to enforce the safety guidelines. Lockers are right next to each other and during passing time, teenagers won't keep their hands to themselves. How do you plan to maintain 6 feet during this time? How do you realistically expect to enforce consequences for students who don't follow the rules? How do you expect to get kids to school if parents can't take them? How will you train teachers to handle this? How will high standards and expectations be put into place when the workload is reduced to a minimum and kids only have to complete a small amount of this minimal work assigned? How will you build cooperative learning skills and communication skills, regardless of how it shakes out? Distance Learning in the Spring was just triage. How would this change for the fall? What training would be mandatory for the teachers that are deficient in their own use of technology?	7/2/2020 7:28 PM
239	I won't send my students back if everyone is not wearing masks at all times and a way to maintain 6 ft at all times is figured out.	7/2/2020 7:18 PM

244	Students need to be able to interact with other classmate and teacher. Timing as for both parent are working can be an issue. As well transportation is necessary.	7/2/2020 5:27 PM
245	Social distancing in a classroom will not make for good learning. Kids need to be able to interact with classmates and teachers. Lastly time is a concern since both parents are working it needs to be a full day with transportation.	7/2/2020 5:19 PM
246	I certainly hope students will be returning to school itself.	7/2/2020 5:09 PM
247	As a nurse, I feel these children shouldn't return to school with these restrictions especially because a lot them go back and forth to NJ & NY on the weekends which are considered hot spots. I have a hard time wearing a mask for 8 hours let alone a child and they aren't really protecting against anything. Social distancing isn't even an option when there are so many kids and so many that ride the bus. Sometimes they are sitting 3 to a seat. Maybe give people a choice of home schooling or going to school.	7/2/2020 3:57 PM

253	I feel with everything going on can the school please thinking about getting rid of the uniform dress code at this time I'm asking this because if we are not sure about if we are going back or if we will be online along with people being out of work that the dress code should be a thing right now	7/2/2020 1:33 PM
254	My answer for Question 11 is No because I do NOT want my child to have to wear a mask to go to school. I agree ONLY with hand sanitizing. The masks do NOT prevent airborne illness, and children are at VERY low risk. This whole thing is beyond ridiculous and SO HARMFUL to our childrens' mental well-being. The School Board needs to seriously consider our children's mental health going forward, NOT creating all these rules that will just SCARE kids. I will be seeking out many other parents who agree, and intend on fighting for MAXIMUM NORMALCY.	7/2/2020 12:53 PM

261	Reopen the schools. It's just silly at this point.	7/2/2020 10:43 AM
262	It will be hard to wear a mask all day. Will they be able to have band? Band is really important for a lot of students.	7/2/2020 10:10 AM
263	my child has panic and anxiety attacks wearing the mask- unable to breath properly, irritates throat, sensitive skin from all the heavy breathing in the mask, concerned with constantly breathing in CO2.- ALTHOUGH I DO NOT WANT MY CHILD BEING EXPOSED THE COVID SO I KNOW THE KIDS MUST WEAR THE MASK. Horrible situation.	7/2/2020 9:56 AM
264	I know some students may and some may not follow guidelines, it is a matter will my child be protected. Will she follow guidelines if friends are not... it is a scary time.	7/2/2020 9:54 AM

269	N/A	7/2/2020 8:58 AM
270	We have a six day cycle in place. The district used to be split for am and pm Kindergarten. If you utilize these and split the district to odd days and even days depending on where you live student could be in school 3 of every six days and have materials to use at home for the opposite 3. Just my thought.	7/2/2020 8:55 AM
271	Safety all the way around!!! Student need the interaction with teachers and student.	7/2/2020 8:51 AM

bring home materials and have online access in the event that schools are shut down again. There needs to be on lapse in their education this time.

274	Concerned with all children's mental health and social skills if the schools do not reopen, as children need interaction with their peers and adults who are not their parents/family in order to develop those essential skills (social interactions, friendships, problem solving and just plain fun).	7/2/2020 7:00 AM
275	Wearing masks during the course of a school day will be difficult for children. It is one thing to wear it out to the store but another to wear it for long periods of time 5 days a week.	7/2/2020 6:07 AM
276	With my child going into kindergarten this year this is her first year in a real school setting. I'm not sure how she will react to whatever is decided for reopening. I don't gather there will be too much work for kindergarten kids to do but I do have trouble at home trying to get her to do school activities to practice to get ready for school. I had concerns for how she will manage riding the bus and being in a classroom setting before the pandemic.	7/2/2020 1:13 AM
277	My biggest concern is them having to wear face masks if they go back to school. I dont think it is a good idea for any child to wear a mask for a long period of time. Even if they're half days, it's still too long. I would much rather homeschool my children, even though that's tough sometimes, than put them through that.	7/2/2020 12:20 AM
278	Please reopen	7/1/2020 11:44 PM
279	I am concerned about other children being sent to school sick. Many parents unfortunately send their children to school medicated with fevers, flu, respiratory infections, vomiting, head colds and now we can add COVID to the list. I'm worried how that can be prevented or those can be held accountable. That is a huge risk factor.	7/1/2020 10:30 PM
280	My main concern is parents sending sick kids to school. They use the school as a babysitting facility and no matter the circumstances children are sent to school medicated with fevers, flu, stomach viruses, head colds and now we will add COVID to the list. How can they be held accountable. I am most worried about others not being responsible.	7/1/2020 10:21 PM
281	As a parent that is forced to wear a mask at work all day, I don't want my children to have to wear a mask all day in school. Also, our daughter struggled with getting the work done during home schooling. And she is normally an honor roll student.	7/1/2020 10:06 PM
282	I agree with the American Pediatric Society in that children should return to school.	7/1/2020 10:03 PM
283	None	7/1/2020 9:32 PM
284	Parents work. Some work nights it's too hard to manage both school and work. We pay for schooling. If not provided why are we still paying school tax	7/1/2020 9:31 PM
285	When will the final decision be made known to parents regarding mask wearing for students and staff?	7/1/2020 9:23 PM
286	If schools reopen will those parents who do not want their child to risk infection be able to continue distance learning?	7/1/2020 9:22 PM
287	I agree with the school reopening and implementing more safety protocols. However, I don't feel that elementary school children are able to wear masks properly for a full school day without touching the mask or their face, defeating the purpose of wearing the mask. Possibly putting them at more risk for illness.	7/1/2020 9:19 PM

290	I am very concerned about the progress of my child being fully registered for Kindergarten. I have had a meeting over zoom to go over information and I have provided all the necessary documents. I have not been contacted as of yet to do Kindergarten testing for him. It is now July, and I am concerned that everything will not be completed in time.	7/1/2020 9:08 PM

292	Question: If parents and guardians have to bring their child to school year 2020-2021 through this pandemic, will there be temperature checks daily? Question: What if a child was sick with COVID-19? what would be your protocol? Question: If a child has a common cold, a flu, stomach virus, etc.. are they forced to go to school due to strict absenteeism and guidelines? would't their immune system is down,which makes them more exceptable of getting the COVID-19?	7/1/2020 8:56 PM
293	As a nurse, I feel these children shouldn't return to school with these restrictions especially because a lot them go back and forth to NJ & NY on the weekends which are considered hot spots. I have a hard time wearing a mask for 8 hours let alone a child and they aren't really protecting against anything. Social distancing isn't even an option when there are so many kids and so many that ride the bus. Sometimes they are sitting 3 to a seat. Maybe give people a choice of home schooling or going to school.	7/1/2020 8:40 PM

298	No one will be home and my son has a disability. He has an IEP	7/1/2020 7:00 PM
299	I understand that it is the unknown and I want our children and teachers to be safe but I also don't want my child to fall behind and I can already see a decline in her socially mentally physically and this is only been a few months. I couldn't imagine what my child or her future will look like if this goes on for another school year.	7/1/2020 6:28 PM
300	What is the plan for students enrolled at MCTI?	7/1/2020 6:26 PM
301	How extensive you will be following the CDC guidelines? Will there be an area where people will be sanitized before entering school? Will there be a daily temperature check for everyone entering the school building? Will there be hand sanitizer in classrooms, hallways, and cafeterias? Will the school be running at 50% capacity each day, while 50% of students are distance learning? Will masks be provided to students/staff who do have any? How will you implement social distancing in the cafeterias? Will there be a different platform to distance learning? What will the actual curriculum consist of? Our worry is that the curriculum will consist of what occurred the last few months of the 2019-2020 school year. The teacher emails lessons/posts on Google Classroom and the parent is left with not only learning the curriculum but also having to perform the teacher's role.	7/1/2020 6:05 PM
302	While we would love to see our child back in the school environment we are more concerned with safety of our children and make accommodations that are needed.	7/1/2020 6:01 PM
303	My concern is busing. I cannot get my child to and from school because of work and that would be a huge obstacle.	7/1/2020 5:53 PM
304	My biggest concern is trying to make a 5-6 year old wear a mask ALL day long.	7/1/2020 5:49 PM
305	We feel as parents that the teachers and people who are compromised should be the ones to wear masks. It is not healthy for anyone to wear a mask for a long period of time, especially children. We understand social distancing and having the kids wear masks on the bus, but all day at school is not a healthy option. Also, if the kids go to school for two days a week, is the school and the buses going to be thoroughly cleaned in between groups of kids.	7/1/2020 5:40 PM
306	Elian really needs to be in a school setting. Distance learning for him will be detrimental.	7/1/2020 5:21 PM
307	If the school is open, I'll be sending them. My only concern is about hand washing/sanitizing. I was told by my child when this all started when I told her to wash her hands more often... that they were too busy to wash hands before lunch sometimes. This needs to be stressed and implemented.	7/1/2020 5:10 PM

308	How is going to work for the kids from MCTI	7/1/2020 4:51 PM
309	Please make sure teachers are using zoom to actually hold class and teach. Just telling students what to read and do homework is not teaching. Also make a regular schedule that they need to log in and be on the zoom calls as if it were a regular school day. My son learned nothing in the last marking period. He wasn't motivated and was annoyed by the way it was handled. I know it was short notice and you did your best but it cannot continue that way. If my son was able to learn with just being given assignments without a teacher actually teaching he would already be doing cyber. He attends school because that is how he learns best. Make teachers actually hold class if you are doing any online. My husband has been working from home since March and is on video calls all day. If other professionals can do it, teachers should also be able to do it. Don't shortchange the students for the ease of the teachers.	7/1/2020 4:25 PM
310	MCTI CULINARY PROGRAM???	7/1/2020 4:23 PM
311	Will kids be attending specials and recess and moving outside the classroom. If they are sitting in one class all day I would rather just have them enrolled in a cyber charter school.	7/1/2020 4:15 PM
312	Open up already	7/1/2020 4:03 PM
313	If there is a rotation of in school and out of school, how will you handle multiple children in one household? For example: could all 3 of my children be in school the same days even though they are in different buildings?	7/1/2020 4:00 PM
314	I already asked with a previous survey for another child.	7/1/2020 3:53 PM

316	Class size and social distancing issues; social distancing at lunch; how to require that students who appear sick (could be the common cold) must work from home? 321	Can gym classes where the students are interactive with each other be modified some how? Students need to be able to bring in their own antibacterial to use!!!!	7/1/2020 2:48 PM

324	I don't want my kids wearing a mask I believe the adults should have two I'm essential worker I've had to wear this mask for the past 3 months for 8 hours a day and I'm getting anxiety from it lately I don't think it would be good for the kids	7/1/2020 2:10 PM
325	I do have an issue with the kids wearing masks so if that is part of the regulations I things in it have to keep them at home it's too hot for them I am an essential worker and I've had to wear a mask everyday since this started and it's a lot I have bad anxiety because of it and I can't imagine what it would do to the kids	7/1/2020 2:00 PM
326	I just worry about them wearing a mask all day	7/1/2020 1:55 PM
327	I feel that my children will not be able to wear a mask all day long and distance themselves from their friends. I also take care of my elderly comprised father, I may not be able to take my kids to and from school everyday.	7/1/2020 1:50 PM

329	Daily wearing of masks will be difficult and distracting for children. There are adults struggling with complying and I would hate for punitive actions or children feeling punished if they are struggling with daily compliance.	7/1/2020 1:32 PM
330	I am not opposed to the use of masked however I feel that it may be a barrier for some children. They may have a hard time keeping them on for an entire day. If social distancing can occurs in instances that allow them to remove masks so the students and teachers can have a break from wearing the mask. My child may struggle wearing it although I have and will continue to model and discuss the importance of pushing through discomfort.	7/1/2020 1:28 PM
331	I just don't see how keeping kids 6' from each other and expecting them to wear face masks all day is going to work.	7/1/2020 1:17 PM
332	It is not good for them to use a mask all day.	7/1/2020 1:10 PM
333	I am ok with distancing and classrooms being rearranged. I am not ok with my child wearing a mask all day long. I myself at work have to wear it and within 1-2 hours I am lightheaded and dizzy and my son is the same way.	7/1/2020 12:51 PM
334	I think it may be challenging for younger kids to wear masks for a full school day. I am also concerned my child may fall behind learning new lessons without having face to face learning with their teacher.	7/1/2020 12:50 PM
335	I think it may be challenging for kids to wear masks for a full school day. I also am concerned for my child transitioning from 3rd grade at PVE into 4th grade at PVI.	7/1/2020 12:45 PM
336	I am not sending my children back to school until I know that it is 100% SAFE,.	7/1/2020 12:42 PM
337	I think wearing a mask for a full day of school might be challenging for students.	7/1/2020 12:41 PM
338	If daycares are open, how are we expected to get kids to school with no buses?	7/1/2020 12:41 PM
339	How will children practice social distancing during activities such as gym or during lunch, also a concern on the bus?	7/1/2020 12:33 PM
340	Reopening schools with an AB schedule or not physically reopening at all will place a massive demand on our community's childcare infrastructure. The search for quality childcare will strain our community and overall as childcare availability will narrow, and children will be placed in unsatisfactory conditions. Furthermore, the demand will be placed on these childcare facilities to implement district instruction. They are not equipped to do so without district support. That being said, and AB schedule will actually heighten the exposure of students to others. More children will be in group care or the care of others. They will then be coming to the school building. Exposure will increase exponentially risking the safety of all involved.	7/1/2020 12:32 PM
341	If children do return to school with CDC guidelines and having to wear face masks, how will they be social distanced, especially during gym and during lunch? Also, concern on bus, not really a way to provide social distancing.	7/1/2020 12:29 PM
342	Following IEP, providing enough experience working towards inference and transitioning into workforce after high school	7/1/2020 12:27 PM
343	I don't want my child to have to wear a mask all day long and that they will be treated like prisoners.	7/1/2020 12:23 PM
344	By when will we hear?	7/1/2020 12:22 PM
345	My son packs a lunch everyday. How will lunches be handled? Also I have an upcoming 10th header who barely passed 9th grade due to the type of distance learning process that was done the last few months of school. Online learning is definitely not for our family.	7/1/2020 12:21 PM
346	What company is doing disinfecting after hours? Are they certified? Do they follow safety OSHA protocol ?	7/1/2020 12:19 PM

disinfected. I am concerned with how the cdc safety protocols will effect the learning environment and kids feeling comfortable.

350	I think its going to get worse and you're better off just starting with distance learning right off the bat. Or at least have a group of teachers from each building who only do distance learning for those of us who don't want to send our kids in.	7/1/2020 11:49 AM

386	For the fall, to maintain social distancing, the district can create an alternating schedule where only 1/3 to 1/2 of the students are on campus at any time. Classrooms need to be evaluated to determine capacity under current social distancing guidelines. Students need to get back into the classroom, but we also want to know that our child is being protected through the implementation of CDC guidelines. Alternating schedules could also resolve the issue of busing.	7/1/2020 8:55 AM
387	We are concerned with the up-tick in new cases and what this means for students. We want our child to return to school. She is missing interaction with peers and educators, which is as important as the content she is learning.	7/1/2020 8:44 AM
388	In a normal school year the high school building is already dirty and unsanitary. It isn't the janitors fault, there are many many students in small hallways and in small classrooms. There is no way the high school could be safe.	7/1/2020 8:41 AM
389	I'm concerned with the issue of them wearing masks all day. What will you do if the school requires masks and they don't bring one to school? If they don't wear dress code at the high school, they have to go to ISS if noone can bring them a change of clothing. Will those without a mask be sent somewhere? Also, do you know if the mask is clean? There's no point in wearing one if it's dirty and unwashed. Pleasant Valley School District 2020-2021 School Year Planning Survey

402	I'm a single working mother. I can not accommodate my children home all year. They need to go back to school.	7/1/2020 7:45 AM
403	No I just want schools to re open again	7/1/2020 7:40 AM
404	My daughter will not do well without a classroom setting. That concerns me for now and for her understanding in the future.	7/1/2020 7:24 AM
405	I don't think children of this age can social distance appropriately or have the know how to follow precautions that are necessary.	7/1/2020 6:56 AM
406	No	7/1/2020 6:50 AM
407	I feel like this distance learning is going to be extremely difficult for my kids. I have a 1st grader that's thrives off of being around people to do work and she will not keep a mask on all day. That's too much for a little one and she struggles with reading and writing and being home doing work with me isn't going to help her one bit. My oldest probably won't keep up with what he needs to to graduate and I feel like he's going to fail when he used to be a straight A student. He slacked off on his favorite subject and lied about it and ended up with the worst grades he's ever had. If it was like this all last year he would probably be repeating 11th grade.	7/1/2020 6:48 AM
408	I have a huge concern in regards to transportation. Both my fianceé and I work full time and eliminating or decreasing transportation will NOT be conducive to our schedule at this time. I am sure this will affect many other families of the district.	7/1/2020 6:48 AM
409	N/A	7/1/2020 6:21 AM
410	I don't feel it will be safe yet.	7/1/2020 6:20 AM
411	My daughter has asthma and I am concerned about covid but the online schooling is horrible.	7/1/2020 6:04 AM
412	If schools reopen, how will students who exhibit symptoms of illness be dealt with in order to ensure everyone's safety?	7/1/2020 5:48 AM
413	Please favor safety over education. The kids will be ok, they will learn it will take time. But they need to be alive. This virus is no joke	7/1/2020 5:25 AM
414	Will there be after school activities such as Girl Scouts? Will a smaller number of classes be on the playground at a particular time?	7/1/2020 5:23 AM
415	Be mindful that working parents are not/were not home while the children tried to complete assignments. Having material due by say 3pm was difficult for a child that needed to wait for a parents help, but parent was working	7/1/2020 4:18 AM
416	How would additional specific learning classes (speech) be administered?	7/1/2020 3:29 AM
417	Just want my daughter to have aA much of a normal senior year of HS as possible.	7/1/2020 2:56 AM
418	if you plan to have children wear masks they will most likely wear cloth masks which do nothing anyways- might as well wear nothing , because these children will be touching their masks all day then holding on to the bacteria right on their faces. Will do more harm then good.	7/1/2020 2:32 AM
419	Don't want my child to feel like she is in a prison. Unfortunately it's going to be quite a task to maneuver through this process. Masks in my opinion is simply not going to work for the children, and I will not send her if the children are required to wear masks. Also, keeping them apart and them not being able to socialize as a normal children, I believe is unhealthy and will have long term effects.	7/1/2020 12:48 AM
420	My son will be going into kindergarten, how many students would there be per class room? How will pv/us parents go about social distancing, hand washing, implementing 5-6 year olds during school hours and bus rides	7/1/2020 12:38 AM
421	Son has IEP concerned how he will do at home with no extra help	7/1/2020 12:26 AM
422	When r we going back	7/1/2020 12:12 AM
423	I am a teacher at PVE. I have a child in 2nd and a child entering 4th grade. I would be able to bring my children to school if I was allowed to drop off my 4th grader and bring in my 2nd grader with me. I'm not thrilled with bringing my children to daycare at this time.	7/1/2020 12:10 AM
424	As a teacher in the district I would be able to drive my children to school if I were allowed to	7/1/2020 12:05 AM

Pleasant Valley School District 2020-2021 School Year Planning Survey

bring them in with me. I will have one at PVE and one at PVI Trying to figure out child care right now is difficult not knowing what is going to happen.

425	If masks are required, how will lunch, gym, recess be handled? How will the issue of adequate breathing be handled?	6/30/2020 11:59 PM
426	When will it be?	6/30/2020 11:54 PM
427	Should we continue with online learning, teachers should be very thoughtful regarding the quality of the content that the children are learning (not just time fillers but actual useful material that will help mold them into intelligent, well rounded, contributing and successful adults) as well as trying to make learning dynamic, fun and exciting.	6/30/2020 11:54 PM
428	Not concerned so much with safety protocols as I am of my son wearing a mask for the entire day. I can barely wear one for ten minutes, how do we expect children to all day? Also concerned with being stuck in a room all day getting no physical activity outside of the classroom. I do like the idea of having the children in the classroom with each other and their teacher because that is something that is very much needed.	6/30/2020 11:52 PM
429	No way to social distance properly. Hygiene (washing hands) numerous times will be impossible in school setting, and wearing a mask all day will be stressful.	6/30/2020 11:51 PM
430	My eleventh grader should not be placed in the position of having to educate herself and help educate her younger siblings with inadequate access to computers, internet,etc.	6/30/2020 11:45 PM
431	There needs to be some in person instruction for my children to succeed. This spring was unusual and not become the standard norm. It was a disaster for many children	6/30/2020 11:39 PM
432	distancing yes, masks (no air conditioning) NOOO!	6/30/2020 11:35 PM
433	My child needs more assistance and really failed this spring with the lack of help he could've received in an inperson environment	6/30/2020 11:29 PM
434	How many kids in a classroom? Would there be daily screening for students and employees? Will the attendance policy be the same because if a child shows any sign of sickness that could be Covid they should not attend.	6/30/2020 11:25 PM
435	I believe with cautions and safety rules it will be ok to open schools being everything else has opened.	6/30/2020 11:23 PM
436	How do you feel the children (elementary age) will be provided with any normalcy with all these guidelines in place ? It's alot of stress for children.	6/30/2020 11:21 PM
437	Schools need to open at the very least a few days a week for the children's well being. This spring was not a success by any means and all of my children struggled in many different ways. None of them enjoyed or advanced in distance learning.	6/30/2020 11:19 PM
438	I just hope that we might have a choice in how we move on from here. As I stated above, it was the first time my daughter stayed healthy. With her having such a low immune system, Covid is a very real and very scary risk if she has to return to school.	6/30/2020 11:09 PM
439	I am fully with the school being open. And am in agreeance of mask wearing for all staff and students. If the children are wearing masks all day will there be a break every so often to step out side and remove their masks. Get fresh air every hour or so, out side of the school, on the grass in the warmer months standing 6ft apart(younger ones can use a hula hoop to stand in, as a way to remember that we need to social distance) , stretching taking a few deep breaths, in the colder months,in the side walk or front under older cover. Rain or shine, (unless un safe) the elements wont hurt them, water doesn't melt children. Remove the mask, SEE each others smiles, and the SMILE of their teachers, a bit of normality in the crazy new world. Just a suggestion	6/30/2020 11:07 PM
440	Social interaction is a huge part of learning, how will that be implemented? With students back in the Brick and mortar schools will they be check for illness prior to getting in schools or on the bus? How will lunch, gym and recess be handled?	6/30/2020 11:06 PM
441	My family can not function without the school trying to operate in person schooling at least partially	6/30/2020 11:02 PM
442	If my child has to wear a mask all day in school, then he will NOT be attending PV his senior year	6/30/2020 11:00 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

443	Covid 19	6/30/2020 10:57 PM
444	I can't see these children wearing masks for 8 hours. Nor do I think it is necessary. But they must go back to school.	6/30/2020 10:57 PM
445	Concerned with too many people in one place. Kids keeping masks on at all times. Kids maintaining 6 ft. Cleanliness of kids touching everything. Many students parents work in NY/NJ and also many in health industry.	6/30/2020 10:55 PM
446	I'm not comfortable with the masks for the students, but space and sanitization protocols I support.	6/30/2020 10:53 PM
447	If masks are required we may be looking for an alternate plan for education.	6/30/2020 10:52 PM
448	My children can not continue without a computer for every child. It was incredibly difficult and teachers were not always understanding regarding that my kids could not all be on the computer at the same time. In addition - both parents are essential workers and work during the school day. It is not the responsibility of my older children to teach the younger ones. The school district needs to take into consideration not only working parents, but kids that may not be living in the best situations. I know the spring was rough but really you offer lunches to kids but parents who work can't pick them up or parents that have no transportation. And what about those that have parents that don't care- what is happening to them. The school district needs to think of ALL children not just those who have parents that stay at home and care	6/30/2020 10:51 PM
449	If masks are required at PV schools we would pursue an alternate education plan.	6/30/2020 10:48 PM
450	Please I continue to send our kids to school. We moved here so our kids would receive a better education. Because of the great schools and teachers this areas offer. Lastly school taxes should support putting health guidelines in place and allowing our kids to go to school. I can imagine this a middle class working area which means both parents most likely work. Having distance learning can harm so many parents trying to juggle both education and work. In which everyone will suffer.	6/30/2020 10:39 PM
451	We can not have the kids were masks. I am very concerned that The kids will try to follow the simple direction And not remove it when they have trouble breathing. If they stay in the class and rotate teachers it makes more sense. I have been wearing a mask for the same amount of hours and it is very challenging. They should not have to do this as there are ways around it. Please feel free to contact me for more feedback if needed. Thank you	6/30/2020 10:36 PM
452	The students need to have interaction with the teachers and classmates, but in these times it should be done with the correct procedures and precautions to keep all safe.	6/30/2020 10:28 PM
453	I don't believe distance learning is appropriate for kindergarteners. Also, he will be behind starting school due to closures and not being able to finish preschool. Starting a new school and full time will be very difficult, especially this year with all the new regulations. I will not be sending my kindergartener if masks and social distancing are required. That is not the school experience any child needs or deserves.	6/30/2020 10:27 PM
454	N/A	6/30/2020 10:26 PM
455	Masks and the safety of my child if a another child can't wear a mask. Proper safety protocols followed by young children. And question one only lets you pick 1 grade. I have 4 children in the district. I feel are children have been through enough with this pandemic and if school will not be "normal" they should just stay home where they are safest.	6/30/2020 10:24 PM
456	Safety of students and staff is most important, but learning shouldn't get lost along the way. Young students need face-to-face instruction, whether in person or virtually. I want my son to continue to love school and learning, and not let the current challenges affect that negatively.	6/30/2020 10:23 PM
457	Children need the social interaction of school to be successful. Not only academically but also mentally. I will not be sending my children to school is mask wearing is required. It is more of a distraction/ hazard than helpful. Distance learning is not well received in our household. Young children are too easily distracted to concentrate fully for at home schooling	6/30/2020 10:22 PM
458	If school were to begin/continue online distance learning, my children really desire the social face to face interaction with friends and teachers, additionally sports. If masks are required for all students in the building, will there be consequences when students refuse to wear their mask? If one student refuses to follow guidelines and is not disciplined, a trend may continue.	6/30/2020 10:21 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

459	I want to know what a day in kindergarten is going to look like. I may hold her back a year.	6/30/2020 10:20 PM
460	My child medically can not wear a mask. What is the protocol for that?	6/30/2020 10:19 PM
461	Will the children be able to interact with each other or will they need to keep a 6 foot distance while learning and playing? What is the plan if there is an outbreak of positive cases within the school? Will my child be required to wear the mask all day long? Will you eliminate any classes to try to shorten their time spent at the school for the day? Will you eliminate extra curricular activities?	6/30/2020 10:07 PM
462	If school does not reopen and online learning continues, my biggest concern is my children's needs for social interaction with friends and sports activities.	6/30/2020 10:06 PM
463	My biggest concern is that even with safety protocols in place it will be extremely hard to make sure hundreds of kids are following it like they should. My other concern is mental health. My child does not enjoy distance learning very much and misses her friends but the reality of what school will be like now is also going to be difficult.	6/30/2020 10:04 PM
464	Minimize the nonsense—send kids back to school with more generous sick policy and requirement for student/parents to make up work	6/30/2020 10:02 PM
465	Why cant the children who want to cyber school do that and the families with NO other options be allowed in school.	6/30/2020 10:00 PM
466	There was a very large amount of cases of flu that went around the school district last year, that does not give me a good feeling of proper sanitizing was taking place, therefore I fear for this upcoming year.	6/30/2020 9:59 PM
467	Why cant the children who want to cyber school do that and the families with NO other options be allowed in school.	6/30/2020 9:59 PM
468	my son has health issues that makes a big concern for me	6/30/2020 9:58 PM
469	My biggest area of concern is the transportation - once students are in classrooms, I'm sure the teachers will be able to develop routines and procedures that will make the students comfortable and safe. But I know that enforcing those same protocols on buses will be challenging. As a parent of a child with asthma, I am concerned for her ride to and from school/daycare. We have no choice but to enroll her in daycare due to our work schedules.	6/30/2020 9:54 PM
470	We want our son to have human interaction and be a child. He and all the students deserve to and should be in school everyday as normal.	6/30/2020 9:54 PM
471	I feel that the students do need to be in school to get the interaction and to be able to socialize. However in times like these that are unpredictable it should be done with precautions and safety.	6/30/2020 9:52 PM
472	My main concern is hindering his development, these are crucial years for growth not only academically but socially.	6/30/2020 9:47 PM
473	FIRST--Do they have to wear masks all day? SECOND--how will sports, extracurriculars, and lunch be handled? THIRD--How are kids meant to interact while being 6 feet apart? FOURTH--what is the policy if a child contracts the virus or a parent/someone living in the home and has to be out for 14 days quarantine--will the policy on missed school days be loosened? FIFTH--would there be ski club for third graders, field trips, out of the classroom experiences? SIXTH--how is recess handled? SEVENTH--Can parents still volunteer? EIGHTH--is there a Bear Den and/or School Store?	6/30/2020 9:46 PM
474	How will my child get a fair education and interactions with friends he's missing social part of being a kid you guys have to come up with something for socializing	6/30/2020 9:46 PM
475	Eating situation. Distance in the classroom. Physical activities.	6/30/2020 9:45 PM
476	I don't want my child wearing a mask all day. Wear them in the halls and take them off once seated in class. Separate desks more.	6/30/2020 9:43 PM
477	When will we find out final plans?	6/30/2020 9:40 PM
478	FIRST--Do they have to wear masks all day? SECOND--how will sports, extracurriculars, and lunch be handled? THIRD--How are kids meant to interact while being 6 feet apart? FOURTH--	6/30/2020 9:40 PM

what is the policy if a child contracts the virus or a parent/someone living in the home and has to be out for 14 days quarantine--will the policy on missed school days be loosened?

479	My main concern is hindering her development, these are crucial years for growth not only academically but socially.	6/30/2020 9:40 PM
480	I don't want my child to wear a mask all day.	6/30/2020 9:38 PM
481	If it is safe to bring back sports, I heard that they may only bring back varsity - why can't they bring back middle school sports? Will the schools be cleaned properly every day and will safety regulations be enforced? Some teachers are more strict and some are more relaxed with things.	6/30/2020 9:33 PM
482	I understand you will be following the CDC guidelines, but the school cannot 100% guarantee that all of the children will follow those guidelines. My son is 8 and he will not keep a mask on for 6+ hours, it also seems highly unlikely that all of the children will maintain social distancing. I also cannot trust that other parents will keep their children at home if they are potentially exposed to this virus. I cannot risk my family because other families need to send their children to school because they cannot afford childcare during these tough times.	6/30/2020 9:31 PM
483	My concern is my children wearing masks all day. Once seated allow the student to take their masks off.	6/30/2020 9:29 PM
484	No mask should be required! It prevents proper breathing it is not good for your health	6/30/2020 9:28 PM
485	When they go back I think teachers should move classroom to classroom less sanitizing for all but I know this will be harder on teachers	6/30/2020 9:23 PM
486	We wish they could Have after -school activities. I have a concern about daily cleaning and EVERYONE following safety guidelines. some people Don't follow rules. If done safely, we would like to see the kids at school.	6/30/2020 9:21 PM
487	After school care if needing to be picked up.	6/30/2020 9:21 PM
488	CLEAR INSTRUCTIONS ON ENROLLING IN CYBER ACADEMY	6/30/2020 9:15 PM
489	I will have 1 kinder, 1 2nd grader, and 1 6th grader... working with old iPads this wasn't ideal we would need more up to date gear..	6/30/2020 9:14 PM
490	SMALLER OR ROTATING CLASS SIZES GIVING MORE OPPORTUNITIES FOR DISTANCING IS A START, I AM NOT COMFORTABLE WITH MASKED SCHOOL DAYS FOR HOURS ON END AND THE BUILD UP OF CARBON DIOXIDE BEHIND THE MASK. I CANNOT SEE HOW PHYS ED IS FEASIBLE WITH A MASK.	6/30/2020 9:12 PM
491	How are you going to be able to check temperatures daily and where are you going to put kids that maybe positive for Covid so others are exposed to them	6/30/2020 9:08 PM
492	Just need my child to be as safe as she can be	6/30/2020 9:08 PM
493	Im not comfortable with my daughter wearing a mask all day. And i feel with the new cdc guidelines it will be mentally challenging for her.	6/30/2020 9:05 PM
494	I feel with the new cdc guidelines my child will have a hard time mentally. Im not comfortable with him wearing a mask all day long.	6/30/2020 8:59 PM
495	I would not be comfortable with the children needing to wear masks to school.	6/30/2020 8:59 PM
496	Will my child fall behind because of this? Will things be missed because i dont know what to look for?	6/30/2020 8:54 PM
497	Schools are hotbeds for germ dispersal, and no amount of "regular cleaning" is going to change, that. Students of all ages deserve better than prison conditions to learn in, when we're in literally one of the most digitally connected ages, with widespread technology available to everyone. Online learning should be the standard at this point, not the exception. During a time when the first wave of a global pandemic isn't even over, and the effects of a newly discovered virus aren't even fully understood, much less treatable, we don't feel that it's safe, fair, or even responsible to put our children, their educators, and the large amount of support staff that support those individuals at risk of infection for no reason other than appearance. In terms of the actual education delivered, my wife and I are not teachers. It takes a special kind of person to be able to deliver knowledge in an effective, understanding way to a large crowd of diverse	6/30/2020 8:52 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

people, and triply so for young ones. While there is almost certainly a technological familiarity barrier on the side of the teachers for such an environment to some degree, the lessons and sessions they deliver are invaluable to their students. Creating a way for them to deliver these to the students would be a phenomenal advancement in their understanding of the content, as well as allowing us to focus on helping, rather than taking the wheel in the learning, which we're simply not as good at. Lastly, we selected the "distance education" option in section 2, as unfortunately we don't have the childcare coverage to ensure our child would be online at specific times, and so the flexibility of having them in childcare while we're at work, and doing the school work in the evening is unfortunately our best bet. Our belief is that the cyberschooling option is more in line with the education we're looking for, however it simply wont work with our child care and work schedules.

498	In regard to question #11 I am comfortable with sending my children to school with the recommended safety protocols with the exception of masks. I work in healthcare myself and am familiar with having a mask on throughout the day and I myself cannot stand keeping the mask up over my face at all times, there is no way kids can be expected to do that.	6/30/2020 8:51 PM
499	How are the kids gonna stay 6 feet apart and be able to wear a mask all day? How are they gonna eat lunch with a mask on? How about gym and recess? What about sports?	6/30/2020 8:50 PM
500	My concern is how are they gonna be able to keep a mask on for so many hours? How are they gonna keep them 6 feet apart? What about gym and recess? I'm not sure how they are gonna be able to go to lunch and sit next to each other with no mask while they eat. And my biggest concern is parents tend to send their kids to school with a fever, or if they don't feel well if the parents have to go to work and don't have anyone to watch them. In that case the will gone the Tylenol or something to make the fever go away. How is the school gonna handle that?	6/30/2020 8:43 PM
501	Need to review cleaning protocols and full procedures for students/teachers that will be implemented or being proposed before making final decisions. My kid was sick a lot at school beginning of last year and feels like things were just being passed around repeatedly. Makes me nervous for how any COVID outbreaks/positive cases will pan out. Need plan for contact tracing and notification plans if kid's test positive or someone in their household tests positive	6/30/2020 8:40 PM
502	We think our greatest concern lies in the mental/emotional well-being of our child. He struggles with wearing a mask for more than 5 minutes, and although we know this is a requirement, we can't help but be concerned that it will become a hindrance and a distraction during classes. It causes him to touch his face constantly to adjust the mask and pull it down to be able to breathe through his nose.	6/30/2020 8:36 PM
503	We think our greatest concern lies in the mental/emotional well-being of our child. She struggles with wearing a mask for more than 5 minutes, and although we know this is a requirement, we can't help but be concerned that it will become a hindrance and a distraction during classes. It causes her to touch her face constantly to adjust the mask and pull it down to be able to breathe through her nose. Trying to explain social distancing to a five year old is challenging based on where they are cognitively, and their ability to understand abstract concepts of germs and personal space is tough as they want to be near their friends to play and interact.	6/30/2020 8:36 PM
504	Of course take precautions I work right across the street at a doctor's office we also are this is not the end of the world where everybody must stay home for the next entire year that's crazy	6/30/2020 8:15 PM
505	My husband and I feel our child will do better in a school environment with learning rather through distance learning.	6/30/2020 8:14 PM
506	My children contracting the virus. Although there is a small chance of complications with younger children, we have older at risk family that it can be brought home to that we do worry about.	6/30/2020 8:10 PM
507	Watching a 2 minute video and then drawing a picture or putting some blocks in order is not enough. We can not work full time, commute and then teach enough to get these kids where they need to be. Consider limiting class size and moving the teachers around the school as opposed to the kids to reduce exposure.	6/30/2020 8:05 PM
508	Will not allow masks on my child!!	6/30/2020 8:03 PM
509	Is there a PV curriculum to follow that will keep home school students on the "same page"? That way when/if the 2021-2022 school year goes as planned the students are able to transition into the new grade with the same skills as those who were able attended school.	6/30/2020 8:02 PM

Pleasant Valley School District 2020-2021 School Year Planning Survey

510	When will this decision be made?	6/30/2020 8:00 PM
511	Will masks be required all day long?	6/30/2020 8:00 PM
512	What will be bus schedules, and seating? How will social distancing be applied in classrooms? How will the be after School activities if they are required to wear a mask?	6/30/2020 7:56 PM
513	Need advance notice as to what the plan is going to be for the upcoming school year. Decisions need to be made now so that plans can be made for families that have two working parents and multiple children and custody agreements.	6/30/2020 7:53 PM
514	1. Many people feel they don't have to wear masks so how are we to be sure this is enforced, and that "a medical excuse" isn't used to just not wear one and then others end up sick (or worse) because it was an allowed excuse. ALL need to wear a mask and needs to be enforced at all times. 2. If they go back to the buildings, how is the changing of classes going to happen and keep distances? 3. How will distances be kept when going to the lockers? 4. Who will distances be kept at lunch? 5. If distance learning is to be the option (or PV Cyber Academy), I would enroll him into a different accredited PA Cyber school while still having the ability to participate in extra-curricular activities at the school (if they happen). Having PV cyber school, the distance learning the kids did during the 4th quarter should have been better implemented, thus we are not too keen on PV cyber academy.	6/30/2020 7:47 PM
515	What is going to happen with MCT!? Especially the nursing program. Concerned about the lunchroom situations.	6/30/2020 7:47 PM
516	We are healthcare professionals and feel that with proper planning with the state getting up to speed on how to accomplish some sort of normalcy for our students, this can be achieved. When will you know what is going to happen? What support do our schools need to achieve an open school format?	6/30/2020 7:46 PM
517	Not sure I want her in pvhs, no paras/no kids!!! May put her in pa cyber. Pv doesn't seem to care about our kids.	6/30/2020 7:46 PM
518	All children keeping a safe distance. My children know how to do it but it appears, even out in public so far the summer, people don't understand the social distancing aspect of what we're going through.	6/30/2020 7:43 PM
519	Children should not be returning to school and being required to wear a mask for 7 hours of education and possibly an hour of each direction on the bus totally 9 hours of wearing a mask. It's unacceptable. Especially in light that there's no proof that children are susceptible to Corona or can transmit it to adults.	6/30/2020 7:41 PM
520	I already gave my concerns in my other survey.	6/30/2020 7:33 PM
521	Children should not be required to wear masks. They will spend more time touching their face and readjusting masks.	6/30/2020 7:33 PM
522	I gave my concerns in my other survey for my 2nd grader.	6/30/2020 7:31 PM
523	We are not comfortable until the effective vaccine is available for corona.	6/30/2020 7:29 PM
524	no	6/30/2020 7:29 PM
525	Having these kids wear a mask all day it's hard enough as an adult wearing one for 8 hours I cant imagine the kids doing it.	6/30/2020 7:28 PM
526	How would lunch work? Will the students still have after school activities? Will students be able to participate in fall sports? Would a student still need to wear a mask during PE class?	6/30/2020 7:27 PM
527	A child that wears a mask would consistently be touching his face, pulling the mask down, be distracted in class and uncomfortable. As an adult I completely understand why I need to wear a mask. Even if the child did understand the reasons... they would still be touching, etc.	6/30/2020 7:27 PM

536	Would like my child to have a chrome book for use if it's going to be distance learning again	6/30/2020 7:18 PM
537	If school reopens with masks, standardized dress should not be required	6/30/2020 7:17 PM
538	Children should not have to abide by a standardized dress code if returning to school with masks to help them feel more comfortable and at ease	6/30/2020 7:16 PM
539	It seems unrealistic for students to go to middle or high school if the CDC says there can not be rotating classrooms. It will also be very difficult for students of any age to sit for an entire school day with a mask on their face.	6/30/2020 7:14 PM
540	If schools reopen and masks are required standardized dress code should be lifted to help students feel more comfortable. Masks cause anxiety	6/30/2020 7:13 PM
541	If hybrid is used will siblings be home on the same days as one another	6/30/2020 7:13 PM
542	I don't believe the kids should be wearing masks. Children that don't feel good should stay home.	6/30/2020 7:12 PM
543	If schools reopen with restrictions, wearing masks is very uncomfortable and anxiety provoking, this, standardized dress code standards should be lifted.	6/30/2020 7:11 PM
544	I'm not sure an effective plan will be able to be out in place. I plan to enroll my child online elsewhere.	6/30/2020 7:09 PM
545	I think children should attend schools without a mask.	6/30/2020 7:06 PM
546	Let parents help by sending in cleaning supplies: disinfectant wipes, paper towels, tissues, hand sanitizer. Let parents help with this.	6/30/2020 7:03 PM
547	Our children need social interaction but it needs to be done safely. I'd like to see the schools do a split schedule like they did when elementary and intermediate had mild issues. Less kids in the school and easier to maintain distance	6/30/2020 7:00 PM
548	Continuously, parents send their children to school sick now. Should we go back I'm worried children/parents will still be attending school with minor symptoms and infecting hundreds.	6/30/2020 6:57 PM
549	If HS students can drive themselves - Will there be enough parking available? And will they be able to transport a younger sibling at the MS? Will the middle school child be allowed to walk over from the HS campus and allowed to enter building early?	6/30/2020 6:53 PM
550	No	6/30/2020 6:53 PM
551	These kids are being robbed of their education. My child will not wear a mask all day at school	6/30/2020 6:51 PM

553	If the educators are presented with the proper protection equipment to wear during instruction then it may not be necessary to require every child wear a mask if they are properly socially distanced. We as parents understand... as we both work in the educational environment ..how children will need to adhere to the rules and some children, especially elementary, may not be able to follow or adhere to the rules We feel intermediate / middle school and high school students have greater capabilities to follow the rules and have greater needs for social interaction as well as student/teacher interaction.	6/30/2020 6:49 PM

children one going into 3rd grade and 1 going into 2nd grade how would the split schedule work with siblings being they are in the same school would they be on the same schedule at the same time.

556	How are you going to keep all kids in one classroom 6 feet apart each other? Are you going to have proper hand sanitizing stations set up throughout school. Touchless toilets, sinks, and soap dispensers. Are you going to wipe down high touch surfaces every 2 hours.	6/30/2020 6:44 PM
557	Go back to normal!	6/30/2020 6:41 PM
558	No masks, as much school as possible and bus transportation. The kids need interaction	6/30/2020 6:39 PM
559	Wearing masks and having to stay away from their peers, is a miserable way for children to get their education. I will keep my son in cyber school if that is the case. At least then he is free, and doesn't have to deal with the pressure, anxiety, and fear that is produced by these "guild lines".	6/30/2020 6:36 PM

563	social distancing, masks being worn all day will make it very hard for kids to breath	6/30/2020 6:30 PM
564	Maintaining 6 feet distance at all times. Maintaining proper disinfecting throughout day Maintaining daily temperature checks Maintaining keeping masks on at all times	6/30/2020 6:29 PM
565	Effectiveness in implementing the CDC directives: what would be the consequences when certain students do not follow the guidelines?	6/30/2020 6:27 PM
566	Afraid of kids being bullied wearing masks. Bullying is a very big issue. Afraid some families will send kids to school sick. There is no guarantee my child will be protected from virus.	6/30/2020 6:26 PM
567	We believe every effort should be made to have children learning in school. That being said, the idea of expecting young children to focus with masks on their faces all day is asking a lot. Children need peer interaction and collaboration. These things are difficult from 6 feet away and this will be difficult to enforce. Our children need recess, activities, and normalcy within their schools. Please make every effort to provide them with that.	6/30/2020 6:25 PM
568	Online learning for AP/Honors students is below par. If distance learning is the way we are going to go, these classes need to be approached differently.	6/30/2020 6:24 PM
569	I will send my children only if face masks aren't a requirement.	6/30/2020 6:23 PM
570	I will only send my kid back if its the closest thing to normal and not a jail like atmosphere	6/30/2020 6:21 PM
571	I will send my children to school but only if face masks are not a requirement.	6/30/2020 6:19 PM
572	I am alignedwith the 6ft apart. However, I can not expect my child to wear a mask all day long. How about assign kids to specific classrooms and make teachers travel. That way you can put in extra safety instructions for the kids to not have to wear masks.	6/30/2020 6:19 PM
573	I do not foresee any way to keep my family safe is students are to return to school. Not only do I fear for my children, but a much greater concern is the ability of the schools to further spread covid throughout the community. The state experienced success in "flattening the curve" when the schools were closed. Start planning to purchase, distribute, and support devices for distance learning NOW. Schools closing for a portion of the fall is almost an inevitability at this point.	6/30/2020 6:18 PM
574	The wearing of masks in school for such a long period of time and making sure the kids social distance from each other	6/30/2020 6:16 PM
575	How to implement social distance in the cafeteria? The use of water fountains in the hallways? The use of restrooms.	6/30/2020 6:15 PM
576	I would send my children back as long as masks aren't required.	6/30/2020 6:15 PM
577	Will children be able to take more breaks so they can have a break from wearing masks ?	6/30/2020 6:14 PM

579	Depending on what is decided how will it effect our taxes? Sports? Will something be provided for their sport even if they are not able to compete or participate. I know some sports did zoom workouts either with their coach or with the trainers but not all sports did this and not sure why? Will class options be the same based off the schedule they just received?	6/30/2020 6:11 PM
580	The middle school can get very hot inside. I cannot see the children having to wear masks all day long. Besides the masks being hot and uncomfortable to wear, I don't feel that breathing your own air back in all day is a good idea. They need to be able to breathe fresh oxygen. And children with anxiety may have issues with anxiety attacks and/or panic attacks. Not wearing a mask is not a good choice either. So, I am for keeping the kids going on distance learning until a vaccine is developed and given to everyone.	6/30/2020 6:08 PM
581	My child gets the bus to and from school at a daycare, will transportation still be available.	6/30/2020 6:07 PM
582	I'm very concerned about my daughter wearing a mask for several hours. Also, I highly doubt that children will follow the safety protocols from the CDC. They'll take their masks off, they won't practice the 6ft apart distance, etc. I much rather the distance learning again. Distance learning worked well for us.	6/30/2020 6:05 PM
583	Upon returning to work at the end of July I will be working three days out of the week. On these days I am able to provide transportation one way however coming home from school my child usually took the bus. It will be difficult for me to pick him up on one or two days of the school week.	6/30/2020 5:57 PM
584	As we have seen over the last few months, the ones we trust most to guide us have changed course too many times for me to trust that the school can follow such guidelines and keep my children safe. There is no clear consensus on how to handle this virus as everything changes daily. How are we supposed to trust anyone but ourselves at this point. Does the school feel that confident that these measures will keep everyone and their vulnerable family members safe?? I have 3 children that attend your district. 8th, 10th and 12th grade. That's 3 chances that we become more at risk. I also have a disabled child. Would that be safe? How can you guarantee our complete safety.	6/30/2020 5:56 PM
585	All the data out there from the WHO, CDC & journals of medicine support that kids should go back to school as normal. They don't get sick from the virus & have a very small chance of spreading it. Where is the common sense in all this?	6/30/2020 5:56 PM
586	will fall sports still be in effect?	6/30/2020 5:54 PM
587	You have thousands of students attempting to enter a public facility who are not properly trained in infection control measures. We should not expect them to uphold pandemic safety measures on top of their regular education. I'm appalled that this is even a consideration by leadership and ignorant parents who can't be bothered to adjust without whining.	6/30/2020 5:52 PM
588	It is not safe or healthy for kids to wear masks all day. What would be done if a child cannot wear a mask due to asthma or panic attacks?	6/30/2020 5:51 PM
589	Kids are not going to wear mask for 8 hrs a day especially the little ones.	6/30/2020 5:50 PM
590	N/A	6/30/2020 5:49 PM
591	My concern is that with many of the cdc recommendations in place that being in school will feel like a prison. It's not healthy for kids mentally to have all these restrictions and lack of social interaction.	6/30/2020 5:46 PM
592	I think schools should be opened without social distancing, without face masks. Daycares are open without incident, no social distancing and no face masks. Masks are not good for children to be wearing all day. This should be at the parents discretion. Mask the teachers if you/they are concerned. You cannot expect children to wear face masks all day. This is extremely dangerous for children.	6/30/2020 5:45 PM
593	I feel it will be unsafe and dangerous for the students. Confusion with mixed instruction method.	6/30/2020 5:42 PM
594	Will they wear a mask the entire day and what about students with asthma	6/30/2020 5:42 PM
595	Afraid it will be unsafe for everyone but I believe a mixed method of instruction (online and in person) would be too confusing for students	6/30/2020 5:40 PM

596	Although I want My child PHYSICALLY in school as I believe the social interaction with other students as well as teacher let instruction is paramount to education, we are NOT comfortable with my child being required to wear a mask all day- and especially in the warmer months as well as during phys Ed and other physical activities. We had to purchase a kindle for our daughter because we don't own a computer. It was very difficult for her to complete some assignments. We are wondering if there will be school tax reimbursements moving forward for these Additional expenses accrued last spring and in the future???	6/30/2020 5:36 PM
597	I was let go from my job in March due to the COVID-19. I've been unemployed ever since so as of right now having my daughter enrolled in a cyber school with a live teacher would not be an issue. Yet once I start work again, it would be an issues. I just have concerns of her wearing a mask since lots of people have trouble breathing in them, myself included. Which days would they do 2 days at the school and 2 days online and what would be the hours they will be at the school?	6/30/2020 5:35 PM
598	If my children are required to wear masks all day, they will not be attending school. I will find another alternative. Distance learning was not affective for my children. They got all their work done in far under an hour a day.	6/30/2020 5:35 PM
599	Will the school be sanitized daily?	6/30/2020 5:35 PM
600	Concerned about my daughter's health. She's asthmatic so high risk. Concerned about her falling behind on education with remote learning. I didn't feel the work issued was the same level as what she'd get in school.	6/30/2020 5:35 PM
601	What is going to be done for children that come to school showing symptoms and are symptoms going to be checked in school (temperature, etc.).	6/30/2020 5:34 PM
602	If there was an option to work half day at school & half day at home that would be better. How would they be able to function in gym with a mask on?	6/30/2020 5:33 PM
603	As a parent I am extremely uncomfortable with sending any of my children to school building w pandemic still unknown	6/30/2020 5:31 PM
604	Home learning is fine as long as there is more interaction from the teachers and the students. My children had to wing it for the spring term on 2020. And they had falling grades because of it. If there is an online schooling then more should fall on the teachers then the parents.	6/30/2020 5:31 PM
605	Not sure if my daughter would be comfortable to wear a mask all day long , i have a hard enough time making her wear it in the store	6/30/2020 5:31 PM
606	I prefer distance learning online for the safety of the children. My son is high risk for complications from the virus. It would be hard for any child to wear a mask all day. Social distancing would not work in the classroom	6/30/2020 5:30 PM
607	No	6/30/2020 5:30 PM
608	Safety precautions will hinder their abitlity to focus	6/30/2020 5:28 PM
609	I just think that these kids need social interaction and we need to put a decent plan in place where these kids can go back to some kind of normalcy, ie. Friday night football games, sporting events and extracurricular activities. We also as parents need to be told or kept up to date on things these kids as juniors and seniors need to keep them on the path to completing their requirements to graduate. They've come this far and it seems we are always the last of the 4 district schools to know or have any kind of plan in place. I feel like the school needs to keep upperclassmen more informed with information. These kids have worked so hard and continue to work hard that we need for some of the administrators to take us serious and treat us like equals when we have concerns regarding the future of our juniors and seniors as well as the freshman and sophomores. This tell the parents nothing is nonsense and needs to stop! The school board and our new superintendent should hear our concerns	6/30/2020 5:27 PM
610	Would love for them to do cyber but with open hrs so I can Do it after work with the kids	6/30/2020 5:26 PM
611	My concern is trying to make going back to school as normal as it possibly could be for the kids.	6/30/2020 5:25 PM
612	Decision as soon as possible so working parents aren't frantically trying to get help at the last minute	6/30/2020 5:24 PM

623	I work in health care and my only concern is how are you going to stop people from allowing their child to come to school sick because they have no choice and have to work when it was never prevented before?	6/30/2020 5:15 PM
624	Kids need to have the social interaction with each other throughout the day. Also kids need the teachers to teach face to face	6/30/2020 5:15 PM
625	NO MASKS, THEY'RE A JOKE!!!	6/30/2020 5:14 PM
626	if we can't prevent the spread of the flu and stomach viruses between students how are we supposed to stop the spread of covid. These kids don't understand how serious this is they just want to be with their friends. This is a hard survey to take especially of you have multiple children it only allows you to enter one grade level and what about us parents with life skills students? They ball was really dropped on these poor special needs kids its a disgrace	6/30/2020 5:13 PM

629	Will the cafeteria be able to accommodate this situation safely.	6/30/2020 5:11 PM
630	The children would not benefit from wearing masks. Wearing a mask does more harm than good for your body. Practice proper handwashing and if you are sick stay home.	6/30/2020 5:11 PM
631	Having school divided days will be a nightmare for families who's parents both work or for the single parents who work	6/30/2020 5:09 PM
632	I would prefer distance learning online. My son is high risk for virus complications, along with other household members. I don't feel comfortable at all sending him back to school. It would be hard for the kids to wear masks all day and social distancing would not be realistic.	6/30/2020 5:09 PM
633	I would personally rather keep my children home. But I have the opportunity to do that because I already work from home. However, I have serious concerns for those children that are in abusive situations or do not have loving parents and only feel safe and accepted at school. And those children that go hungry at home. Or those that will be left home alone so the parents can work. So I realize keeping children home is not the best option for everyone.	6/30/2020 5:07 PM

640	What does Gym class look like? Could we opt for distance learning for one semester and see how things go and Then potentially reenroll back to brick and mortar for the second semester?	6/30/2020 5:01 PM
641	I will not be sending my child if he has to wear a mask for hours upon hours a day. I will sign him up with an actual cyber school where he gets learning material sent home and has video classes daily.	6/30/2020 5:01 PM
642	My kids will be doing cyber until school goes back to normal. At least somewhat normal.	6/30/2020 5:01 PM
643	My comments are geared more towards if things stay the way they currently are. If things appear to be improving and it seems like this virus is being contained, I might be more comfortable sending my child back to school in the fall.	6/30/2020 5:00 PM

655	My personal feelings are that we need to resume as close to normal school day. I have a daughter who is an only child, and I believe this has been very taxing on her socially and emotionally, she enjoys school and being around her peers	6/30/2020 4:51 PM

672	No way do I was my child wearing a mask all day!!! Its unhealthy. I don't want him social distancing either from people.	6/30/2020 4:34 PM
673	The main concern is safety and hygiene; considering my child will be in kindergarten those two things are not easily enforceable for their age group.	6/30/2020 4:34 PM
674	we are not ready to reopen. children crave social interaction and by opening schools but demanding they stay apart is unrealistic. please do not open the schools.	6/30/2020 4:33 PM
675	Allow some parents to do online if they choose, but our kids need to be in school. If some parents want their kids to home-school, that only reduces the amount of kids in the classroom and helps with social distancing.	6/30/2020 4:32 PM
676	I do not believe that wearing a mask for a full day is good for children's health overall but I do understand the necessity.	6/30/2020 4:30 PM

678	With the recent elimination of support staff, more specifically paraprofessionals, I am concerned that upon the reopening of schools our students, both regular ed and special ed, will not be receiving the support they should be or the education they deserve.	6/30/2020 4:24 PM
679	Will not send with mask requirements then will need to find out what alternative I have available till there is no mask required..son has iep	6/30/2020 4:23 PM
680	My concerns: This is my daughter's first year, I want her to enjoy it and I'm worried the "stress" of constantly being told as a 5 year old to keep a mask on, and stay away from friends will have a negative effect. Questions:. Will safety measures be reevaluated throughout the year to see if masks and such are still necessary and if a parent chooses to do a distant learning program, is there a point in the year that a child can start back to school (i.e. if regulations ease up and masks are no longer required, can a child start attending class). It might be beneficial to parents who are in the fence, to give them a marking period or such, to see if home schooling will truly work for them. It's hard as a parent to make a decision now that will be set in stone for the whole year, especially if we continue to improve with the virus.	6/30/2020 4:17 PM

685	Will school be sanitized daily? Will students have access to hand washing and sanitizer?	6/30/2020 4:05 PM
686	My child has a very low immune system and gets illnesses easily and numerous times during the school year. Kids are not aware as to how their actions to handling germs affect others and how important it is to control or limit to the way they normally act. The children won't be able to be watched individually to make sure that they keep their masks on, keep their hands to themselves, cover their mouths when coughing or sneezing and then immediately washing hands or hand sanitizing, etc...it's practically impossible. Since my child has been home since the beginning of remote learning has been able to stay healthy the entire time and I'm wanting to do anything and everything and all precautions needed to make sure I keep my child healthy. That is my main priority. The children are going to want to socialize, have fun, play and give	6/30/2020 4:05 PM

hugs to their classmates and friends that they haven't seen, no field trips, no recess and with them not being able to do that it might upset them and possibly act out and no one wants their child to go through that to make the school year harder on them. How soon will we know PVSD plan of action, so that we can plan and prepare our child/children for what is going to happen? How can the parents be reassured that our child/children will be safe in their school environment? Due to all of the restrictions that will need to be in place, will this be an effective way of learning?

687	I called Ruth Ann requesting cyber in a box. If you should decide to go back to the school opening then I support you as I know Mrs Fields and Dr.Lesisko will treat all children as if they were his own and do the best for them.	6/30/2020 4:04 PM
688	My daughter does NOT do online learning- we tried EVERYTHING- she just will NOT DO IT!! Not being in school learning & interacting is detrimental to her continuing learning!!	6/30/2020 4:03 PM
689	Will school be providing masks, hand sanitizer, wipes, ect to students to use?	6/30/2020 4:03 PM
690	I'm concerned of the lack of interaction the kids will not have if they don't open up. This was an extremely stressfull time for us mainly because of that, I'm concerned for depression in the children and others who do not have a good home life. I am concerned of my home/work balance if they don't go back to school. I also have a small child at home and it can be very distracting for the older two. We also have another child coming into the district this year from NY and she's really looking forward to experiencing school in PA since it seems so different from NY. Thank you for asking the parents how we feel.	6/30/2020 4:02 PM
691	Will school be providing masks, hand sanitizer, wipes, ect to students to use?	6/30/2020 4:01 PM
692	Perhaps you should make this survey about more than 1 child. Also question 2 does not give the option to enroll in a different Cyber School and is a Required question. So you are not going to get an accurate idea because I had to lie and put PV cyber when my children are currently being enrolled in another school.	6/30/2020 4:01 PM
693	I would recommend the use of face shields rather than masks as long term use of masks has been proven to have proven long-term adverse effects. Also, facial expression is an imperative part of learning. Facial expressions speak volumes and are very telling of the expectations of teachers as well as the understanding of students. The district needs to put in place reasonable health guidelines that do not impede on the educational abilities of our students or teachers. Rather than two days in school and two days online, half days in school and half days of online "homework" may be most beneficial all around. This may likely keep students grounded and on more effective routines. It can also benefit those who need face to face instruction in order to understand expectations. All online work could be expected to be completed by the return of school the next day and it would supplement what was taught in class. I would not want my child with 2 days in school and 2 days of online class. I do not find that solution adequate.	6/30/2020 3:57 PM
694	I feel that the kids should be able to be in a school setting for learning because a lot of parents do work and their children are not of age to stay home by them selves. I also strongly feel that to get the proper education that kids need to be in a class room setting. I also feel that it is important more so for kids getting ready to go onto the next school such as going from PVE to PVI or moving up to middle school and so on this will have a big affect on how they deal with moving forward.	6/30/2020 3:57 PM
695	My concerns are my son not being able to go back to school face to face and struggling with distance learning like he did in the spring and failing.	6/30/2020 3:56 PM
696	Continuing to pay taxes for work we are doing ourselves in addition to teaching our own children	6/30/2020 3:55 PM
697	I don't trust the school or students to be capable of following such measures effectively. I would prefer my children continue distance learning.	6/30/2020 3:55 PM

706	These children are being robbed of their education!!! They need to be back in school full time. I will not make my child wear a mask to school. That isn't safe for my children	6/30/2020 3:49 PM
707	If my son has to wear a mask for the entire day from the bus though the school day I wouldn't be comfortable with him going back and if he cannot interact with his friends through recess, gym or lunch I'd rather him be home for distance learning.	6/30/2020 3:49 PM

712	Early notification is the key so we can adjust our work schedule accordingly.	6/30/2020 3:45 PM
713	Same comments as for my 3rd grader. My issue is not that I am concerned for my child being in school, or my family for that matter. It is that I believe prolonged use of masks is unhealthy and that the wearing of masks does not significantly reduce the spread. And if their sharing the COVID, then they can also share the antibodies. I am all for opening of schools as normal, social distancing is near impossible, though strict guidance on taking temperature and sick kids staying home as well as regular use of sanitizer should be put in place. If you don't accept this response as provided, then I ask that you look into the opposing views to wearing masks, which are not provided with the guidance that all must use masks. For those that work, and those that will be working, the option of not opening school as normal is disastrous to the family that can not support home schooling, especially those in earlier grades where the child requires supervision. And as someone that actually goes to work, daycare is not an option, as they are not there to also support distance learning. And if I have to pay them to watch my children during the school year, why am i paying so much in school taxes. Regarding distance learning... this child was in 2nd grade. I believe distance learning at this age is detrimental and that the teachers will have difficulty ensuring that their grading their student... or the students parent. I'd be happy to show up to a meeting physically, social distanced, without masks, at an open forum to discuss this further. Also, regarding the education my child got, I was disappointed. It seemed that there was more focus on "How did that video/book make you feel?" than "What is 1+1" or "What is the capitol of ___"	6/30/2020 3:45 PM
714	My only concern would be if my child had to wear a mask the entire day. Plus it would be hard for the younger kids to try and do the social distancing at school.	6/30/2020 3:45 PM
715	I am only concerned about sending my child back to school if he has to wear a mask for 7 hours a day. Are they going to be allowed to have recess, gym and eat at the cafeteria with their friends? If the mask has to be worn all day and he can't have recess, gym or cafe for lunch I'd rather have him do the online distance learning. I wouldn't feel comfortable sending him back.	6/30/2020 3:44 PM
716	no questions or concerns but in question #1 you should of left the parent click on the grade that there children attend I have 1 child in middle school and 1 child in the high school this way uses could see which school the children attend.	6/30/2020 3:44 PM
717	An increase in school taxes is a concern. Why should we be paying more taxes for less education? Parents don't get monetarily compensated with the added guidance and supervision that accompanies distance learning. Everyone knows school taxes are going to go up and not down. It's plain wrong.	6/30/2020 3:44 PM

726	This is same as comment regarding my 2nd grader. My issue is not that I am concerned for my child being in school, or my family for that matter. 727	If necessary reopen after Labor Day; follow strict safety regulations throughout school year.	6/30/2020 3:36 PM
728	This is such an incredibly challenging time for you all, and I would not want to be in your position. I do wonder if we are overthinking the challenge with buses. If it is uncommon for children to transmit the virus, why not just put them all on a sanitized bus and have them sanitize their hands as they get off the bus? I do think the teachers should be social distancing. I think that masks will be a huge distraction and kids will not focus. Personally, I do not want my child wearing a mask to school. He's in daycare daily, and they are socializing, and they have no masks.	6/30/2020 3:35 PM
729	My concern would be if the children had scheduled zoom meetings- it would Possibly be hard to Accommodate a set schedule because I have five children in school, and the computer needs to be used by all of them. Hard to guarantee a specific time they'd be available. For the most part, Spring 2020 went really well with distance learning, and i was thankful the teachers didn't implement constant Zoom meetings, but were there in case we needed them.	6/30/2020 3:34 PM
730	Would there be times that my child could take her mask off? If my child is having a hard time wearing the mask throughout the day, will she be able to take it off for a bit?	6/30/2020 3:34 PM
731	I am concerned about fourth graders following CDC guidelines and state guidelines about social distancing, washing hands frequently, avoid touching face ,wearing masks all the time etc...so until a vaccine is developed i am very concerned about sending my child to school.	6/30/2020 3:32 PM
732	I'm concerned with long term, daily wearing of masks and how that affects my children (and teachers, too!) and their ability to breathe easily. Also, I am concerned about the children whose parents send them to school while they are sick for whatever reason, and the ability to keep the healthy children away from exposure. I'm aware exposure can happen and probably will, but I'm talking about the purposeful sending to school of children who are sick.	6/30/2020 3:30 PM

735	I do not want my kids in masks.	6/30/2020 3:28 PM
736	If it is decided that school will open with in person instruction, I hope that it would be a hybrid schedule incorporating some distance learning to limit exposure for the students.	6/30/2020 3:28 PM
737	If necessary have school open after Labor Day, reopen with strong safety regulations that should be followed throughout the school year (not become lenient midway).	6/30/2020 3:27 PM
738	Teachers should have daily zoom presentations, or prerecorded presentations of the curriculum that is being presented. This will help as a visual model for the children to follow and reference back. No teachers (in the four children I have in the district) offered this. Teachers should have the time to prerecord their instructional. They are not at the school.	6/30/2020 3:27 PM
739	I am more concerned about the damage to their education and psyche if you don't. If you are going to have some hybrid or fully online option you're going to need to provide some option for working parents to go to school anyway. I can make arrangements for pick ups but not for other people to manage my kids 3 days a week plus help with their homework and lessons.	6/30/2020 3:27 PM

744	I have 2 children in the district, a 9th grader and a 3rd grader. I am supportive of splitting their learning between in person instruction and online learning. It will be important for my household for my daughters to be scheduled on the same days, as my older daughter will be responsible for my younger one while my husband and I are working outside of the home.	6/30/2020 3:22 PM

752	I know my child will not want to wear a mask to go to school, if that is the case they will not be returning to school. It's hard enough for them to pay attention and learn now throw a mask into it, it'll be More of a distraction than anything. I would rather just do online learning with them.	6/30/2020 3:18 PM
753	My child needs to have in-person instruction. He needs extra help in certain subjects and online just doesn't work for him. Online might be an option if it was 1-2 days a week. With that being said, I am not ok with my child wearing a mask at school. 1. It will be a distraction 2. I am concerned about his safety wearing a mask all day, not just physically but mentally as well. I am ok with my child's temperature being checked, more frequent hand washing and having him clean his own workspace if necessary. At this time, my husband and I both work outside of the home 4-5 days out of the week which makes cyber school a problem. We rely on the school bus to get our child to and from school because of our jobs.	6/30/2020 3:17 PM

768	My main concern would be the time frame the schoolwork would be due during the day or if it could be flexible as it was in the spring. I have five children school-age, and it takes awhile to get everything handed in. Also, being able to work around doctor or medical appointments as well. But Spring 2020 went very well, and the teachers my children had were great!	6/30/2020 3:11 PM
769	Schools should be reopened to those who want to send their children, but wearing a mask for 7 and 1/2 hours a day is OUT of the question for my son. He can not stand to have one on for an hour and they are not good for the individual to have on for long periods of time. It has been known to cause pleurisy. I want my child back in school but not with a mask. If he continues with on line learning, I want a math class equivalent to his IEP without it interfering with his credits and ability to graduate in 2022!	6/30/2020 3:11 PM
770	No one has any definitive answers so I would send my child to school, the cdc changes there mind daily on new protocols. It is ridiculous, if parents want there kid to stay home they should gome school them.	6/30/2020 3:10 PM
771	How about MCTI protocols.	6/30/2020 3:10 PM
772	How will electives such as shops and technology be addressed?	6/30/2020 3:09 PM
773	The environment of masks, dividers, low numbers of students, no socialization I fear will be traumatizing for students at all age levels. This will create a mental health issue far greater than just being home.	6/30/2020 3:08 PM
774	After school extracurricular activities to extend the day or transportation home in the afternoon would cut my work hours.	6/30/2020 3:08 PM
775	Making sure all students are properly sent home if they are sick so as not to spread any additional germs.	6/30/2020 3:08 PM
776	Highly recommended that the children stay home. Also continued free lunches for children who are in need. Checking in on students who may be struggling.	6/30/2020 3:07 PM
777	I am hoping we will be notified in a timely manner as to what is going on so we can plan accordingly.	6/30/2020 3:07 PM
778	My husband and I have a few concerns. Being parents of an IEP student, we feel that our daughter is going to have some "troubles" with the transition to a new grade. She was fine in the spring because she had built a "relationship" with her teachers face to face. Therefore it was much easier for her to complete the Online learning as well as she did. We are worried about her not meeting her teacher face to face but just being thrown someone she has never	6/30/2020 3:06 PM

met. As for our youngest daughter, she is above average and needs the guidance to stay on track and not get lazy. We feel her workload in the spring was rather light as compared to what she was doing IN school. She is one of the students that need the constant work because if not she will slack off and ultimately fall behind. My children will not be going to school wearing a mask. They have asthma and cannot breathe with one on.

779	Kindergarten is an important year for kids, learning how to interact with teachers and peers. It is not reasonable to expect kindergartners to wear masks or be socially distant within classrooms. School needs to create a love of learning for kids and provide a safe environment. Social and emotional development is just as important as academic.	6/30/2020 3:05 PM
780	What are the day cares supposed to do with all the children if they do distant learning or on 2 days and off 2 days. We do not have enough space for this. And asking parents to change centers that can accommodate more students is not fair the the parents or centers. I understand this is stressful for everyone, we just need to be included in the decisions because it is hard for us too. Thank you!	6/30/2020 3:05 PM
781	Our family prefers to be cautious.	6/30/2020 3:04 PM
782	With little known about COVID-19 how can schools be sure families are following cdc guidelines at their homes and are not asymptomatic?	6/30/2020 3:04 PM
783	Can the students be giving the work for the whole week instead of day to day?	6/30/2020 3:04 PM
784	I am very concerned about childcare for my student due to his mental health special needs and we need a routine. Flexible schedules, lots of rotation and change will be tremendously difficult for my teen. He will need a set schedule either home or in school. The idea of a rotating schedule will completely confuse him.	6/30/2020 3:04 PM
785	I am extremely concerned about how I can continuing working if there is online schooling. This is impossible as my husband and myself are essential workers and cannot resign from our jobs. I am concerned about buses not picking my son up for school at day care and returning him to daycare so we can continue to work. Is anyone meeting with the area daycares and making a contingency plan with them to help support the district?	6/30/2020 3:04 PM
786	None at this time. I am sure the district will make the right decision	6/30/2020 3:04 PM
787	I also have one child going into kindergarten and one going into 9th. My 2 little ones I know will not wear a mask all day in school but I think if all the school staff and bus drivers wear a mask it will be ok.	6/30/2020 3:04 PM
788	Had trouble downloading videos and assignments as we were using an amazon fire and google does not work on it. Had to switch back and forth from the tablet and laptop.	6/30/2020 3:04 PM
789	We have children in two different buildings, can they attend school on the same days? (if there is a split schedule)	6/30/2020 3:04 PM
790	My children will NOT be wearing masks to school. I will keep them home and they can learn here.	6/30/2020 3:04 PM
791	I do not want my child to wear a mask. I do not want her isolated from peers.	6/30/2020 3:03 PM
792	I'm not sure I'm comfortable with my children wearing masks all day. Maybe when they are just on the carpet sitting close to each other and walking in the halls. It's not good to breathe in your own carbon monoxide for that long. And I don't like the idea of kids eating in the classroom. Many times this is the teachers only peace. If the kids are in there, it won't happen.	6/30/2020 3:02 PM
793	Our family prefers to be cautious. We are especially concerned about the flu and other seasonal illnesses that may mimic COVID-19 and cause stress to families.	6/30/2020 3:02 PM
794	Na	6/30/2020 3:02 PM
795	I would love to send my 5 children to school with APPROPRIATE precautions in place, such as: temperature checks, increased hand washing/sanitizers, limiting interactions between classes (creating 'bubbles' for safe social interaction), enforcing the rules of not returning to school until it has been 48hrs + fever free. I will not be sending my kids to school should Masks be required, if they are to follow social distancing within their classroom or if there is no recess or gym time. I feel that would be damaging to my children socially and developmental and I will enroll them with a charter/cyber school instead.	6/30/2020 3:02 PM

807	What kind of accommodations would be made for kids who struggle with reading and have an IEP and need Hands-On learning. As a parent who pays taxes and is not a teacher I am very upset with the fact that my son is going to be really far behind when he goes back to school. I am not a teacher, I can not help my child learn to read. He needs to get bacm in a classroom. He needs extra help and was not receiving that with distance learning.	6/30/2020 2:55 PM

812	My son has an IEP and it concerns me he is not getting the required attention to understand the materials as he would if he were face to face with his teachers	6/30/2020 2:48 PM
813	While they are ok wearing a mask, wearing it for the full duration of a school day may be more difficult.	6/30/2020 2:48 PM
814	The kids are suffering due to lack of social interactions. If they have to wear a mask on the bus and waking through the halls then so be it. But they need to see other kids as part of their development. They shouldn't have to sit at home with a frustrated parent, me, trying to teach them. My child(ren) deserve to learn properly from Trained professionals.	6/30/2020 2:48 PM
815	My children will not be wearing a mask if school returns in the fall. I am fine with them attending and not wearing a mask	6/30/2020 2:48 PM
816	If people dont want to send their kids they wont!!! Soooo many parents want school to resume normally. All of this is so unnecessary. During my time in PV we had swine flu, meningitis, flu, lice come through the schools constantly. Did anything change !?!?!? NO.	6/30/2020 2:48 PM
817	I think, to be safe, we should have distance learning For the first marking period. If coaches and Paras are not working if we go back to red they should not be paid.	6/30/2020 2:48 PM
818	If masks were implemented, would they have to wear them during gym class, masks are hard enough to breathe in, add in physical activity such as gym or playground, it makes things worse, especially children with medical issues such as asthma.	6/30/2020 2:48 PM
819	If you are not doing distance learning, we plan to withdraw our child and enroll her in a cyber charter school. We prefer a PVI education, but not at the risk of health.	6/30/2020 2:48 PM
